2017 Program Descriptions

Program	Program Description	Type of Funding	Resources Available
	New York State Council on the Arts (Arts)		
Arts Grant Program (Arts ACIP, WIP, WRP)	Funds are available for arts and culture initiatives to eligible non-profit and local units of government. This Local Assistance support is provided under Article 3 of NYS Arts and Cultural Affairs Law for the presentation, staffing and training of the performing, literary and visual arts that encourage broader participation and public interest in the cultural heritage of NY State and promotes tourism and economic development. Funding Programs: Arts and Cultural Impact Programming (ACIP); Workforce Investment (WIP); Workforce Readiness (WRP)	Grant	Up to $5 million
Arts & Cultural Facilities Improvement Program (ACFIP)	The NYSCA/ESD Arts & Cultural Facilities Improvement Program was established to strengthen tourism; promote business development, and improve the quality, efficiency and accessibility of New York State arts and cultural organizations through targeted investments. Funding is available for, but not limited to, renovations and/or expansions of space(s) that are open to the public; modifications to provide for sustainable, energy efficient spaces that would result in overall cost savings; accessibility renovations; as well as technology and other equipment that would benefit the public.	Grant	Up to $20 million
	Department of Agriculture & Markets (Ag & Mkts)		
New York State Grown & Certified Agricultural Producers' Grant Program (Ag & Mkts GCAP)	The New York State Grown & Certified Agricultural Producers' Grant Program will assist agricultural producers in the state in meeting food safety standards required to participate in the New York State Grown & Certified program. New York State Grown & Certified is the first statewide, multi-faceted food certification program designed to strengthen consumer confidence in New York products, address food product labeling, and assist New York farmers so they can take advantage of the growing market demand for foods locally grown and produced to a higher standard. The program will make regional awards of up to $500,000 per region to a single entity that will serve as a program administrator. Eligible program administrators include municipalities, regional and local development corporations, not-for-profits, public benefit corporations and industrial development agencies. The awarded program administrators will make the grant funding available to eligible New York State agricultural producers in their region. Agricultural producers receiving funding will be required to participate in the New York State Grown & Certified Program.	Grant	Up to $5 million
	NYS Canal Corporation (Canals)		
Canalway Matching Grant Program (Canals)	The Canalway Grants Program is a competitive matching grant program available to eligible municipalities and 501(c)(3) non-profit organizations along the New York State Canal System. Funding is for capital projects that enhance economic and community development along the canal corridor and are consistent with the goals of the Regional Economic Development Council Plans.	Grant	Up to $1 million
	Department of Environmental Conservation (DEC)		
DEC/EFC Wastewater Infrastructure Engineering Planning Grant Program (DEC EPG)	The New York State Department of Environmental Conservation (DEC), in conjunction with the New York State Environmental Facilities Corporation (EFC), offered grants to municipalities to help pay for the initial planning of eligible Clean Water State Revolving Fund (CWSRF) water quality projects. Up to $3 million has been made available for this round of the Wastewater Infrastructure Engineering Planning Grant (EPG) program. Grants will assist municipalities facing economic hardship with the engineering and planning costs of CWSRF-eligible water quality projects.	Grant	Up to $3 million
Water Quality Improvement Project Program (DEC AHR, MS4, NPS, Salt, SWP, WQIP)	The Water Quality Improvement Project (WQIP) program is a competitive, statewide reimbursement grant program open to local governments and not-for-profit corporations for implementation projects that directly address documented water quality impairments or protect a drinking water source. Projects eligible under the Water Quality Improvement Program include: municipal wastewater treatment; nonpoint source pollution abatement and control from non-farm sources; land acquisition projects for source water protection; salt storage; aquatic habitat restoration; and municipal separate storm sewer systems.	Grant	Up to $87 million
Climate Smart Communities Program (DEC CSC)	The Climate Smart Communities (CSC) program, funded under Title 15 of the Environmental Protection Fund, is a competitive grant program awarding 50/50 matching grants to eligible municipalities to implement climate adaptation and mitigation projects across the state. Projects eligible under the CSC Grants Program include: flood risk reduction; extreme weather preparedness; reduction of greenhouse gas emissions from non-power sector sources, with an emphasis on transportation and food waste; and projects undertaking pre-implementation actions related to Climate Smart Communities Certification.	Grant	Up to $10 million

Program	Program Description	Type of Funding	Resources Available
	Department of Labor (DOL)		
Workforce Development Grants (DOL EET, UWT)	Grant funding is available to for-profit and not-for-profit businesses, training providers, and Local Workforce Development Boards to upgrade the skills of the workforce. Under Existing Employee Training (EET), current employees in low- and middle-skill positions will receive occupational skills training, in classroom settings, to attain or retain middle-skills occupations. Under the Unemployed Worker Training (UWT), unemployed or underemployed workers, with an emphasis on individuals with barriers to employment and veterans, will receive occupational skills training, in classroom settings, to be qualified to attain full or part-time employment or higher level of employment in available positions in the region.	Grant	Up to $5 million
	Department of State (DOS)		
Local Government Efficiency Grants (DOS LGE)	The Local Government Efficiency (LGE) Grant program assists local leaders identify best practices and implement actions focused on reducing municipal expenditures, limiting the growth in property taxes and increasing efficiencies in service delivery. Projects can include local government reorganization, functional or service delivery consolidation, cooperative service agreements, and establishment of regional service delivery mechanisms.	Grant	Up to $4 million
Local Waterfront Revitalization Program (DOS LWRP)	The Department of State's Local Waterfront Revitalization Program (LWRP), funded under Title 11 of the Environmental Protection Fund, provides matching grants on a competitive basis to eligible villages, towns, cities, and counties located along New York's coasts or designated inland waterways to revitalize communities and waterfronts through planning, design, and construction projects. Grant categories include preparing or implementing a LWRP; updating an LWRP to mitigate future physical climate risks; redeveloping hamlets, downtowns and urban waterfronts; planning or constructing land and water-based trails; preparing or implementing a lakewide or watershed management plan; implementing a community resilience strategy; and celebrating the bicentennial of the Erie Canal - improving public waterfront access for canal communities.	Grant	Up to $15.2 million
	Environmental Facilities Corporation (EFC)		
Green Innovation Grant Program (EFC GIGP)	The Green Innovation Grant Program (GIGP) provides grants on a competitive basis to projects that improve water quality and demonstrate green stormwater infrastructure in New York. GIGP is administered by NYS Environmental Facilities Corporation (EFC) through the Clean Water State Revolving Fund (CWSRF) and is funded with a grant from the US Environmental Protection Agency (EPA).	Federal Grant	Up to $15 million
	Empire State Development (ESD)		
Excelsior Jobs Program (ESD EJP)	Refundable tax credits are available to businesses in targeted industries (e.g. high-tech, bio-tech, clean-tech, manufacturing) that create or retain jobs or make significant capital investments. Businesses meeting the eligibility criteria may apply for assistance by contacting their Regional Office within New York State.	Tax Credit	Up to $75 million
ESD Grant Funds (ESD Grants)	ESD has several grant programs that together make available $150 million of capital grant funding for the Regional Economic Development Council Initiative. Capital grant funding is available for capital-based economic development projects intended to create or retain jobs; prevent, reduce or eliminate unemployment and underemployment; and/ or increase business or economic activity in a community or Region.	Grant	Up to $150 million
Market New York (ESD MNY)	Market New York is a grant program established to strengthen tourism and attract visitors to New York State by promoting destinations, attractions and special events. Funding is available for tourism marketing initiatives, capital/construction projects and the recruitment and/or execution of special events, including meetings, conferences, conventions, festivals, agritourism/craft beverage events, athletic competitions and consumer and industry trade shows.	Grant	Up to $15 million
New York State Innovation Hot Spot Support Program (ESD HSSP)	Designated Innovation Hot Spots will be eligible for operating grants from ESD for five years. Innovation Hot Spots support entrepreneurial activities and ecosystem in their region. Client companies of the Innovation Hot Spots may be eligible for state income and sales tax benefits for a period of up to five years. Grant up to $1.25 million.	Grant	Up to $1.25 million
Strategic Planning and Feasibility Study Project Grants (ESD SPFS)	ESD's Urban and Community Development Program promotes economic development in the State of New York by encouraging economic and employment opportunities and stimulating development of communities and urban areas. Total program funding of up to $1 million is available for working capital grants of up to $100,000 each to support 1) strategic development plans for a city, county, or municipality or a significant part thereof and 2) feasibility studies for site(s) or facility(ies) assessment and planning. Projects should focus on economic development purposes, and preference shall be given to projects located in highly distressed communities.	Grant	Up to $1 million

Program	Program Description	Type of Funding	Resources Available
	Homes and Community Renewal, Office of Community Renewal (HCR and HCR/OCR)		
New York State Community Development Block Grant Program (HCR CDBG)	The Community Development Block Grant (CDBG) Program is a federally funded program authorized by Title I of the Housing and Community Development Act of 1974. The CDBG Program is administered by the Office of Community Renewal (OCR) under the direction of the New York State Housing Trust Fund Corporation (HTFC). NYS CDBG funds provide eligible small communities and non-urban counties in New York State with an opportunity to undertake activities that focus on community development needs such as creating or expanding job opportunities, providing safe affordable housing, and/or addressing local public infrastructure and public facilities issues. The primary statutory objective of the CDBG program is to develop viable communities by providing decent housing and a suitable living environment by expanding economic opportunities, principally for persons of low and moderate income. Three CDBG program applications were available for the annual CFA Round: Microenterprise, Public Infrastructure/ Public Facilities, and Community Planning and two programs were made available in open round applications: Economic Development and Small Business.	Grant	Up to $20 million
New York Main Street Program (HCR NYMS)	The New York Main Street (NYMS) program was formally established in Article 26 of New York State Private Housing Finance Law. The NYMS program is administered by the Office of Community Renewal (OCR) under the direction of the Housing Trust Fund Corporation (HTFC). NYMS funds are awarded to units of local government and not-forprofit organizations that are committed to revitalizing historic downtowns, mixed-use neighborhood commercial districts, and village centers. NYMS grants are available for targeted improvements such as facade renovations, interior commercial and residential building renovations, and streetscape enhancement projects. Traditional NYMS program grants were made available for the annual CFA Round and NYMS Technical Assistance (NYMS-TA) funds were made available in an open round application.	Grant	Up to $6.2 million
	Office of Parks, Recreation and Historic Preservation (Parks)		
EPF Municipal Grants (OPRHP: PKS: A/P/D; HP: A/P/D; HAS: A/P/D)	The Environmental Protection Fund Grants Program (EPF) provides matching grants on a competitive basis for the acquisition, planning, and development of parks, historic properties, and heritage areas located within the physical boundaries of the State of New York. Parks is for the acquisition, development and planning of parks and recreational facilities to preserve, rehabilitate or restore lands, waters or structures for park, recreation or conservation purposes and for structural assessments and/or planning for such projects. Historic Preservation is to acquire, improve, protect, preserve, rehabilitate or restore properties listed on the State or National Register of Historic Places and for structural assessments and/or planning for such projects. Heritage Areas is for projects to acquire, preserve, rehabilitate or restore lands, waters or structures identified in the approved management plans for Heritage Areas designated under section 35.03 of the Parks, Recreation and Historic Preservation Law, and for structural assessments or planning for such projects.	Grant	Up to $20 million
Recreational Trails Program Federal Grants (OPRHP RTP: M; NM; D; MD; NMD)	The Recreational Trails Program provides funds to develop and maintain recreational trails for both motorized and non-motorized recreational trail use. Funding is available for the maintenance and restoration of existing recreational trails, development and rehabilitation of trailside and trailhead facilities and trail linkages for recreational trails, purchase and lease of recreational trail construction and maintenance equipment, construction of new recreational trails, acquisition of easements and fee simple title to property for recreational trails or recreational trail corridors, and assessment of trail conditions for accessibility and maintenance.	Grant	Up to $1.9 million
	New York State Energy Research and Development Authority (NYSERDA)		
Energy Efficiency Programs	NYSERDA's Commercial and Industrial (C&I) programs offer businesses in New York State solutions to improve energy efficiency and save money through design, new construction, renovation, and process improvements to commercial and industrial buildings. The Commercial New Construction Program can help building owners make informed decisions about designing and renovating sustainable buildings. The FlexTech Program offers energy-saving opportunities through consultation and cost-shared studies. The Industrial and Process Efficiency Program can help organizations increase manufacturing output and data processing efficiency.	Incentive	Up to $40 million
	Industrial Development Bond Cap (IDB CAP)		
Industrial Development Bond Cap (IDB Cap)	Up to $300 million from the Federal IDB Cap allocation will be available for State and local government issuers to sell tax exempt bonds for private projects that demonstrate a public purpose.	Tax Exempt Bond	Up to $300 million

WESTERN NEW YORK

$68.8 million awarded to 112 projects

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
75978	Allegany	Alfred University	Southern Tier Business Center at Alfred University	Alfred University South Hall will be renovated to house the new Southern Tier Business Center thereby remediating a blighted structure and returning it to productive use. The Center will encourage entrepreneurship, help businesses develop innovative, cross-disciplinary solutions, and assist them with implementation of solutions, particularly those involving commercialization of products that rely on advanced materials' processing and characterization.	ESD Grants	$1,000,000
75649	Allegany	Allegany County Soil and Water Conservation District	Town of West Almond Salt Storage Facility	Allegany County Soil and Water Conservation District will install a hooped-style salt storage building for the Town of West Almond on property owned by the Town. This new building will have a paved foundation and concrete walls helping prevent runoff of salt and sand to nearby streams and prevent leaching of salt into the groundwater.	DEC WQIP Salt	$109,758
73830	Allegany	Village of Andover	Village of Andover Engineering Study	Funds will be used to complete an Engineering Study focused on the feasibility of establishing a central wastewater system.	HCR CDBGCP	$42,750
73830	Allegany	Village of Andover	Wastewater Treatment Facility Study	The Village of Andover will complete an engineering report to evaluate establishing a central wastewater treatment facility that will replace individual private wastewater treatment systems.	DEC EPG	$30,000
73831	Allegany	Village of Bolivar	Pool Improvements	The Village of Bolivar, in partnership with the Town of Bolivar, will make major renovations and improvements to the Moore Memorial Pool, the only public pool in the County.	OPRHP PKS D	$156,733
73866	Allegany	Village of Canaseraga	Village of Canaseraga Water System Improvements	Funds will be used for improvements to the Village water supply system.	HCR CDBGPIPF	$545,000
74689	Allegany	Village of Canaseraga	Wastewater Collection Treatment System Improvements	The Village of Canaserga will complete and engineering report to evaluate the wastewater collection treatment system and recommend improvements.	DEC EPG	$12,000
76617	Allegany, Cattaraugus, Chautauqua, Erie, Niagara	New York Cider Association	Craft Beverage Agritourism Cider Week in Western NY	New York Cider Association will plan and promoting Cider Week Western New York event and use the proximity of the participating cidery's to encourage tourism, drawing consumers to cider tasting rooms.	ESD MNY	$67,150
76252	Allegany, Cattaraugus, Chautauqua, Erie, Niagara	Young Audiences of Western New York, Inc.	Traveling the Erie Canal: 200 Years of Journeys	Young Audiences Western New York will provide Traveling The Erie Canal: 200 Years of Journeys for young people and families throughout eight counties. This project leads to a lasting Canal legacy for future generations and produces digital creative storytelling by youth.	Arts ACIP	$75,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
74117	Cattaraugus	Cattaraugus County Soil and Water Conservation District	Cattaraugus County Long-Term Ditch Stabilization Program	Cattaraugus County Soil and Water Conservation District will oversee a road ditch stabilization program throughout the county. Roadside ditches will be improved through hydroseeding, rock-lining, erosion-control fabric, adding check dams, and other best management practices. The expected outcome of this program is to control erosion and reduce sediment deposition in the lakes and streams in the county.	DEC WQIP NPS	$330,759
75113	Cattaraugus	City of Olean	Bradner Stadium Forness Park Trail	City of Olean will construct a new trail that will enhance the safety and accessibility for patrons using local recreational areas and create a connection to Bradner Stadium, the War Vets Park, the William O. Smith Recreation Center and Ice Complex and the Allegheny River Valley Trail that links Olean and the Town of Allegany.	ESD Grants	$59,000
75601	Cattaraugus	City of Olean	City of Olean Microenterprise Program	Funds will be used to assist in the establishment of a Microenterprise Program.	HCR CDBGME	$200,000
74051	Cattaraugus	Fitzpatrick & Weller Inc.	Fitzpatrick & Weller Inc. Facility Renovation	Fitzpatrick & Weller, a hardwood lumber and finished product company, will expand and renovate its facilities and replace outdated and energy-inefficient kilns with new state-of-the-art equipment that will allow the company to remain competitive, retain jobs, and increase productivity.	ESD Grants	$500,000
72022	Cattaraugus	Historical Cattaraugus	Historical Cattaraugus Village Hotel	The historic former Crawford House Hotel in the Village of Cattaraugus will undergo extensive restoration. This project will spark major revitalization efforts that will turn the Cattaraugus Village Commercial Historic District (CVCHD) into a prosperous commercial center while retaining its historic and architectural integrity.	ESD Grants	$1,500,000
75510	Cattaraugus	Olean Urban Renewal Agency	Manny Hanny Stabilization Project	The Olean Urban Renewal Agency will renovate the former Manufacturers' Hanover Bank Building. Renovation and remediation efforts will help ensure the viability of the adaptive reuse of this long vacant historic building by a private developer interested in developing a hotel at this site, creating business investment and jobs in this distressed downtown area.	OPRHP HP D	$500,000
74022	Cattaraugus	T and D Resorts, Inc.	The LeeKee Lagoon Capital Project	T and D Resorts, Inc. will undertake a capital project, “The Leekee Lagoon”, to build a full scale water park at Triple R Camping Resort, where visitors will be able to operate an interactive play center where with 80 water play features such as water cannons and water curtains. This regional tourism project is expected to increase visitation to the area and overall Western NY region.	ESD MNY	$160,812
72956	Cattaraugus	Town of Ellicottville	Town and Village Shared Engineering Project	The Town and Village of Ellicottville will establish a single engineering department with a full- time engineer working for both municipalities. The new office will oversee the DPW departments, replacing the current DPW Superintendents and consolidate 3 part-time positions into one, considerably reducing the need for contracted services.	DOS LGE	$400,000
75146	Cattaraugus	Village of Franklinville	Wastewater System Study	The Village of Franklinville will complete an engineering report to evaluate the Village's wastewater collection and treatment system, identify wastewater infrastructure needs and evaluate alternatives to meet those needs.	DEC EPG	$100,000

Western New York

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
75534	Chautauqua	Chautauqua County	Barcelona to Chautauqua Institution Multiuse Trail Easements	This project involves acquisition of access easements to build upon Phase 4 of the Barcelona to Chautauqua Institution Trail (B2CI), a 14-mile trail to spur along a historic trolley line that connected the Chautauqua Institution to Lake Erie. The easements being sought will nearly connect segment 4, currently under construction, to the opposite end of the trail in the Town of Westfield.	OPRHP PKS A	$92,511
74919	Chautauqua	Chautauqua County	Sewer Extension for West Side Chautauqua Lake	Chautauqua County will provide public sewers to a portion of the unsewered west side of Chautauqua Lake in the Town of North Harmony. This project will reduce the amount of phosphorous entering Chautauqua Lake and improve water quality of the lake.	DEC WQIP WWT	$5,000,000
75984	Chautauqua	Chautauqua County Soil and Water Conservation District	Chadakoin River Watershed - Jamestown Riverwalk Restoration	The Chautauqua Soil and Water Conservation District will use multiple management practices to stabilize streambank along the Chadakoin River in the City of Jamestown. The project is expected to address urban stormwater runoff concerns at the site.	DEC WQIP NPS	$313,890
76888	Chautauqua	Chautauqua County Soil and Water Conservation District	Chautauqua Lake Watershed Rehabilitation - North Basin Periphery	Chautauqua County Soil and Water Conservation District will install grade control structures and structural slope protections along the streambanks and artificial drainage ways of the North Basin of Chautauqua Lake. This project will prevent erosion thereby reducing sediment and nutrient loading to the streams and Chautauqua Lake.	DEC WQIP NPS	$33,640
76415	Chautauqua	Chautauqua County Soil and Water Conservation District	Chautauqua Lake Watershed Rehabilitation - Prendergast Creek	The Chautauqua Soil and Water Conservation District will install multiple streambank stabilization structures along Prendergast Creek. This project is expected to reduce sediment loads to the creek and Chautauqua Lake.	DEC WQIP NPS	$78,022
74925	Chautauqua	Chautauqua County Soil and Water Conservation District	Chautauqua Lake Watershed Rehabilitation - South Basin Periphery	Chautauqua County Soil and Water Conservation District will install grade control structures and structural slope protections on the South Basin tributaries of Chautauqua Lake. This project will hold coarse sediment back reducing erosion and allowing fish to move within the stream.	DEC WQIP NPS	$48,000
74571	Chautauqua	City of Jamestown	West 2nd Street Public Piazza and Streetscape Improvements	The Public Piazza Project will convert a vehicle-centric area of downtown Jamestown into an appealing piazza with a pedestrian-friendly feel while maintaining multi-modal function improving walkability and connectivity to the National Comedy Center and the Chadakoin River.	ESD Grants	$140,000
76809	Chautauqua	Comprehensive Plan 2017	Village of Falconer Comprehensive Plan	The Village of Falconer will create a blueprint for future development and investment in the village. The planning process will focus on land use, environmental features, transportation needs and infrastructure, and demographic and economic trends.	ESD SPFS	$15,000
74252	Chautauqua	Erie 2 - Chautauqua - Cattaraugus BOCES	Adult Education Workforce Development	Erie 2 - Chautauqua - Cattaraugus BOCES will deliver the PAET Program to adults, preparing them for a pathway into a NYS Apprenticeship Program that will focus on the electrical trades.	DOL UWT	$100,000
73534	Chautauqua	Jamestown Renaissance Corporation	Jamestown Urban Design Plan 2.0	The City of Jamestown will lead a community engaged process to update and adopt revisions to the city's 2006 Urban Design Plan that will guide downtown and riverfront development for the next decade.	ESD SPFS	$87,500
73535	Chautauqua	Jamestown Renaissance Corporation	STRIVE 2017 at 10-12 West 2nd Street	The Jamestown Renaissance Corporation will rehabilitate a long-vacant structure at 10-12 West 2nd Street in downtown Jamestown for new uses that include a bakery, public market, shared workspace, and apartments that will attract additional visitors to the National Comedy Center and central business district.	ESD Grants	$100,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
74091	Chautauqua	Southwestern Central School District	Shared Fuel Station	Southwestern Central School District will address the safety and reliability of student transportation and spiraling petroleum costs. In partnership with the Village, the District will construct a Shared Fuel Station on Village property. The new Shared Fuel Station, located less than a quarter mile away from the District's transportation garage, will have the capacity of 8,000 gallons of diesel 2,000 gallons of unleaded fuel.	DOS LGE	$138,585
75428	Chautauqua	Town of Chautauqua	Chautauqua Heights Sewer District Inflow and Infiltration Study	The Town of Chautauqua will complete an engineering report to evaluate the existing collection system, prepare recommendations on remediation of the system, and explore the possibility of providing municipal wastewater treatment to the area.	DEC EPG	$30,000
74967	Chautauqua	Town of Chautauqua	Chautauqua Heights Sewer District Wastewater Treatment Plant Project	The Town of Chautauqua will decommission the existing Chautauqua Heights Sewer District Wastewater Treatment Plant and replace it with a pumping station. A force main will be installed to convey flows from the pumping station to the North Chautauqua Lake Sewer District Wastewater Treatment Plant where the effluent will be treated to remove phosphorus. This will reduce phosphorus entering Chautauqua Lake which will reduce eutrophication and make the Lake a better habitat for wildlife.	DEC WQIP WWT	$1,000,000
71982	Chautauqua	Town of Ripley	Ripley Beach Town Park Improvements Design and Construction	The Town of Ripley will design and construct public access and recreation improvements at Ripley Beach Town Park on Lake Erie. Improvements will include two stairways providing beach access, an overlook platform and pavilion, safety fencing, informational kiosks, restroom and shower facilities, rustic camping sites, a nature trail, replacement of invasive species with native plants, parking, and a rescue jib crane for emergency rescue response.	DOS LWRP	$240,663
75763	Chautauqua	Town of Westfield	Sanitary Sewer Collection System Planning Study Phase II	The Town of Westfield will complete an engineering report to identify specific inflow and infiltration sources and required collection system improvements through the collection of detailed field data investigations.	DEC EPG	$30,000
75238	Chautauqua	Village of Celoron	Lucille Ball Memorial Park Improvements - Phase IV Design and Construction	The Village of Celoron will design and construct a new park amenities building in Lucille Ball Memorial Park along Chautauqua Lake. Building amenities will include ADA compliant restrooms, drinking fountain, security camera system, and storage area.	DOS LWRP	$382,680
72076	Chautauqua	Village of Fredonia	Card Seed Company Building - 50 West Main Street	The Village will assist in the renovation of the historic Card Seed Company building, located at 50 West Main Street in Fredonia.	HCR NYMS	$450,000
76851	Chautauqua	Village of Mayville	Mayville Chautauqua Stormwater Management Engineering Study	The Village of Mayville will complete an engineering report to inventory current stormwater infrastructure and identify stormwater projects that can be pursued in the future having a positive impact on the environmental health of Chautauqua Lake.	DEC EPG	$100,000
74833	Chautauqua	Village of Sherman	Village of Sherman Comprehensive Assessment Sewer Study	Funds will be used to complete a comprehensive assessment of the Village's sanitary sewer system infrastructure.	HCR CDBGCP	$50,000
75840	Chautauqua	Village of Sinclairville	Village of Sinclairville Water System Improvements	Funds will be used to construct a new water storage tank and development of an additional well water source.	HCR CDBGPIPF	$1,000,000

Western New York

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
74352	Erie	African American Center of Buffalo Inc.	African American Cultural Center Urban Cultural Campus	The African American Center of Buffalo will renovate an existing facility to expand its theater, educational programming and teaching facilities on the East Side and create a Urban Cultural Campus of multi-cultural understanding and community collaboration.	ESD Grants	$600,000
73700	Erie	Buffalo and Erie County Naval and Military Park	BNMP 2017 Project	Buffalo and Erie County Naval and Military Park will make improvements to the Naval Park, including upgrades for the Veterans Memorial Garden, refurbishing the USS Little Rock and developing a master plan to determine future development.	OPRHP PKS P	$56,250
73607	Erie	Buffalo and Erie County Workforce Development Consortium, Inc.	Assembling Your Future: Certified Production Technician Training	The Buffalo and Erie County Workforce Development Consortium will offer occupational skills training for eligible trainees to enable them to become Certified Production Technicians. Training results in 3 nationally recognized credentials, namely, the Manufacturing Skill Standards Council (MSSC) Certified Production Technician (CPT) certification; OSHA 10-hour Safety Certification; and Act Inc. Career-Readiness Credential.	DOL UWT	$91,200
73700	Erie	Buffalo Erie County Naval Military Park	Buffalo and Erie County Naval & Military Park Improvement Project	The Buffalo and Erie County Naval and Military Park will perform extensive improvements to the Veterans Memorial Garden and the USS Little Rock and conduct a master plan for additional Park projects.	ESD Grants	$144,000
74046	Erie	Buffalo Fermentation, Inc.	Food Manufacturing Skills Training	Buffalo Fermentation will provide training in brewing equipment, production, quality control and safety and enable workers to earn Brewing Science and Services and ServSafe certificates.	DOL EET	$13,316
74046	Erie	Buffalo Fermentation, Inc.	Food Manufacturing Skills Training	Buffalo Fermentation's Bootleg Bucha will provide training in brewing equipment, production, quality control and safety to eligible individuals from a lower-income, refugee community that are well suited to earn Brewing Science and Services and ServSafe certificates.	DOL UWT	$86,464
74204	Erie	Buffalo Philharmonic Orchestra Society, Inc.	Artistic Workforce Expansion	The Buffalo Philharmonic Orchestra will create a new position of Community Engagement Conductor to foster an authentic connection with diverse, and underserved communities in Buffalo, NY, through expanded community outreach, programming, and education in classical music.	Arts WIP	$30,000
75995	Erie	Buffalo Society of Natural Sciences	Buffalo Society of Natural Sciences	Buffalo Society of Natural Sciences will host digiPlaySpace, a special exhibit that will expose the community to digital media arts and STEM career fields. This plan looks to increase marketing to a regional audience, ultimately helping to increase tourism to Erie County, the City of Buffalo and the Buffalo Museum of Science.	ESD MNY	$85,500
76764	Erie	Catholic Health System, Inc.	Pharmacy Technician Project	Catholic Health System will provide eligible employees with training program in the fundamentals of pharmaceutical dispensing.	DOL EET	$6,397
72297	Erie	Center for Computational Research	Expansion of High Performance Computing Infrastructure	University at Buffalo (UB) Center for Computational Research (CCR) will expand its high-performance computing (HPC) resource to provide WNY companies across industry sectors with access to advanced computing equipment that will foster innovation, reduce time to market and improve processes, with an emphasis on emerging technologies for data analytics.	ESD Grants	$1,000,000
76513	Erie	Center for Employment Opportunities, Inc.	Construction Skills Training Program	Center for Employment Opportunities, Inc. will provide on-the-job training and transitional employment in construction, maintenance, and beautification services.	DOL UWT	$100,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
73836	Erie	Central Terminal Restoration Corporation	Buffalo Central Terminal Cultural Educational Center	The Central Terminal Restoration Corp will complete Phase 1 of the Buffalo Central Terminal Concourse renovation. Phase 1 will restore the entry lobby vestibule doors intended to return the lobby to its 1929 appearance, restore windows, refabricating of doorways, and the install an HVAC system in the restaurant space to create a tempered environment. The goal is to create a first class banquet facility and regional events center.	OPRHP HP D	$314,625
75993	Erie	Childcare Network of the Niagara Frontier, Inc.	Childcare Skills Training	Childcare Network of the Niagara Frontier will provide eligible employees with child care skills such as pediatric CPR, prevention and control of infectious diseases, prevention of sudden infant death syndrome and other related skills.	DOL EET	$16,900
73580	Erie	City of Buffalo	Broadway Market Exterior Restoration	The Broadway Market, a landmark and culturally diverse regional community marketplace in Buffalo, will undergo façade restoration and repair, new electrical upgrades and new building signage.	ESD Grants	$120,000
75056	Erie	City of Buffalo	Seneca Street Infrastructure Project	A significant one-mile section of Seneca Street between Hamburg and Michigan Streets will be revitalized through the design and construction of infrastructure and streetscape improvements that will include sidewalk, street, and curb reconstruction, landscaping, street lighting, streetscape furnishings, and signage/wayfinding elements.	ESD Grants	$500,000
72406	Erie	City of Tonawanda	Feasibility Study for the Reconfiguration of Tonawanda Niagara Street Corridor	The City of Tonawanda has been actively engaged in the revitalization of its downtown and economic development programs. The detailed study will include ground surveys, traffic and utilities assessments walk ability and parking, shared bicycle lanes and slope stabilization alternatives through combined public and private sector community outreach. This priority study will provide the City with the options it needs to make the essential Niagara Street Corridor a true contributor and enabler for the City's revitalization and economic development programs.	ESD SPFS	$57,500
74230	Erie	County of Erie	Erie County Sewer District No 2 Flow Monitoring and Inflow Infiltration Quantification	The County of Erie will complete an engineering report for flow monitoring and inflow and infiltration quantification of the sanitary sewer collection system in Erie County Sewer District No. 2, specifically focused on the Sweetland Pumping Station tributary area.	DEC EPG	$100,000
75333	Erie	County of Erie	Shoreline Trail Enhancement Project	The County of Erie will make improvements to the Shoreline Trail including enhancements to Niawanda and Isle View Parks. Project components include trail widening and installation of benches, landscaping, interpretative signage, mileage markers, and bike repair stations.	OPRHP RTP NMD	$200,000
75901	Erie	Erie 1 BOCES	Advanced Manufacturing Training Programs	Erie 1 BOCES' Workforce Development will provide hands on comprehensive training in Electro Mechanical Maintenance and CNC Machining.	DOL UWT	$100,000
76259	Erie	Erie Community College	Craft Brewing Science and Service Centers Skills Training	Erie Community College (ECC) will train underemployed workers to work in the growing hospitality industry of brewing science. This Brewing Science and Service certificate program will provide trainees with the credentials and experience to earn employment in the hospitality industry, as well as with breweries, beer distributors, sales teams, grocery stores, and beverage centers.	DOL UWT	$100,000

Western New York

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
73772	Erie	Erie County	Erie County Climate Change Vulnerability Assessment	Erie County will identify, analyze, and prioritize the effects of climate hazards using an exposure, sensitivity, and adaptive capacity approach. The assessment will cover direct and indirect impacts of extreme heat, flooding, and severe storms, as well as potential effects of these hazards on critical facilities and infrastructure, vulnerable populations, and natural resources. Work will be conducted by Dr. Clark at RENEW, Environment Planning Staff at Erie County, and a Stakeholder Committee.	DEC CSC C	$100,000
73721	Erie	Explore More Children's Museum	Marketing Campaign	Explore More Children's Museum will develop and implement a comprehensive marketing rollout in 2018 that will attract visitors to the region from Upstate New York, Southern Ontario and Northwest Pennsylvania. The marketing initiative will establish this tourism attraction as the cultural destination at Canalside while positioning it among the wealth of other family-friendly activities to do and see in the Western New York region.	ESD MNY	$75,000
75740	Erie	Frontier Science and Technology Research Foundation, Inc.	Evolving Technologies and Computer Systems Skills Training	Frontier Science and Technology Research Foundation will provide middle-skills job training in SysAid, study design and build for our new clinical trials data management system.	DOL EET	$28,478
73879	Erie	Gerard Place Housing Development	Gerard Place Community Center Phase II	Gerard Place will establish an Education and Community Center with extensive training space in the former St. Gerard Parish Hall and School, adjacent to its residential facility. Workforce training programs will strive to meet the region's growing employment needs in the fields of healthcare, research and education.	ESD Grants	$435,000
76887	Erie	Industrial Support Inc.	Industrial Support Inc. DryRoom Assembly Expansion	Industrial Support Inc., a contract manufacturing and metal fabricating company, will install a dry room, a moisture free environment, necessary to house machinery used to extrude lithium cylinders into foil and to package desiccants.	ESD Grants	$240,000
76955	Erie	Just Buffalo Literary Center, Inc.	WORDS ON THE STREET	WORDS ON THE STREET is a unique creative place-making initiative designed to make the literary arts visible and participatory with outdoor public readings along the Literary Corridor, inspired by writers with ties to the region to highlight the talent that defined Western New York's past and will shape its future.	Arts ACIP	$73,000
76552	Erie	K-TECHnologies	K-TECHnologies F-35 Program	K-TECHnologies will build a new, dedicated F-35 Advanced Manufacturing cell which will distinguish K-TECH's Aerospace Division in the global sector. This will utilize undeveloped space at K-TECH's existing property in an industrial park in Hamburg, NY.	ESD Grants	$100,000
76253	Erie	K-Technologies, Inc.	Advanced Manufacturing Skills Training	K-Technologies will provide eligible employees with pertinent industry certifications and trainings such as Six Sigma and Lean Manufacturing, blueprint reading, Geometric Dimensioning tolerances, AutoCAD, and quality inspection.	DOL EET	$57,090
73768	Erie	Niagara Frontier Transportation Authority	Linear Transit Green Hub	The Niagara Frontier Transportation Authority's Linear Transit Green Hub project will increase safety and provide better access to public transportation through the creation of a seamless transition between two primary transit hubs along the Division Street corridor in downtown Buffalo. The project will mitigate stormwater runoff to a combined sewer system by disconnecting downspouts and directing stormwater to green infrastructure practices such as porous pavement and stormwater planters.	EFC GIGP	$400,000
76236	Erie	NYSARC Inc, Erie County Chapter	Direct Support Professional Training	NYSARC's Erie County Chapter will train eligible IT Technician employees to obtain Microsoft Office MCSE Certification and eligible Direct Service employees in skills needed to advance toward Frontline Supervisor positions.	DOL EET	$15,985

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
75375	Erie	Richardson Center Corporation	Richardson Olmsted Campus Utility Infrastructure	Richardson Center Corporation will install new water, sanitary sewer, storm sewer, gas and electrical infrastructure on the Richardson Olmsted Campus that will support the continued restoration and redevelopment of structures on the Campus and enhance and extend the visitor experience to this National Historic Landmark.	ESD Grants	$145,000
73011	Erie	Roswell Park Cancer Institute	New Division of Integrated Immuno-Oncology at Roswell Park	Existing research facilities will be renovated to establish a new Division of Integrative Immuno-Oncology at Roswell Park Cancer Institute (RPCI) that will leverage RPCI's nationally recognized expertise in cancer biology and provide innovative immunogenomic therapies for patients.	ESD Grants	$1,000,000
77164	Erie	Shakespeare in Delaware Park, Inc.	Administrative Workforce Expansion	Shakespeare in Delaware Park will hire a new Community Outreach Associate to provide administrative support for education, outreach, and fundraising activities that align with SDP's mission.	Arts WIP	$25,000
73110	Erie	Sheet Metal Air Rail Transportation (SMART) Union	SMART 71 Training Center Expansion	The Sheet Metal, Air, Rail and Transportation Workers Local Union No. 71 (SMART) will clean up and reuse a former brownfield site and convert three separate properties into a one state of the art facility utilizing clean energy that will offer apprenticeship training in construction, sheet metal production, and other industries.	ESD Grants	$377,000
75011	Erie	Springville Center for the Arts, Inc.	Multi-Arts Center Renovations	Springville Center for the Arts will complete the next phase of renovations to their dynamic, rural multi-arts center. Work includes the development of their main theater space and the construction of an ADA-compliant entrance addition, making the site fully visitor-ready.	Arts ACFIP	$750,000
75560	Erie	Style Craft Buffalo LLC	Style Craft Plant Expansion	Style Craft of Buffalo, a manufacturer of modular structures will relocate to and renovate an existing facility that will lead to increased productivity, opportunities for skilled and unskilled workers, and contribute to revitalization efforts on Buffalo's East Side.	ESD Grants	$405,000
74326	Erie	The Salvation Army	Culinary Arts Training Program	The Salvation Army's Culinary Arts Training Program will teach students skills such as how to inspect and clean food preparation areas in order to ensure safe and sanitary food-handling practices; to store and cook food at the correct temperature; to check for the freshness of food and ingredients; how to season and cook food; knife skills, food terminology, kitchen safety standards, and communication skills between supervisors, teams, vendors, and customers.	DOL UWT	$100,000
75002	Erie	Theatre of Youth Company, Inc.	Artistic Workforce Expansion	Theatre of Youth (TOY) will hire an Education Coordinator to expand educational initiatives, workshop programs, and youth performance opportunities. This position will introduce a comprehensive, sequential theatre curriculum, building on TOY's 45 years as Western New York's premiere children's theatre.	Arts WIP	$26,520
73648	Erie	Torn Space Theater	Torn Space Theater Performance Festival	Torn Space's RESPONSE Performance Festival invites local and international theater artists and scholars to build one bold, visceral community experience.	Arts ACIP	$60,000
73229	Erie	Town of Amherst	Town of Amherst Canalway Trail and Hopkins Road Trail Safety Enhancements	The Town of Amherst will make safety improvements and trail enhancements recommended in a 2017 study to sections of the Amherst Canalway Trail and the Hopkins Road Boardwalk and Trail.	OPRHP RTP NMD	$125,000
73229	Erie	Town of Amherst	Town of Amherst Canalway Trail Hopkins Road Trail Safety Enhancements	Proposed improvements on the Canalway Trail will be on Tonawanda Creek Road from Sweet Home Road on the west to New Road on the east and will focus on safety and trail enhancements.	Canals	$65,000

Western New York

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
73838	Erie	Town of Cheektowaga	Sewer and Manhole Improvement Project	The Town of Cheektowaga will correct inflow and infiltration by lining sanitary sewer mainline pipe and repairing or replacing damaged or defective pipes. The project will reduce the amount of inflow and infiltration and subsequently reduce the amount of untreated wastewater discharged to Scajaquada Creek.	DEC WQIP WWT	$5,000,000
75292	Erie	Town of Eden	Eden Industrial	The intent of the project is to perform a industrial site study to determine the opportunities available at the current sites, the constraints that are holding back from future development and business expansion, and provide recommendations for improvements. The ending goal is to make the sites shovel ready and acquire funding in subsequent years for utility and building improvements.	ESD SPFS	$6,000
75472	Erie	Town of Eden	Eden Planning Study (UB)	The project will be a joint effort between the Town and the University at Buffalo School of Architecture and Planning to help the Town identifying items for a community center. The two key focuses of this will be the location of a community center based on the community's interest and wants. After locations, have been identified further community outreach meetings will be held to determine the programming needed and wanted for the community center.	ESD SPFS	$6,000
76581	Erie	Town of Hamburg	Mt. Vernon Sewer Capacity Study	The Town of Hamburg will complete an engineering report to conduct flow metering as part of the next phase of ongoing sanitary sewer improvements within the Mt. Vernon Sewer District.	DEC EPG	$100,000
75821	Erie	Village of Depew	Pamela and Sherwood Sewer Improvement	The Village of Depew will correct sanitary sewer overflow discharges through sanitary sewer lining, manhole rehabilitation, storm sewer collection system repairs, and sanitary sewer spot repairs. This project is expected to reduce the inflow and infiltration entering sanitary sewers, thereby reducing the peak flows in Sewershed 3, and ultimately reducing overflows that discharge to Scajaquada Creek. The project will help alleviate sanitary sewer backups and improve water quality in the Creek.	DEC WQIP WWT	$680,000
75989	Erie	Village of Depew	Phase 4 Sanitary Sewer System Evaluation	The Village of Depew will complete an engineering report to investigate sanitary sewers in Sewershed No. 8 and make recommendations for corrective actions.	DEC EPG	$100,000
76187	Erie	Village of Hamburg	Hamburg Palace Theatre Renovations	The Village will assist in the renovation of the Palace Theatre located at 31 Buffalo Street.	HCR NYMS	$225,000
75677	Erie	Village of Kenmore	Inflow and Infiltration Engineering Planning Study	The Village of Kenmore will complete an engineering report to conduct flow metering needed for an inflow and infiltration study.	DEC EPG	$100,000
75709	Erie	Village of Kenmore	Sanitary Sewer Improvements for Sanitary Sewer Overflow Abatement	The Village of Kenmore will reduce sanitary sewer overflows by eliminating inflow and infiltration throughout the sanitary sewer collection system. The project will include lining of sanitary trunk sewers and manhole rehabilitation to eliminate inflow and infiltration sources. Completion of this project will reduce sanitary sewer overflows which cause pollutants to enter the Two Mile Creek and the Niagara River.	DEC WQIP WWT	$1,739,000
72513	Erie	Village of Lancaster	CSC Sustainability Planning and Implementation	The Village of Lancaster will conduct an Extreme Weather Vulnerability Assessment to address flooding and increased snowfall. The assessment will include flood risk, exposure, and watershed protection mapping; an assessment of infrastructure vulnerability to ice and snow; a vision statement, goals, and policy outlines for implementation; guidelines for natural shoreline protection projects on Cayuga Creek; and an assessment of current conditions and future needs for existing levees.	DEC CSC C	$22,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
76008	Erie	Village of Lancaster	Sewer System Evaluation Survey and Corrective Action Plan	The Village of Lancaster will complete an engineering report to conduct a Sewer System Evaluation Survey (SSES) and create a Corrective Action Plan (CAP) to further address the sanitary sewer system needs within the Village.	DEC EPG	$56,000
73134	Erie	Village of Williamsville	Local Waterfront Revitalization Program	The Village of Williamsville will prepare a Local Waterfront Revitalization Program (LWRP) for its Ellicott Creek waterfront. The LWRP will guide appropriate development, increase public waterfront access, preserve natural and historic resources, examine existing infrastructure, address shoreline erosion, explore sustainable energy generation opportunities and promote economic development.	DOS LWRP	$49,500
75577	Erie	Visit Buffalo Niagara	Craft Beer Marketing Initiative	Visit Buffalo Niagara, in association with the Buffalo Niagara Brewers Association will further develop and promote the Western New York Craft Beer Marketing Initiative, creating awareness of and promoting 25 breweries, 6 distilleries and 1 cidery that are spread across the region.	ESD MNY	$50,000
76023	Erie	Western New York Book Arts Collaboration	Workforce Training and Development Expansion	The Western New York Book Arts Collaboration will hire and train two part-time apprentices to study arts management and the programming and technical aspects of the book arts including binding, letterpress, screen printing, papermaking, and teaching.	Arts WRP	$44,700
76962	Erie, Niagara	Buffalo Niagara Heritage Village	Administrative Workforce Expansion	Buffalo Niagara Heritage Village (BNHV) will hire a new Community Development Coordinator to execute special events and programs relating to the museum's mission, generate public awareness in surrounding communities of Western New York and raise funds to assist the Village in becoming self-sustaining.	Arts WIP	$30,000
76437	Erie, Niagara	Erie County Dept. of Environment and Planning	Western NY Stormwater Coalition: Municipal Separate Storm Sewer System Map Builder Project	Erie County will build an online mapping system for the MS4 regulated areas of Erie and Niagara Counties. The project will allow MS4s to create maps to accomplish specific objectives such as tracking sources of contamination to eliminate illicit discharges.	DEC WQIP MS4	$181,840
71870	Niagara	City of Lockport	City of Lockport Microenterprise Program	Funds will be used to assist in the establishment of a Microenterprise Program.	HCR CDBGME	$200,000
75187	Niagara	City of Lockport	Implementation of Wastewater Treatment Plant Effluent Disinfection	The City of Lockport will install a new UV disinfection system at the City's Wastewater Treatment Plant. The outcome will be to fully treat the effluent which reduces environmental contamination.	DEC WQIP WWT	$1,000,000
74937	Niagara	City of Lockport	Market Street Wastewater Engineering Planning Study	The City of Lockport will complete an engineering report to evaluate inflow and infiltration and sewer capacity and recommend target areas for upgrades to sewer infrastructure and closure of additional CSOs.	DEC EPG	$30,000
75093	Niagara	City of Lockport	South Street Neighborhood Park	The City of Lockport will develop a new park in the South Street neighborhood on the site of the former Harrision Radiator parking lot. Preliminary concepts for the South Street Neighborhood Park include multipurpose play space, sport court, walking path, inclusive playground with swings, and pavilions.	OPRHP PKS D	$450,000
72894	Niagara	City of Niagara Falls	Southend Gateway District Revitalization	The City of Niagara Falls will lead revitalization efforts that leverage private investment in the South End Downtown neighborhood, a gateway to the city's tourism district, through restoration and renovation of existing structures and new construction of commercial and mixed-use properties.	ESD Grants	$1,500,000

Western New York

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
73674	Niagara	City of North Tonawanda	City of North Tonawanda Microenterprise Program	Funds will be used to assist in the establishment of a Microenterprise Program.	HCR CDBGME	$200,000
73737	Niagara	City of North Tonawanda	Gateway Harbor Facility Improvements	The Gateway Harbor Park Improvements include a modern, functional building featuring; public restrooms, needed storage capacity, an office for the harbor master, and improved public access. The result will be a significantly improved experience for boaters, casual park-goers, and attendees of special events, which draw thousands of visitors into downtown North Tonawanda every year and have a significant economic impact on area local businesses.	Canals	$100,000
73737	Niagara	City of North Tonawanda	Gateway Harbor Park Improvements Design and Construction	The City of North Tonawanda will design and construct improvements to Gateway Harbor Park along the Erie Canal to enhance public waterfront access and catalyze development in the city's adjacent downtown. Park improvements will include additional docking, upgraded electrical and water hook-ups for boaters, seating areas and a new facility building to house restrooms, storage and the harbor master office.	DOS LWRP	$700,000
74336	Niagara	City of North Tonawanda	Main Street Green Infrastructure	The City of North Tonawanda will install green infrastructure stormwater management practices in the public right-of-way on areas of the main street adjacent to the Niagara River. The project is expected to reduce the volume of stormwater managed through its traditional system, improve the pedestrian aesthetic of Main Street, and boost nearby private development.	DEC WQIP NPS	$353,000
74406	Niagara	Niagara Aquarium Foundation	New Jellyfish Exhibit at Aquarium of Niagara	Aquarium of Niagara will construct a new and unique jelly fish exhibit in a second floor gallery that will attract new visitors of all ages to the facility and Niagara Falls. The exhibit will present an opportunity to educate visitors about this fascinating, rarely seen-up-close, beautiful species.	ESD Grants	$68,000
77258	Niagara	Niagara County Historical Society	Erie Canal Gateways to East & West	History Center of Niagara County (History Center) will create “Erie Canal: Gateways East & West,” a project to expand and enhance exhibits at its Erie Canal Discovery Center. The Erie Canal: Gateways to East & West project will upgrade existing exhibits to increase interactivity, integrate new technology into exhibits, update and digitize the educational video and add new experiential exhibits.	Canals	$150,000
74081	Niagara	Niagara Falls National Heritage Area	Niagara Falls National Heritage Area Shuttle	New creatively designed benches and shelters along the route of the Discover Niagara Shuttle will tell the story of the history of Niagara Falls and reflect the landscape of the Niagara Falls region further enhancing the visitor experience while encouraging extended stays and increased attendance at cultural, natural, and historic attractions in the region.	ESD Grants	$67,000
76588	Niagara	Niagara Tourism and Convention Corporation	Niagara Falls USA and NYC Plus Marketing Initiative	Niagara Falls USA, together with NYC Company will create and promote a marketing program, “NYC Plus”, highlighting family adventure travel from NYC to Niagara Falls, NY in Western New York.	ESD MNY	$225,000
75249	Niagara	The Niagara Arts Cultural Center Inc	NACC Theater Restoration	Niagara Arts and Cultural Center restoration will contribute to the area’s cultural investment and to its economic growth by providing new and diverse forms of entertainment the area residents further encouraging tourism to the region.	Arts ACFIP	$500,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
76859	Niagara	Town of Niagara	Cayuga Creek/ Weber Property Restoration for Flood Protection	The Town of Niagara, in collaboration with Buffalo Niagara Riverkeeper and the Western New York Land Conservancy, will restore the approximately 33 acre undeveloped "Weber property" along Cayuga Creek, a tributary to the Niagara River. Work will ensure long-term protection of one of the largest contiguous areas of natural landcover along the creek, and enhance hydrologic and ecological stream function. This project will address frequent flooding events and increase resiliency to future extreme weather conditions.	DEC CSC	$275,559
72806	Niagara	YWCA of the Niagara Frontier, Inc.	Career Pathways	The YWCA of Niagara Frontier will provide a twelve week culinary training program, with nationally and NYS recognized ServSafe® food handler certification and TIPS Training certification as well as the local Niagara County Health Department food safety certification, to marginalized individuals who have multiple barriers to stable and living wage employment.	DOL UWT	$60,000
		Excelsior Jobs Credits		Excelsior Jobs Program tax Credits will be reserved for future projects including business investments in targeted industries that are within the region and that create or retain jobs, create capital investment and are consistent with the Strategic Plan.	ESD EJPB	$6,000,000
		Low Cost Economic Development Financing		Federal Industrial Development Bond (IDB) Cap will be made available for state and local government issuers to sell tax-exempt bonds for eligible economic development, infrastructure and community revitalization efforts.	ESD IDBC	$25,000,000
		NYSERDA Energy Efficiency Projects	17 Energy Efficiency Projects Submitted	NYSERDA's Commercial and Industrial (C&I) programs offer businesses in New York State solutions to improve energy efficiency and save money through design, new construction, renovation, and process improvements to commercial and industrial buildings. The Commercial New Construction Program can help building owners make informed decisions about designing and renovating sustainable buildings. The FlexTech Program offers energy-saving opportunities through consultation and cost-shared studies. The Industrial and Process Efficiency Program can help organizations increase manufacturing output and data processing efficiency.	NYSERDA EE

CGI Office Space and Parking Garage Development Project	This expansion project involves the total redevelopment of the Atrium, Gateway and Cornwall buildings located at 150 East Main Street, Rochester into 117,660 SF of modern office space and 211 indoor parking spaces for CGI employees.	ESD EJP	$500,000
75054	Monroe	CGI Communications, Inc.	CGI Office Space and Parking Garage Development Project	This expansion project involves the total redevelopment of the Atrium, Gateway and Cornwall buildings located at 150 East Main Street, Rochester.	ESD Grants	$1,000,000
72463	Monroe	Christ Church Rochester	Christ Church Sanctuary Window Repair	Christ Church of Rochester will make repairs to six panels of clerestory stained glass windows. The window repair will cease water infiltration and significantly reduce damage to walls and ceilings.	OPRHP HP D	$106,614
76476	Monroe	City of Rochester	City of Rochester Climate Adaptation Plan	Building on its Climate Vulnerability Assessment, the City of Rochester will develop a Climate Adaptation Plan that will review existing community plans and projects to identify strategies, policies, and/or projects to adapt to future climate change impacts. The final plan will include adaptation strategies and actions along with other relevant background information on climate change in Rochester and the surrounding region.	DEC CSC C	$50,000
74187	Monroe	City of Rochester	Commercial Corridor Strategic Revitalization Plan	The project will prepare a strategic revitalization plan for key commercial corridors that span challenged neighborhoods within the City of Rochester in order to encourage physical property improvements, improve and enhance the public realm, reduce vacant and blighted property by creating new opportunities for infill and mixed-use development.	ESD SPFS	$50,000
74556	Monroe	City of Rochester	Erie Harbor Enhancements Phase II Construction	The City of Rochester will construct enhancements of Genesee Gateway Park and Genesee Riverway Trail at Erie Harbor along the Genesee River. Enhancements will include walkways, plantings, furnishings, wayfinding signage, recreation amenities, and rehabilitation of the deteriorated river rail and trail pavement.	DOS LWRP	$850,000
75894	Monroe	City of Rochester	F. Douglass Community Library Green Roof	The City of Rochester will replace the roof of the Frederick Douglass Community Library with a green roof. The green roof is expected to slow and reduce stormwater runoff to the city's overburdened combined sewer system, in addition to the environmental, aesthetic and educational benefits of green roofs.	DEC WQIP NPS	$375,000
72994	Monroe	City of Rochester	Implementation of Five Pilot Shared Mobility Hubs	The City of Rochester will establish five pilot mobility hubs - public spaces that integrate different modes of transportation, provide multi-modal support infrastructure, and implement strategies that enable and encourage people to replace single-occupant vehicle trips with various mobility options. The mobility hubs will be located at or near transit stops and will feature a bikeshare station, space for future car-share, passenger waiting shelters, benches, bike racks, or bike repair stands.	DEC CSC	$200,000
75834	Monroe	Empire Medicinals	Empire Medicinals Specialty Mushrooms	Empire Medicinals will be growing medicinal mushrooms and expanding their facility.	ESD EJP	$100,000
75834	Monroe	Empire Medicinals	Empire Medicinals Specialty Mushrooms	Empire Medicinals will be growing medicinal mushrooms and expanding their facility.	ESD Grants	$200,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
76090	Monroe	Foodlink, Inc.	Bolstering Foodlink's Emergency Preparedness	Foodlink will purchase and install a backup generator and associated infrastructure at their facility. The backup generator will insure that Foodlink will remain a reliable source for emergency food and healthy meals to the community.	ESD Grants	$150,000
65386	Monroe	Genesee Country Village Museum	Event Based Marketing Program	Genesee Country Village Museum will increase tourism to the Capital District Region by broadening agritourism programs. The Museum attracts diverse visitors, this is reflected in our membership types, programming and community partnerships.	ESD MNY	$65,505
76651	Monroe	George Eastman Museum	Museum Entrance Relocation and Accessibility	George Eastman Museum will create a new accessible main entrance and welcome center. Exterior/interior spaces will be reconfigured to be more welcoming, increase accessible parking, accommodate buses, enlarge and upgrade the café, create a unisex restroom, and renovate the Curtis Theatre.	Arts ACFIP	$1,000,000
73368	Monroe	Heritage Christian Services, Inc.	Safety Science Leadership Training	Heritage Christian Services (HCS) will provide leadership training in safety science and enhance the skills of existing HCS employees; giving them the tools they need to advance their careers within the organization.	DOL EET	$100,000
74405	Monroe	Junior Achievement	Junior Achievement Discovery Center	Junior Achievement will renovate the former Eastman Business Park firehouse for a Discovery Center highlighting careers, products and services in the Finger Lakes economy.	ESD Grants	$620,000
73815	Monroe	Lifetime Assistance, Inc	Employee of a Lifetime	Lifetime Assistance's Action For a Better Community (ABC) program will provide eligible individuals a four-week, paid training program, which will prepare trainees for successful employment at Lifetime Assistance. Trainees will receive instruction in planning and setting goals, personal and professional relationships, workplace attitudes and personal and professional ethics, and physical and emotional health and wellness.	DOL UWT	$99,154
71938	Monroe	Little Italy Neighborhood Association, Inc.	Little Italy Historic District & Lyell Avenue Revitalization Initiative	The project includes the revitalization of the Lyell Avenue corridor from Lake Avenue to Broad Street, focusing on Italian heritage.	ESD SPFS	$20,000
72976	Monroe	Mary Cariola Children's Center, Inc.	Workforce Development for the Paraprofessional	Mary Cariola Children's Center, Inc. will offer “Interactional Supervision” training to eligible paraprofessionals who are typically less experienced in participating in a supervisory relationship.	DOL EET	$100,000
74710	Monroe	Mindex Technologies, Inc.	Mindex Technologies Expansion Project	Mindex Technologies, Inc. will relocate to newly constructed space at Alexander Park to support the company’s growth and expansion of their workforce. The company provides both turnkey and customized software development solutions and specializes in the “schooltool” program market.	ESD EJP	$350,000
76283	Monroe	Monroe County	Development of a Comprehensive Web Based Stormwater System Map for the Stormwater Coalition	Monroe County will create a web-based GIS map of stormwater management practices County-wide and develop stormwater system mapping in GIS for three MS4s. The project will facilitate the Stormwater Coalition's efforts to reduce urban stormwater pollution and allow Coalition members to more effectively address pollutants from older urbanized areas that do not include stormwater management practices and manage green infrastructure practices as they come to be used.	DEC WQIP MS4	$100,000

Finger Lakes

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
75873	Monroe	Monroe County Soil and Water Conservation District	Nature Based Shoreline Project in Irondequoit Bay Park West	The Monroe County Soil and Water Conservation District will construct a nature-based shoreline along an existing road that provides access to Irondequoit Bay. This expanded wetland shoreline buffer area is expected to protect the road from wave related erosion and enhance existing wetland habitat.	DEC WQIP NPS	$151,100
74801	Monroe	Monroe County Soil and Water Conservation District	Streambank Stabilization and Riparian Buffer Project Monroe County	The Monroe County Soil and Water Conservation District will restore and stabilize a severely eroded section of the Black Creek, install a riparian buffer, create a flood relief channel to protect the practices, and provide training and education to professionals, officials and the public.	DEC WQIP NPS	$409,888
76747	Monroe	New York State Tourism Industry Association	International Marketing Initiative	New York State Tourism Industry Association created a unique international cooperative marketing initiative in which destinations around the state can leverage Brand USA's global programs and platforms. These opportunities are available through NYSTIA.	ESD MNY	$382,500
76675	Monroe	Opalux Incorporated	Opalux Advanced Manufacturing Facility	Opalux will open a new facility at Eastman Business Park and purchase machinery and equipment for advanced manufacturing and commercialization of tunable photonic crystals.	ESD Grants	$400,000
76550	Monroe	OptiPro Systems, LLC	OptiPro Expansion	OptiPro Systems will build an addition and purchase new machinery and equipment.	ESD Grants	$600,000
74106	Monroe	Rochester Childfirst Network	Rochester Childfirst Network Facility Upgrades	The project includes renovations and energy efficiency upgrades to the Rochester Childfirst Network South Avenue facility, enabling the organization to continue to provide affordable child and care in a quality learning environment.	ESD Grants	$100,000
75480	Monroe	Rochester City School District	Nurse Assistant Training Program	Rochester City School District's Office of Adult Career Education Services (OACES)' Nurse Assistant Training Program will enable trainees to complete the Nurse Assistant Training Program, obtain their First Aid/CPR certifications, sit for the NYS Nurse Assistant exam, and be interviewed for healthcare positions.	DOL UWT	$100,000
73189	Monroe	Rochester Community TV Inc.	Restoring the Frederick Douglass Legacy	Re-Energizing the Legacy of Frederick Douglass is a public art project, exhibition and community-wide reflection commemorating the 200th anniversary of his birth. The project will place a series of life size statues of Douglass at downtown locations along with a interpretive material and exhibit.	Arts ACIP	$75,000
74452	Monroe	Rochester Fringe Festival	Rochester Fringe Festival Marketing Red Ball Project	Red Ball Rochester is a traveling public art piece, created for Rochester by artist Kurt Perschke. Moving through the city with a new site each day, the 15-foot, 250-pound ball surprises, intrigues and stimulates audiences who become not just spectators but participants in the act of imagination.	Arts ACIP	$32,600
73204	Monroe	Rochester General Health System	CNA to LPN Training	Rochester General Health System will provide Licensed Practical Nurse (LPN) skill development as part of an overall Nursing Workforce Development pipeline.	DOL EET	$100,000
72946	Monroe	Rochester Institute of Technology	Electronics Manufacturing and Assembly Training for Veterans	The Rochester Institute of Technology will provide training to unemployed or under-employed veterans or displaced workers in the areas of: hole and surface mount electronics assembly; soldering; workmanship and industry standards; rework/ repair of electronic assemblies; and problem-solving skills.	DOL UWT	$98,258
76730	Monroe	Rochester Institute of Technology	RIT Cell and Tissue Technologies Laboratory	RIT will create and equip shared laboratory space supporting the development of Life Sciences Technologies, specifically devices that interact with biological cells and tissues.	ESD Grants	$110,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
76900	Monroe	Rochester Institute of Technology	RIT Food Waste Utilization and Upcycling Testbed Phase 1	RIT will purchase and install equipment related to research of food waste reduction, water efficiency and energy saving technologies at the Center for Food System Innovation at the Golisano Institute of Sustainability.	ESD Grants	$50,000
77079	Monroe	Rochester Museum Science Center	Gateway to Science and Optics Phase II	Rochester Museum Science Center will undertake Phase 2 of a renovation project, replacing the current disintegrating driveway between the Museum and Strasenburgh Planetarium with a 4,000 square foot Gateway Building. This progressively designed, environmentally sensitive building featuring energy-efficient floor to ceiling glass walls, an open lobby and new welcome desk will offer visitors enhanced amenities and improve operational efficiency.	ESD MNY	$1,000,000
73696	Monroe	Rochester Philharmonic Orchestra, Inc.	RPO Erie Canal Concerts	The Rochester Philharmonic Orchestra will perform 3 free community outdoor concerts in the summer along the Erie Canal to commemorate the Canal's Bicentennial. One full-orchestra concert will be held on the 4th of July in downtown Rochester and the other two in nearby towns along the Canal, attracting over 14,000 spectators.	Arts ACIP	$75,000
76335	Monroe	Rochester Rehabilitation Center, Inc.	Skill Development Employment Training Program	Rochester Rehabilitation Center will train eligible employees with relevant IT Advanced Manufacturing training programs such as the Electronic Document Specialist and document imaging/Cloud storage training programs.	DOL EET	$100,000
76335	Monroe	Rochester Rehabilitation Center, Inc.	Skill Development Employment Training Program	Rochester Rehabilitation Center, Inc. will prepare individuals to compete and receive a certificate as a Document Management Specialist.	DOL UWT	$100,000
75268	Monroe	Rochester Stadium Operations LLC	Upgrades to Capelli Sports Stadium	Capelli Sports Stadium upgrade of video production equipment to high-definition capabilities, replacement of replay equipment, and sound board improvements to meet United Soccer League requirements.	ESD Grants	$100,000
76104	Monroe	RT Solutions	RT Solutions Expansion	RT Solutions will build an addition on to an existing building and purchase new equipment to increase production.	ESD EJP	$100,000
76104	Monroe	RT Solutions	RT Solutions Expansion	RT Solutions will build an addition on to an existing building and purchase new equipment to increase production.	ESD Grants	$200,000
74608	Monroe	The College at Brockport	Erie Canal Interdisciplinary Research Laboratory	This project proposes to construct a new multi-use trail along the south side of the Erie Canal from Commissary Park on the campus of the State University of New York College at Brockport. Along with this trail creating a more attractive, pedestrian friendly connection between the College, the Village of Brockport, and the Town of Sweden, this trail would be accessible to people with mobility impairments and the overall project offers new avenues for student/ faculty to engage more deeply with the surrounding community.	Canals	$57,000
75321	Monroe	The Little Theatre Film Society	The Little Theatre Upgrade Project	The Little Theatre Multi-Use Upgrade Project will transform the theaters into 21st century performance venues while preserving their integrity as historic arts and cultural cornerstones of Rochester's downtown.	Arts ACFIP	$550,000
75803	Monroe	The Rochester School of the Holy Childhood, Inc.	Direct Support Professional Training	The Rochester School of the Holy Childhood will provide training in the following skill areas: problem analysis and decision-making, effective communication, creative thinking, leading in a diverse and inclusive culture, and conflict management.	DOL EET	$24,875

Finger Lakes

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
75387	Monroe	Tracy Street Realty LLC	Alexander Park Building 1	Tracy Street Realty will construct a 4-story mixed use building at the former Genesee Hospital site. The first floor will be occupied by local software development company currently undergoing an expansion. The upper floors of the building will be residential apartments.	ESD Grants	$500,000
77246	Monroe	Vigneri Chocolate Inc.	Vigneri Chocolate Expansion	Vigneri Chocolate will open a new larger manufacturing facility that will include a Experience and Innovation Center, café and gift shop.	ESD Grants	$620,000
72987	Monroe	Visit Rochester	Family Market Tourism Marketing Plan	Visit Rochester will use research and effective marketing concepts based on 5 years' of family market experience, to entice 4,000 families to visit. Targeted audiences will receive compelling messages and information on the unique, exceptional family features that exist in close proximity to each other in the region.	ESD MNY	$60,000
77143	Ontario	City of Canandaigua	Promotion and Protection of Canandaigua Lake Phase III	The City of Canandaigua and the Canandaigua Lake Watershed Council will implement three projects to address flooding, water quality and public access to Canandaigua Lake. Projects will include restoration of a 3+ acre water quality area along Cottage City Drive to reduce flooding impacts, preparation of a Naples Creek Flood Resiliency Study and Naples Creek floodplain reconnection and preparation of a City of Canandaigua Waterfront Parks Master Plan to address increased usage demands.	DOS LWRP	$241,600
73330	Ontario	City of Geneva	City of Geneva Microenterprise Program	Funds will be used to assist in the establishment of a Microenterprise Program.	HCR CDBGME	$200,000
75254	Ontario	City of Geneva	Dove Block Redevelopment	The City will assist in the renovation of the Dove Block, 459 Exchange Street.	HCR NYMS	$500,000
72811	Ontario	City of Geneva	Inflow and Infiltration Study	The City of Geneva will complete an engineering report to assess the current state of repair of the most critical sewer segments and will allow the City to prioritize the needed inflow and infiltration repair spending.	DEC EPG	$30,000
74946	Ontario	County of Ontario	Finger Lakes Community College Quality Flood Resiliency and Habitat Enhancement Project	The County of Ontario will reconnect Fall Brook to its floodplain and enhance and create wetlands over a 17 acre area. The project will reduce pollutants, increase flood resiliency, and enhance habitat value.	DEC WQIP NPS	$262,400
73430	Ontario	Finger Lakes Community College	LPN Training	Finger Lakes Community College Existing Employee Healthcare Training Program will provide eligible, current Rochester Regional Health care system nursing assistants with skills training to become licensed practical nurses.	DOL EET	$100,000
73591	Ontario	Hobart and William Smith Colleges	HWS Downtown Center for Entrepreneurship	Hobart and William Smith Colleges will convert a building into an Entrepreneurial Center at 22 Castle Street, Geneva, New York.	ESD Grants	$250,000
74482	Ontario	New York Wine & Culinary Center	Facility & Programmatic Expansion	The NY Wine & Culinary Center will undertake renovations to the center creating a patio cafe, exterior lighting enhancements and new restrooms.	ESD Grants	$50,000
74482	Ontario	New York Wine & Culinary Center	Wine & Culinary Center Facility and Programmatic Expansion	New York Wine & Culinary Center will increase agritourism by enhancing their ability to showcase New York's unique craft beverage, agriculture, and culinary industries through: renovations and facilities updates to improve the customer experience; and enhanced marketing of special event series featuring regional craft beverages.	ESD MNY	$379,700

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
74087	Ontario	New York Wine Grape Foundation	Wine Tourism Research Marketing Project	New York Wine Grape Foundation will uncover proven and effective approaches to generate wine tourism, develop a visitor profile for NYS wine tourists, and equip NYS wine trails with the tools to attract and grow their wine tourism.	ESD MNY	$93,750
76957	Ontario	Rochester Museum Science Center	Cumming Nature Center Trails Improvement	Rochester Museum and Science Center will refurbish the recreational trail systems, repair a trailside structure and purchase of upgraded motorized grooming equipment for increasing year-round trail usage. The trail refurbish will increase access and safety to the remote parts of the Cumming Nature Center's preserve.	OPRHP RTP NMD	$50,695
76150	Ontario	The Perfect Granola, LLC	The Perfect Granola Facility	The Perfect Granola will Renovate a vacant building for food manufacturing and co-packing operations including purchase and upgrades of machinery and equipment.	ESD EJP	$250,000
76150	Ontario	The Perfect Granola, LLC	The Perfect Granola Facility	The Perfect Granola will Renovate a vacant building for food manufacturing and co-packing operations including purchase and upgrades of machinery and equipment.	ESD Grants	$260,000
76013	Ontario	Town of Victor	Municipal Separate Storm Sewer System Mapping	The Town of Victor will create a GIS-based comprehensive MS4 map that will catalog and display the Town's storm sewer system, the location of outfalls, and boundaries of the storm sewershed. This project will help manage stormwater infrastructure, keep track of when features were last inspected, replaced or repaired, identify priority areas of concern, and identify, locate and eliminate illicit discharges.	DEC WQIP MS4	$90,000
75915	Ontario	Town of Victor	Victor Consolidated Fire District	The Village of Victor Fire Department and the Fishers Fire District will consolidate and form a new Victor Consolidated Fire District to serve the entire Town and Village of Victor. The town-wide fire district will be staffed 24/7 by paid firefighters, recruit volunteers and set one fair, and stable fire tax rate for all residents.	DOS LGE	$239,400
75132	Ontario	Victor Local Development Corporation	Cobblestone Anchor Revitalization	Victor Local Development Corporation will assist in the renovation of a mixed-use anchor building located in Downtown Victor.	HCR NYMS	$500,000
72831	Ontario	Village of Clifton Springs	Inflow and Infiltration Study	The Village of Clifton Springs will complete an engineering report to conduct an inflow and infiltration study of the Village collection system along with an investigation into wet weather surge impacts on the wastewater treatment plant.	DEC EPG	$50,000
73320	Ontario	Village of Manchester	Inflow and Infiltration Study	The Village of Manchester will complete an engineering report to evaluate improvements, including drainage improvements, to reduce inflow and infiltration into the sanitary sewer system on State Street.	DEC EPG	$30,000
76508	Ontario	Village of Manchester	Shortsville Manchester Wastewater Treatment Plant	The Village of Manchester will complete an engineering report to determine the best way to meet the wastewater treatment plant's disinfection requirement.	DEC EPG	$6,320
73114	Ontario	Village of Naples	Collection and Treatment System - Wastewater Effluent Disinfection	The Village of Naples will construct a public sewer system for commercial and residential parcels along the Main Street corridor, replacing inadequate or failed septic systems. This project will reduce levels of nutrients and pathogens in receiving waterbodies, protect the Village's drinking water supply and protect Naples Creek, a spawning trout stream.	DEC WQIP WWT	$4,247,423

Finger Lakes

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
75235	Ontario	Village of Naples	Enhanced Stormwater Treatment through Street Sweeping	The Village of Naples will purchase a high-efficiency vacuum street sweeper to remove road salt, sweep Village and Town of Naples roads, and clean catch basins. This is expected to decrease pollution runoff to and improve water quality for Naples Creek and Canandaigua Lake, important trout waters and a drinking water supply.	DEC WQIP NPS	$191,032
75135	Ontario	Village of Victor	Downtown Victor Revitalization Plan Victor	The Village of Victor will undertake a revitalization plan to assess the existing conditions, current strengths and weaknesses of Downtown that will provide a framework for the future development of the historic commercial core.	ESD SPFS	$25,000
52340	Ontario	Writers & Books Inc.	The Gell Center Facility Expansion	Writers & Books, a Rochester community-based literary center, will expand the facilities at its rural campus, Gell: A Finger Lakes Creative Retreat located near Naples, N.Y., to create residential housing, accommodating up to 25 writers and literary program participants on an extended basis.	Arts ACFIP	$527,000
74892	Orleans	Orleans County	Local Waterfront Revitalization Program	The County of Orleans, in partnership with the Villages of Albion and Holley and the Towns of Shelby, Ridgeway, Albion, Gaines, and Murray, will prepare a Local Waterfront Revitalization Program (LWRP) for twenty-four miles of Erie Canal waterfront. The LWRP will create a regional vision for capitalizing on community assets, spark strategic capital investment in downtown areas, develop proposed land and water uses and identify projects to advance revitalization.	DOS LWRP	$62,000
73628	Orleans	Orleans County	Orleans County Water Sewer Efficiency Study	Orleans County will assess the feasibility of a regional water system leveraging the water treatment plant in the Village of Albion, serving the Village and the Towns of Albion, Barre, Carlton, Gaines, Murray and Ridgeway. A regional system will allow for the consolidation of water meter reading, water billing, and potentially water distribution system repairs while creating capacity to serve new communities and new business.	DOS LGE P	$50,000
74001	Orleans	Village of Medina	Local Waterfront Revitalization Program	The Village of Medina will prepare a Local Waterfront Revitalization Program (LWRP) to identify appropriate land and water uses, projects, and public enhancements along its Erie Canal waterfront. The LWRP will build on the Village's commitment to canal and downtown revitalization, and address issues related to the lack of waterfront access, poor connectivity between the waterfront and downtown, and limited availability of water-related recreational opportunities.	DOS LWRP	$37,500
65882	Seneca	Seneca Cayuga Counties Chapter NYSARC Inc.	Automated Modular Digital Precision Fabric Cutting Factory Start Up	The project includes upgrades to equipment with a modular Digital Precision Fabric Cutting system.	ESD Grants	$50,000
75817	Seneca	Town Seneca Falls	Wastewater Treatment Plant Evaluation	The Town of Seneca Falls will complete an engineering report to evaluate processes and equipment at its wastewater treatment plant.	DEC EPG	$30,000
73961	Wayne	Rochester Network Supply, Inc	Rochester Network Supply Inc. Expansion	Rochester Network Supply Inc. will acquire and renovate a new facility to accommodate growth of the company's network equipment warehousing and supply capabilities, and expanded office space.	ESD Grants	$230,000
75864	Wayne	Town of Ontario	Wastewater Treatment Plant Disinfection	The Town of Ontario will complete an engineering report to evaluate potential solutions to improve the effluent from their wastewater treatment plant.	DEC EPG	$30,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
73515	Wayne	Village of Clyde	Village of Clyde Canal Access Improvements	Village of Clyde will complete a study to determine the feasibility of improving canal access. The possible improvements to existing docks, streambank stabilization, safety improvements and accessibility to existing docks would be reviewed to draw tourists and provide new opportunities to access the Erie Canal.	OPRHP PKS P	$37,500
74303	Wayne	Village of Clyde	Wastewater Treatment Plant Evaluation	The Village of Clyde will complete an engineering report to evaluate the needs of the Village's existing wastewater treatment plant and recommend appropriate improvements.	DEC EPG	$20,000
75155	Wayne	Wayne ARC	Street of Shops	Wayne ARC, located in Downtown Newark, is planning to renovate up to 10,500 square feet of space at their facilities on Van Buren Street adjacent to the Canal. The renovated facility will provide retail, restaurant, associated kitchen space and an upgraded print shop that will provide additional job opportunities for disabled individuals and Newark residents. Renovation of the facility will also provide Wayne ARC with additional revenues that will improve their economic sustainability over the long term.	Canals	$150,000
70300	Wayne	Wayne County	Wayne County Community Needs Assessment	Funds will be used to complete a Community Needs Assessment to address slums and blight in the County.	HCR CDBGCP	$47,500
76382	Wayne	Wayne Finger Lakes BOCES	Certified Nursing Assistant Program	Wayne Finger Lakes (WFL) BOCES will provide job skills training to prepare adult learners as a New York State Certified Nurse's Assistant.	DOL UWT	$59,712
75712	Wyoming	Village of Arcade	Inflow and Infiltration Study	The Village of Arcade will complete an engineering report to conduct a closed caption television survey, dye test and cleaning of 7,250 linear feet of sewer line.	DEC EPG	$30,000
74335	Wyoming	Village of Attica	Village of Attica Sanitary Sewer System Improvements	Funds will be used for improvements to the Village sanitary sewer system.	HCR CDBGPIPF	$700,000
75134	Yates	Finger Lakes Economic Development Center	Revitalize Penn Yan Main Street	The Finger Lakes Economic Development Center will assist in the renovation of mixed-use buildings located in the Village of Penn Yan's historic downtown.	HCR NYMS	$300,000
75019	Yates	Village of Dundee	Green Gateway Streetscape Improvement	The Village of Dundee will use porous pavement, stormwater street trees, bioretention bump outs and downspout disconnections to implement a new stormwater management system along their downtown corridor. This project will reduce localized flooding and provide a safer environment for downtown residents and visitors.	EFC GIGP	$1,325,000
74416	Yates	Village of Dundee	Inflow and Infiltration Study	The Village of Dundee will complete an engineering report to study inflow and infiltration (I/I) throughout the entire village to identify/isolate areas within the gravity collection system that are excessive sources of I/I.	DEC EPG	$30,000
71984	Yates	Yates County	Vine Valley Boat Launch Facility	The improvements consist of on-shore regrading, installation of a concrete boat launch, acquisition of an accessible removable dock system, wayfinding signage, collection station for invasive species and improved beach front area.	OPRHP PKS D	$41,597

Finger Lakes

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
74806	Yates	Yates County IDA	Seneca Lake Irrigation	Yates County will build an irrigation system to irrigate up to 5000 acres of land that is currently being used to grow a wide variety of primarily organic crops.	ESD SPFS	$17,500
72965	Yates	Yates Cultural Recreational Resources, Inc.	Yates County Recreation Complex	Yates Cultural Recreation Resources, Inc. will create a recreation complex containing athletic fields, pavilions and walking trails, parking lot, and road access to fields, electrical infrastructure, drainage and irrigation. The creation of a park setting will provide for educational and recreational opportunities for the community.	OPRHP PKS D	$500,000
		Excelsior Jobs Credits		Excelsior Jobs Program tax Credits will be reserved for future projects including business investments in targeted industries that are within the region and that create or retain jobs, create capital investment and are consistent with the Strategic Plan.	ESD EJPB	$5,000,000
		Low Cost Economic Development Financing		Federal Industrial Development Bond (IDB) Cap will be made available for state and local government issuers to sell tax-exempt bonds for eligible economic development, infrastructure and community revitalization efforts.	ESD IDBC	$25,000,000
		NYSERDA Energy Efficiency Projects	19 Energy Efficiency Projects Submitted	NYSERDA's Commercial and Industrial (C&I) programs offer businesses in New York State solutions to improve energy efficiency and save money through design, new construction, renovation, and process improvements to commercial and industrial buildings. The Commercial New Construction Program can help building owners make informed decisions about designing and renovating sustainable buildings. The FlexTech Program offers energy-saving opportunities through consultation and cost-shared studies. The Industrial and Process Efficiency Program can help organizations increase manufacturing output and data processing efficiency.	NYSERDA EE

$67.3 million awarded to 83 projects

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
74933	Broome	BFSS, LLC	Health Sciences Campus Development - CFA	The project includes the demolition, remediation and rough grading of critical sites in close proximity to the new Binghamton University Johnson City Campus. Aged structures at these sites must be demolished and remediated to ensure the safety and security of the faculty, staff, students and community members who will live and work at or near the campus.	ESD Grants	$1,500,000
74319	Broome	Broome County	Airport Corporate Park Planning	Broome County will undertake a study to analyze its options for alternate revenue generation to improve and accelerate economic development, investment attraction, and supply chain development at the Greater Binghamton Airport (BGM), which has experienced challenges including the recent loss of airline services provided by United and American Airlines.	ESD SPFS	$67,000
73034	Broome	Broome County	Government Plaza Green Infrastructure	Broome County will retrofit two public spaces in its Government Plaza with green roofs, stormwater planters, stormwater harvest and reuse system, porous pavers, bioretention, downspout disconnection and stormwater trees. These green infrastructure practices will capture, filter and infiltrate stormwater while making necessary structural upgrades to the plaza.	EFC GIGP	$1,700,000
75440	Broome	Broome County	Otsiningo Park Enhancements Phase I	Broome County will work with the Spiedie Fest Balloon Rally Inc. to develop a new marketing plan that specifically targets visitors who live outside of New York State, including new targeted advertising and promotions, as well as print materials to increase awareness of the event. Additionally, the project will include an updated Spiedie Fest Music Concert Series, and a free bus shuttle from nearby SUNY Broome.	ESD MNY	$150,000
71972	Broome	City of Binghamton	City Hall GIGP	The City of Binghamton will make improvements to City Hall by installing a green roof, stormwater planters and a stormwater harvest and reuse system. This project will treat and store stormwater onsite for municipal operations such as the Fire Department and Department of Public Works to utilize as a water source.	EFC GIGP	$1,600,000
77039	Broome	Little Venice Retail, LLC	Little Venice Sauce Plant	Little Venice Retail, LLC will build a new facility to manufacture and package pasta sauces and dressings from the existing Little Venice Restaurant in Broome County. Little Venice Retail currently utilizes a co-packer outside of Broome County to manufacture and bottle their products. The new sauce production and packing facility in Broome County will support planned growth in production and sales and also provide packaging services to other local businesses.	ESD Grants	$200,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
77094	Broome	LUMA Projection Arts LLC	LUMA Projection Arts Festival 2017	LUMA Projection Arts LLC will present a tourism special event entitled "LUMA", increasing visitation to downtown Binghamton and NY's Southern Tier region, September 2018. The event makes use of high-end 20,000+ lumen projectors to project custom made animations designed by local, national, and international artists to fit the specific architecture of the building bringing that building to life.	ESD MNY	$71,250
73881	Broome	NYSARC Inc./ ACHIEVE	ACHIEVE: Building Bridges to Independence	ACHIEVE will repurpose a location in Binghamton into both an Adult Social Program as well as an Employment Services Department which will provide meeting space and offices to address the critical need of placing individuals who can no longer work in sheltered employment centers into other meaningful day service options.	ESD Grants	$202,000
76546	Broome	Southern Tier Hemp	Hemp Processing in Binghamton	Southern Tier Hemp will build processing lines for industrial hemp and will develop, manufacture and sell cannabidiol-based health products. The first processing line will extract plant oils to be used in the production of wellness products, supplements and superfoods. An additional processing line will preserve and separate nutrients for food applications. The processing capacity will play a key role in establishing the region as a global leader of industrial hemp manufactured products.	ESD Grants	$650,000
74156	Broome	Village of Deposit	Village of Deposit Waster Water Treatment Plant Improvements	Funds will be used to make improvements to the Village wastewater treatment plant.	HCR CDBGPIPF	$750,000
75877	Broome	Village of Endicott	Chugnut Trail Extension Construction	The Village of Endicott will construct an extension of the Chugnut Trail along the Susquehanna River. The new multi-use trail will extend approximately 1,500 feet between Mercereau Park and the proposed trailhead near Vestal Avenue.	DOS LWRP	$75,000
75766	Broome	Village of Endicott	George W. Johnson Carousel Rehabilitation Project	Village of Endicott will make upgrades needed to maintain the structure of a George W. Johnson Carousel built by Hershell Corporation Carousel. Work will include replacement of roof rafters, installation of gutters, window and door replacements, mechanical upgrades, accessibility improvements, LED lighting and sound system upgrades and repairs to the carousel horses and chariots.	OPRHP HAS D	$129,000
72731	Broome	Village of Endicott	Water Pollution Control Plant Inflow and Infiltration Study	The Village of Endicott will complete an engineering report to study the condition of the collection system and sources of Inflow and Infiltration.	DEC EPG	$50,000
72153	Broome, Chemung, Chenango, Delaware, Schuyler, Steuben, Tioga, Tompkins	Cornell Cooperative Extension of Broome County	Positioning Southern Tier Producers for New York State Grown Certified	Cornell Cooperative Extension of Broome County will identify Southern Tier Farmers, in all eight counties to join the New York State Grown & Certified program. This will be accomplished through a combination of financial and technical assistance and on-farm support provided by CCE-BC and partners throughout the region.	Ag & Mkts GCAP	$500,000
76701	Broome, Chemung, Chenango, Delaware, Schuyler, Steuben, Tioga, Tompkins	Tioga County Soil and Water Conservation District	Expanding Wetland Work in the Upper Susquehanna River Watershed	Tioga County Soil and Water Conservation District will construct wetlands on both state and privately-owned lands throughout the Susquehanna River Watershed. This project will result in the capture of nitrogen, phosphorus and sediment from runoff that would otherwise end up in the Chesapeake Bay.	DEC WQIP NPS	$314,425

Southern Tier

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
75364	Broome, Delaware	Town of Deposit	Installation of Audible Flood Warning System	The Town of Deposit will install an audible warning system, including sirens in four locations, to help warn visitors to the Delaware River and environs of flood conditions. In partnership with Delaware and Broome Counites, the Town will also develop an operation plan, train local officials and first responders in operation and management of the system, and will conduct a public outreach campaign on the system and its use as part of an emergency evacuation.	DEC CSC	$37,791
74270	Chemung	Beecher Emission Solution Technologies, LLC	BEST Consolidated and Growth - Phase I	The company is a locally owned business that is experiencing significant stabilization and growth with sales and service in multiple markets across the United States and overseas. This proposed Phase-I project includes BEST purchasing the 188,000 square foot former Schweizer Aircraft Corporation manufacturing facility in the Town of Big Flats, Chemung County, NY to allow for business expansion and centralizing all manufacturing operations and employees.	ESD Grants	$800,000
74334	Chemung	Elmira College Center for Mark Twain Studies	Quarry Farm Historic Structures Report	The Center for Mark Twain Studies will complete a Historical Structures Report at Quarry Farm. The conditions assessment would include a preservation plan, management goals and recommended work to the property for properly maintaining and preserving the building for future education and use.	OPRHP HP P	$45,150
77044	Chemung	Salient Management Company	Salient Management Company Expansion Project	Salient Management Company will purchase and renovate an existing office building in downtown Elmira in order to relocate existing operations and accommodate additional space needed for growth in company sales and employees. Salient Management Company specializes in developing computer software for business performance management solutions.	ESD EJP	$100,000
77044	Chemung	Salient Management Company	Salient Management Company Expansion Project	Salient Management Company will purchase and renovate an existing office building in downtown Elmira in order to relocate existing operations and accommodate additional space needed for growth in company sales and employees. Salient Management Company specializes in developing computer software for business performance management solutions.	ESD Grants	$660,000
76112	Chemung	SEPAC, Inc	SEPAC Expansion and Acquisition	SEPAC will acquire a disruptive technology company and move it to Elmira. This acquisition will set in motion a collision of technologies, skills, capabilities, and customers to scale a small locally owned manufacturing company into a major job creating facility.	ESD Grants	$1,500,000
72290	Chemung	Tanglewood Community Nature Center, Inc.	Trail Maintenance Equipment Purchase	Tanglewood Community Nature Center, Inc. will purchase a large tractor and lawn tractor to maintain the current trial system. The purchase of new equipment will allow staff and volunteers to be safer and more efficient maintaining our hiking trails. Monies spent on repairs of older equipment can be placed towards improving trails used by community members and visitors.	OPRHP RTP NMD	$42,256
76500	Chemung	The Sterling Group of MD, LLC	1 Clemens Square Commercial Development Project	The Sterling Group will rehabilitate a deteriorated vacant commercial plaza into the “Queen City Executive Office Center.” The space will include a full service restaurant and boutique office and retail space as well as a small business development center which will assist small business and organizations. The small business development center will provide its clients with quality office space within the center in which to grow.	ESD Grants	$90,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
73612	Chemung	Town of Big Flats	Climate Smart Comprehensive Planning and Guidance	The Town of Big Flats will conduct a comprehensive planning process that will introduce the threat of climate change and potential strategies for combating and adapting to future climate conditions. Work will include a Local Government Operations Greenhouse Gas Emissions Inventory, Vulnerability Assessment, and preparation of a Climate Planning Guide that will detail the process and lessons learned in Big Flats to assist other municipalities with similar planning efforts.	DEC CSC C	$45,000
76886	Chemung	Town of Big Flats	Town of Big Flats Economic Development Plan	The Town of Big Flats will commission a professionally prepared economic development plan, to assure the Town's many assets are aligned and prioritized to maximize economic growth to study the impact of a vastly expanded airport and least 600 new high-quality jobs within the next 3 years throughout the I-86 Innovation Corridor.	ESD SPFS	$11,500
77131	Chemung	Town of Southport	Town of Southport Fairway-Phoenix Area Sewer	The Town of Southport will complete an engineering report to plan public sanitary sewer in a section of the Town with on-site septic systems.	DEC EPG	$12,000
75188	Chemung	Town of Southport	Town of Southport Sewer Project	The Town of Southport will sewer approximately 381 residential and commercial parcels that are currently unsewered. This project will replace on-site sewage disposal systems, most of which do not meet New York State Department of Health minimum standards. This project will help protect the drinking water quality of the public served by the Elmira Water Board and all other downstream water users.	DEC WQIP WWT	$2,031,500
72209	Chemung, Schuyler, Steuben	Chemung County Historical Society	Points of Inspiration	The Points of Inspiration project will add a third driving trail, "Innovators and Technology", to our two existing trails. The project will also create a new permanent database of arts, cultural, scenic beauty and other related assets in the region for use by Tourism Promotion Agencies and other partners.	Arts ACIP	$20,000
76501	Chenango	Removal Corp	Norwich Hotel Project	Removal Corporation will transform an existing 3-story vacant building into a new 60-room hotel in the City of Norwich central business district. The new hotel will contribute to the revitalization of downtown Norwich and will create long-term, permanent employment.	ESD Grants	$500,000
76169	Chenango	Village of Sherburne	Wastewater Treatment Plant Engineering Planning Grant	The Village of Sherburne will complete an engineering report to evaluate the existing systems and equipment and determine what upgrades and improvements need to be made.	DEC EPG	$30,000
73895	Delaware	ACCO Brands USA LLC	ACCO Expansion	ACCO Brands USA LLC will undertake equipment and plant renovations at their facility in Sidney. This two-year program of investment will upgrade current equipment in order to increase efficiency, expand production lines and capacity, to begin the on-shoring of certain production opportunities and to increase overall worker safety.	ESD Grants	$700,000
74419	Delaware	Bright Hill Press, Inc.	War, Words, Dance: A Collaboration	Bright Hill Press, Inc. in collaboration with Lake Arts Project and Feast of Crispian presents War, Words, Dance: A Collaboration. This project brings veterans of war, professional dance choreographers and high school student artists together for an exploration of Shakespeare through live performances.	Arts ACIP	$27,260
75799	Delaware	Catskill Development Foundation	Delaware County Agricultural Product Processing Facility	The Catskill Development Foundation will evaluate the feasibility of building a shared USDA-certified kitchen and meat processing facility in Delhi. The Foundation will document and quantify the need and interest of regional farmers for a facility to process locally grown foods, and to assess the feasibility of financing and operating such a facility.	ESD SPFS	$22,000

Southern Tier

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
76616	Delaware	Franklin Stock Company at Chapel Hall, Inc.	Administrative Workforce Expansion	Franklin Stage Company will expand one Co-Artistic Director role into a full-time Executive Director to lead an organizational revitalization in 3 key areas: fundraising, facilities and programming/community outreach.	Arts WIP	$40,000
75303	Delaware	Jay Gould Memorial Church of Roxbury	Jay Gould Memorial Church Restoration	The Jay Gould Memorial Church of Roxbury will repair, preserve and stabilize the church structure and restore deteriorating stained-glass windows in the West transept area of the building.	OPRHP HP D	$262,495
76312	Delaware	MARK Project, Inc.	Catskill Tourism Facilities Enhancement Project	MARK Project, Inc. will build a state of the art interpretive exhibit space at the Maurice D. Hinchey Catskill Interpretive Center. Additionally, development of ADA compliant restrooms and HVAC System, at the satellite location, the Delaware and Ulster Railroad, will be implemented to increase ridership, extend the operating season, and increase outdoor recreation opportunities in the area.	ESD MNY	$165,000
32548	Delaware	Spillian LLC	Catskills Trout Tales Marketing Program	The Catskill Trout Tales, tourism marketing program will be developed and implemented to motivate visitors to come and stay in the Catskills tourism area and Southern Tier region. Supported by a "passport", this marketing promotion offers visitors an opportunity to collect stamps to win a prize by attending a majority of the events and/or frequenting partnering business locations.	ESD MNY	$50,000
73878	Delaware	Tin Horn Properties, LLC	Tin Horn Properties Renovation	Tin Horn Properties, LLC will acquire and renovate a vacant and deteriorating Main Street property for the purpose of creating commercial office space to enable GreenSlate Holdings, LLC to expand their current operations, a full service accounting, payroll and human resource services provider that works exclusively with the television and film industries.	ESD Grants	$150,000
76793	Delaware	Town of Colchester	Installation of Audible Flood Warning System	The Town of Colchester will install an audible warning system, including sirens in four locations, to help warn visitors to the Delaware River and environs of flood conditions. In partnership with Delaware County, the Town will also develop an operation plan, train local officials and first responders in operation and management of the system, and will conduct a public outreach campaign on the system and its use as part of an emergency evacuation.	DEC CSC	$37,791
72391	Delaware	Town of Hancock	Town of Hancock East Branch Water District Improvements	Funds will be used to develop a new water supply for the East Branch Water District.	HCR CDBGPIPF	$595,500
75568	Delaware	Town of Roxbury	Grand Gorge Water Districts Water Supply Improvement Projects	The Town of Roxbury will install a new 350 gpm well and purchase approximately 14.7 acres that will protect the existing well and the new well. The project will provide a new water source as well as adequately protect both existing and new sources in accordance with current regulations.	DEC WQIP SWP	$162,450
74822	Schuyler	Lucky Hare Brewing Company, Inc.	Premium Beverage Production Expansion	Lucky Hare will expand production of its core line of products as well as expand its offering within the craft beer space.	ESD Grants	$198,000
72179	Schuyler	Schuyler County	Redevelopment of Seneca Lake Waterfront - Phase II	Schuyler County implement projects to enhance the Seneca Lake waterfront in the Village of Watkins Glen. Projects will include design and construction of a four-season pavilion including restrooms and a commercial grade kitchen in Clute Park and preparation of a Reuse Feasibility Study to explore options for redevelopment of the soon to be decommissioned lakefront Waste Water Treatment Plant.	DOS LWRP	$1,319,362

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
76517	Schuyler	Town of Hector	Salt Storage Facility	The Town of Hector will relocate their outdoor salt storage pile and construct a salt storage facility on a new site in Burdett. The new facility will prevent runoff and contamination issues that currently affect the area around the outdoor salt pile, and protect local water sources.	DEC WQIP Salt	$352,414
73709	Schuyler	Town of Hector	Town of Hector's Smith Park Facility Upgrade	Town of Hector will upgrade the water system and make improvements to make the bathrooms ADA compliant at Smith Park. Water supply lines will be replaced to minimize the risk of failure, improve water pressure, and bring service up to State standards.	OPRHP PKS D	$204,206
74257	Schuyler	Village of Montour Falls	Village of Montour Falls Water System Improvements	Funds will be used to make improvements to the water treatment and distribution systems.	HCR CDBGPIPF	$750,000
75648	Steuben	City of Corning	Wastewater Collection System Needs Assessment	The City of Corning will complete an engineering report to be utilized as a capital improvement plan for the infrastructure at the wastewater treatment plant and the collection system.	DEC EPG	$30,000
76393	Steuben	City of Corning	Wastewater Treatment Plant Phosphorus Treatment	The City of Corning will construct a bulk chemical storage facility at the City's wastewater treatment plant. The project will reduce phosphorous released into the watershed improving water quality.	DEC WQIP WWT	$552,500
73682	Steuben	City of Corning	Wastewater Treatment Plant UV Disinfection Project	The City of Corning will install a UV disinfection system at the wastewater treatment plant. The outcome will be to fully treat the effluent which reduces environmental contamination.	DEC WQIP WWT	$1,000,000
72051	Steuben	City of Hornell	City of Hornell Sanitary Sewer Collection System Improvements	Funds will be used to complete improvements to the sanitary sewer collection system.	HCR CDBGPIPF	$745,500
73544	Steuben	City of Hornell	Water Pollution Control Plant Study	The City of Hornell will complete an engineering report to evaluate the addition of ultraviolet effluent disinfection at the City's Water Pollution Control Plant as well as evaluate existing conditions at the plant and identify further improvements.	DEC EPG	$20,000
72223	Steuben	Corning Intown District Management Association, Inc.	Corning's Gaffer District Building Revitalization Project	Corning Intown District Management Association, Inc. will assist in the renovation of mixed-use buildings in the Corning's Gaffer District.	HCR NYMS	$188,610
72824	Steuben	Corning Museum of Glass	GlassBarge State Wide Tour	GlassBarge is an innovative program of The Corning Museum of Glass, developed to celebrate the 150th anniversary of glassmaking moving to Corning from Brooklyn. The GlassBarge statewide tour brings the artistry of glassblowing on a barge to waterfront communities from Brooklyn to Buffalo.	Arts ACIP	$75,000
72824	Steuben	Corning Museum of Glass	GlassBarge State Wide Tour	Corning Museum of Glass (CMoG) will install a mobile glassblowing studio on a canal barge (GlassBarge) to provide free public glassblowing demos at waterfront locations in NYS. Following a successful proof-of-concept tour on the Erie Canal in 2017, CMoG plans a statewide tour of NYS waterways for GlassBarge in 2018. The tour will celebrate the 150th anniversary of glassmaking coming to Corning from Brooklyn via the Hudson River, Erie Canal the Finger Lakes.	Canals	$148,000
72824	Steuben	Corning Museum of Glass	GlassBarge State Wide Tour	Corning Museum of Glass will install a mobile glassblowing studio on a canal barge to provide free public glassblowing demos at waterfront locations in NYS. This investment will create a unique floating attraction that can be utilized on NYS waterways for years to come.	ESD MNY	$246,625

Southern Tier

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
72507	Steuben	Golden Age Cheese Co., Inc.	Golden Age Cheese Expansion	Golden Age Cheese will construct a new state of the art cheese production facility in the Village of Painted Post which includes the construction of a new manufacturing facility in order to produce and develop new products. By increasing their need for local milk and adding jobs in cheese production the project will help fill a void in the market being created by the recent transfer of the Kraft facility in Campbell to Upstate Niagara.	ESD Grants	$2,100,000
75170	Steuben	Pro Action of Steuben and Yates, Inc.	Regional Accelerated Machinist Partnership Program	Pro Action of Steuben and Yates, Inc. will provide an Accelerated Machinist Partnership (AMP) training program and include additional supports to ensure successful completion and placement for all candidates.	DOL UWT	$83,417
74886	Steuben	The Corning Museum of Glass	Corning Museum of Glass Studio Expansion	The Corning Museum of Glass will undertake a capital project to expand the renowned glass working studio. The Studio will become the international comprehensive center for artists and students working with glass.	Arts ACFIP	$1,000,000
72518	Steuben	Town of Erwin	Erwin/Addison Wastewater Treatment Plant Upgrades	The Town of Erwin will improve the infrastructure and capacity of the existing Town of Erwin's Wastewater Treatment Plant (WWTP). The improvements will allow the transport of the Village of Addison's wastewater to the Town's system for treatment, and disposal. This implements the Intermunicipal Sewer Service Agreement between the two local governments. These improvements will also benefit sewer districts in the Town of Campbell which discharge to the Town of Erwin WWTP.	DOS LGE	$400,000
74293	Steuben	Town of Jasper	Inflow and Infiltration Study	The Town of Jasper will complete an engineering report to investigate inflow and infiltration in the wastewater collection system and identify areas for improvement.	DEC EPG	$30,000
73060	Steuben	Town of Urbana	Keuka Lake Waterfront Access Improvements	The Town of Urbana will design and construct improvements along Keuka Lake to increase public access and create a continuous connection between Hammondsport central business district, Depot Park, Curtiss Park and Champlin Beach. Construction will include a pedestrian bridge over the Keuka Inlet, a boardwalk and a bird watching observation tower to access the adjacent wetland areas, trailheads and kiosks, a ADA-compliant kayak launch and a trail through Curtiss Park connecting to Champlin Beach.	DOS LWRP	$683,603
72822	Steuben	Town of Woodhull	Municipal Wastewater Collection System and Wastewater Treatment Plant Project	The Town of Woodhull will develop a municipal wastewater collection system and wastewater treatment plant to serve the core area of the Town, as well as some outlying areas located within the original Village of Woodhull limits. This project will remove the need for private on-site septic systems for sanitary sewer disposal, reducing potential contamination of existing groundwater wells.	DEC WQIP WWT	$1,560,059
72822	Steuben	Town of Woodhull	Town of Woodhull Sanitary Sewer System	Funds will be used to develop a sanitary sewer system.	HCR CDBGPIPF	$1,000,000
74505	Steuben	Village of Addison	Village of Addison Comprehensive Water Planning Study	Funds will be used to complete a comprehensive water planning study of the Village's water system.	HCR CDBGCP	$50,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
72558	Steuben	Village of Painted Post	Wastewater Treatment Plant Disinfection Improvements	The Village of Painted Post will complete an engineering report to develop design alternatives, cost estimates and recommendations to install a disinfection system for the Village's wastewater treatment plant.	DEC EPG	$30,000
74807	Tioga	Midwestern Pet Foods, Inc.	Midwestern Pet Foods	Midwestern Pet Foods will purchase new machinery and equipment to more efficiently pack the Company's products to increase throughput and to improve the quality of the product.	ESD Grants	$152,000
74674	Tioga	Minka LLC	Owego Minka Printer	Minka LLC is a high-tech startup that applies world-class innovative design, 3-D and CNC manufacturing tools and robotics technologies to the problem of creating compact, affordable dwellings. The project will outfit an advanced manufacturing facility (AMF) located at 133 Central Avenue in Owego, N.Y., to convert a successful research and development project up to full production.	ESD Grants	$48,000
72532	Tioga	The Raymond-Hadley Corp.	RHC Equipment Facilities	Raymond-Hadley Corp. will undertake a phased approach to facility upgrades and capacity improvements to allow for expanded production capacity and throughput, meet evolving food safety & quality codes, and to improve efficiency by reducing changeover time.	ESD Grants	$50,000
72182	Tioga	Tioga County	Tioga County Mobile Dental Program	Funds will be used to expand the Tioga County mobile dental program.	HCR CDBGPIPF	$300,000
76847	Tioga	Tioga County Soil and Water Conservation District	Spencer Lake Stream Reconnectivity Project	Tioga County Soil and Water Conservation District will remove a concrete dam structure, restore the stream channel and reconnect the headwaters above Spencer Lake with the lower stream section. The project will allow fish and mussel passage and establish wetlands while maintaining flood attenuation benefit to the Town of Spencer.	DEC WQIP AHR	$76,723
72887	Tioga	Town of Owego	Davis House Sanitary Sewer Overflow Mitigation Project	The Town of Owego will replace sanitary sewer piping and manholes that currently have structural deficiencies resulting in infiltration into the sewer system causing sanitary sewer overflow. This project will help improve water quality in Brick Pond as well as address nutrient loading of the Susquehanna River.	DEC WQIP WWT	$492,022
73897	Tioga	Village of Waverly	Waverly Glen Park Master Plan Implementation	Village of Waverly will make repairs and upgrades to infrastructure and equipment at Waverly Glen Park. The project incorporates repaving of roads and parking areas, improving the park entrance for safe access, improving bathrooms, adding storage to the building, adding play structures, an amphitheater and stage for events, signage, repair to Upper Pavilion and installation of pathways to accommodate wheelchairs and strollers.	OPRHP PKS D	$490,000
77046	Tompkins	Cornell University	Cornell Engineering and Physical Sciences Incubator Plus	The Cornell Engineering and Physical Sciences Incubator Plus ("CEPSI+") will renovate office space, build laboratories, supportive HVAC, electrical and plumbing infrastructure, and purchase amenities and equipment for CEPSI+ to serve as a hub for Engineering and Physical Sciences entrepreneurship at Cornell, as an incubator for related startups, and as a global magnet for startup investment capital.	ESD Grants	$1,500,000
75831	Tompkins	Downtown Ithaca Business Improvement District, Inc.	100 West Development	The Downtown Ithaca Alliance will assist in the renovation of group of buildings known as 100 West.	HCR NYMS	$500,000

Southern Tier

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
77064	Tompkins	Finger Lakes Land Trust, Inc.	Six Mile Creek Watershed Conservation Partnership Land Acquisition and Restoration Project	The Finger Lakes Land Trust will place perpetual conservation easements on at least three priority parcels in the Six Mile Watershed and restore streamside riparian buffers where needed. This project will result in at least 300 acres of permanently protected lands including at least 10,000 feet of stream bank on Six Mile Creek and its tributaries helping to maintain the high water quality.	DEC WQIP SWP	$641,250
73206	Tompkins	Franziska Racker Centers, Inc.	Direct Support Professional Training	Franziska Racker Center will provide existing direct support staff with an incentive to complete a four-module training curriculum resulting in a national accreditation from the National Alliance of Direct Support Professionals.	DOL EET	$49,957
75890	Tompkins	Kitchen Theatre Company, Inc.	Workforce Training and Development Expansion	Kitchen Theatre Company will revamp and expand its training programs for young people, creating a two-tiered Professional Training and Development Program.	Arts WRP	$75,000
72960	Tompkins	The History Center in Tompkins County	Tompkins County Heritage Cultural Visitor Center	The Tompkins Center for History and Culture is a place to engage the public in a vibrant exploration of our unique community through history, heritage and cultural lenses. Further, it will act as a hub for visitors to be oriented to local and regional tourism opportunities.	Arts ACFIP	$1,060,000
72960	Tompkins	The History Center in Tompkins County	Tompkins County Visitor Center	The History Center in Tompkins County will undertake a project to construct and promote the combined Convention and Visitors Bureau (CVB) downtown visitors' center, The History Center and other history/heritage/cultural related organizations in the area, thereby creating a destination spot for residents and visitors, in the Southern Tier region. Given that the center will be on the Ithaca Commons, the economic benefit will come from increased visitors to that area.	ESD MNY	$305,000
77114	Tompkins	Tompkins County Soil and Water Conservation District	Cayuga Lake Stream Assessment and Implementation Program	Tompkins County Soil and Water Conservation District will prioritize then implement a minimum of 10 acres of floodplain reconnections/ reconstructions/riparian buffer installation and no less than 30 in-stream structures to minimize excessive sediment transport. The project will reduce sediment and phosphorus contributions within the Southern Shelf of Cayuga Lake.	DEC WQIP NPS	$564,520
74101	Tompkins	Town of Danby	Brown Road Creek Streambank Stabilization Project	The Town of Danby will use rock and bioengineering techniques to eliminate erosion on Brown Road in Town. The project will protect water quality and prevent sediment from entering the Cayuga Lake watershed.	DEC WQIP NPS	$435,322
74363	Tompkins	Town of Dryden	Dryden Rail Trail Phase 1	Town of Dryden will create a multi-use, non-motorized trail on the abandoned Lehigh Valley rail corridor. The parts of the trail will be cleared of vegetation, resurfaced and graded. The project includes installation of two timber pile-and-beam railroad bridges over Cascadilla Creek. The trials will connect with other trails in the area for commuter and recreational use.	OPRHP PKS D	$182,000
72680	Tompkins	Town of Dryden	Town of Dryden Housing Conditions Survey	Funds will be used to complete a town-wide Housing Conditions Survey.	HCR CDBGCP	$24,900
		Excelsior Jobs Credits		Excelsior Jobs Program tax Credits will be reserved for future projects including business investments in targeted industries that are within the region and that create or retain jobs, create capital investment and are consistent with the Strategic Plan.	ESD EJPB	$6,500,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
		Low Cost Economic Development Financing		Federal Industrial Development Bond (IDB) Cap will be made available for state and local government issuers to sell tax-exempt bonds for eligible economic development, infrastructure and community revitalization efforts.	ESD IDBC	$25,000,000
		NYSERDA Energy Efficiency Projects	14 Energy Efficiency Projects Submitted	NYSERDA's Commercial and Industrial (C&I) programs offer businesses in New York State solutions to improve energy efficiency and save money through design, new construction, renovation, and process improvements to commercial and industrial buildings. The Commercial New Construction Program can help building owners make informed decisions about designing and renovating sustainable buildings. The FlexTech Program offers energy-saving opportunities through consultation and cost-shared studies. The Industrial and Process Efficiency Program can help organizations increase manufacturing output and data processing efficiency.	NYSERDA EE

73730	Cayuga	Auburn Public Theater, Inc.	Administrative Workforce Expansion	Auburn Public Theater will expand the Administrative Assistant to a full-time Development and Marketing Coordinator position in order to reach new development goals. This position will expand upon current outreach efforts to attract audiences from outside of the Finger Lakes region.	Arts WIP	$49,500
73730	Cayuga	Auburn Public Theater, Inc.	Auburn Public Theater Facilities Improvement	Auburn Public Theater will acquire and renovate the building space it currently owns, thereby providing expanded performance and community space for arts and cultural activities.	Arts ACFIP	$600,000
73363	Cayuga	Cayuga County	Emerson Park Improvements	Emerson Park will undergo improvements to Deauville Island including a new destination playground, a pedestrian bridge to improve access to the island, and improvements to the existing pathway system.	OPRHP PKS D	$482,188
73644	Cayuga	Cayuga County	Owasco Flats Floodplain Reconnection	Cayuga County will use GIGP funds to complete a floodplain enhancement project designed to reduce nutrient and sediment levels in Owasco Lake.	EFC GIGP	$600,000
75111	Cayuga	Cayuga County Industrial Development Agency	Aurelius Industrial Park Sewer Line	The Cayuga County Industrial Development Agency will construct a pump station and forced main sewer to serve the Aurelius Industrial Park. Additional capacity is required to meet the demands of the Park's two current tenants, which are both dairy processing manufacturers, and to attract additional investment.	ESD Grants	$283,000
76214	Cayuga	Cayuga County Soil and Water Conservation District	Cayuga County Erosion Control	The Cayuga County Soil and Water Conservation District will construct retention basins, rock lined waterways, and road / culvert crossings that will handle the intense storms that have affected the villages and towns of Cayuga County, providing relief and stabilization to areas "in need."	DEC WQIP NPS	$300,000
72799	Cayuga	Cayuga County Soil and Water Conservation District	Owasco Lake Streambank and Riparian Buffer Restoration Project	Cayuga County Soil and Water Conservation District will construct toe wood streambank protection structures along streambanks in the Town of Locke and Town of Moravia. This will reduce erosion and sedimentation occurring from the streambanks, decreasing excessive nutrient inputs to Owasco Lake, and improving water quality.	DEC WQIP NPS	$280,000
73637	Cayuga	Cayuga Home for Children	Direct Support Professional Training	Cayuga Centers will provide seven skills development courses, each based on program needs as well as the skills required for low and middle skills employees to progress in the health and human services industry.	DOL EET	$52,992
73530	Cayuga	Copper John Corporation	Copper John Reshoring and Expansion	Copper John Corporation, a manufacturer of archery accessories, will purchase new production equipment and to reconfigure its existing manufacturing facility in Auburn in order to expand production capability and capacity, insource production currently outsourced to China and other domestic locations; improve response time to meet market demand; expand into new product categories; and enhance sales and marketing capability in the US, Europe, and Asia.	ESD EJP	$100,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
73530	Cayuga	Copper John Corporation	Copper John Reshoring and Expansion	Copper John Corporation, a manufacturer of archery accessories, will purchase new production equipment and to reconfigure its existing manufacturing facility in Auburn in order to expand production capability and capacity, insource production currently outsourced to China and other domestic locations; improve response time to meet market demand; expand into new product categories; and enhance sales and marketing capability in the US, Europe, and Asia.	ESD Grants	$280,000
73507	Cayuga	Currier Plastics, Inc	Currier Plastics Medical Market Expansion	Currier Plastics, Inc., a designer and manufacturer of custom plastic molded products utilizing injection and blow molding technologies, will purchase and equip an existing building in Auburn. The project includes renovation of warehouse space and office areas.	ESD EJP	$180,000
73507	Cayuga	Currier Plastics, Inc	Currier Plastics Medical Market Expansion	Currier Plastics, Inc., a designer and manufacturer of custom plastic molded products utilizing injection and blow molding technologies, will purchase and equip an existing building in Auburn. The project includes renovation of warehouse space and office areas.	ESD Grants	$1,800,000
75222	Cayuga	Du Mond Grain, LLC	Soybean Extruding Plant	Du Mond Grain in Union Springs, Cayuga County, a subsidiary of the 5,000-acre farming operation Du Mond Ag, LLC, will expand into the soymeal market by building a non-solvent soybean processing plant, bringing locally-grown product from seed to feed for livestock. The project will construct and equip a new facility, with soymeal extruding and oil pressing equipment, silos for storage, and a barn.	ESD EJP	$224,000
75222	Cayuga	Du Mond Grain, LLC	Soybean Extruding Plant	Du Mond Grain in Union Springs, Cayuga County, a subsidiary of the 5,000-acre farming operation Du Mond Ag, LLC, will expand into the soymeal market by building a non-solvent soybean processing plant, bringing locally-grown product from seed to feed for livestock. The project will construct and equip a new facility, with soymeal extruding and oil pressing equipment, silos for storage, and a barn.	ESD Grants	$655,000
77216	Cayuga	Martens Companies, LLC	Refrigerating and Packing Facility	Martens Companies, LLC will create a commercial food processing, packaging, and distribution center in Cayuga County, focusing primarily on health-conscious foods. The project includes purchasing the land and constructing and equipping a new facility.	ESD EJP	$240,000
77216	Cayuga	Martens Companies, LLC	Refrigerating and Packing Facility	Martens Companies, LLC will create a commercial food processing, packaging, and distribution center in Cayuga County, focusing primarily on health-conscious foods. The project includes purchasing the land and constructing and equipping a new facility.	ESD Grants	$940,000
76834	Cayuga	PC Brewing	PC Brewing Expansion	PC Brewing will purchase and renovate the “Nolan’s Building” in downtown Auburn, Cayuga County. The brewery will then utilize this as additional brewery space to increase production from 900 BBLS to 10,000 BBLS annually. The location will also include a tasting room, retail area, event space, and a canning line.	ESD Grants	$900,000
75678	Cayuga	Schines Theater, LLC	Schines Theatre Restoration	Schines Theater, LLC, a single-purpose real estate company, will refurbish and reopen the long-abandoned, blighted and contaminated former Schines Theater at 146 South St. in the heart of the downtown Auburn. The developer will remediate and renovate the building into productive reuse as an iconic, historic theater with a main floor and stage, and an upper seating balcony.	ESD Grants	$1,200,000

Central New York

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
72439	Cayuga	Schweinfurth Memorial Art Center	Administrative Workforce Expansion	The Schweinfurth Memorial Art Center will hire a Marketing Director to develop and implement strategies designed to expand programs and audiences, to increase cultural tourism and to contribute to the community's ongoing downtown revitalization efforts.	Arts WIP	$43,000
76174	Cayuga	The Nature Conservancy	Owasco Lake Source Water Protection Program	The Nature Conservancy will purchase up to six parcels in the Owasco Lake watershed for protection and potential restoration of riparian buffers and wetlands. This project will reduce sediment and nutrient loading to Owasco Lake.	DEC WQIP SWP	$1,124,069
72300	Cayuga	Town of Brutus	Aqueduct Park Pier and Spillway Reconstruction Project	Restoration of the historic Centreport Aqueduct is essential to the success of an Erie Canal re-watering project planned by the Town of Brutus and its neighboring communities. The project includes repair and stabilization of the wood foundation, repair and reconstruction of the collapsed piers and spillway, and reestablishment of the stilling basin upstream of the spillway, including sediment removal.	OPRHP HP D	$352,000
74573	Cayuga	Town of Brutus	Shared Municipal Building Feasibility Study	The Town of Brutus and Village of Weedsport will study the feasibility of a new joint town/village hall. Working with severe space deficiencies, structural and mechanical problems, inadequate security, the Town and Village have identified a location for a new combined municipal building. Construction of a combined municipal building will resolve all long-term space, regulatory, mechanical and security issues while reducing expenses to the taxpayers of their communities.	DOS LGE P	$8,500
75391	Cayuga	Town of Fleming	Sanitary Sewer Inflow and Infiltration Investigation	The Town of Fleming will complete an engineering report to investigate the sanitary sewer collection system to identify sources of inflow and infiltration.	DEC EPG	$30,000
72773	Cayuga	United Cerebral Palsy Association of Cayuga County, Inc.	Tourism & Travel Skills Training	United Cerebral Palsy Association of Cayuga County will develop occupational skill development trainings to ensure the target population receives required skill development in conditions similar to the job situations they have expressed interest in obtaining.	DOL UWT	$97,025
74622	Cayuga	Village of Fair Haven	Fair Haven New York Main Street Renovations	The Village will assist in the renovation of mixed-use buildings located in the historic downtown district.	HCR NYMS	$275,000
73190	Cayuga	Village of Moravia	Moravia Climate Smart Communities Certification and Comprehensive Planning	The Village of Moravia will develop a Comprehensive Plan that focuses on adaptability to climate change. Developing a Comprehensive Plan is a necessary first step toward making informed land use decisions related to extreme weather and flooding. The Plan will also be tailored to advance the Village's pursuit of Climate Smart Communities certification, and will incorporate Certification Actions one through nine.	DEC CSC C	$17,278
72083	Cayuga	Village of Port Byron	Erie Canal Rewatering and Trail Connections Project	The project is a joint effort led by the Village of Port Byron in conjunction with the Towns of Mentz and Brutusto enhance the Trail between Port Byron and Brutus to draw more tourists to the area. This phase involves planning to identify and design related projects along the entire length of the trail route.	OPRHP PKS P	$418,300
75263	Cayuga	Village of Union Springs	Frontenac Park Boat Launch Design and Construction	The Village of Union Springs will design and construct renovations to the Frontenac Park boat launch to increase public access and recreational opportunities on Cayuga Lake. Construction will include improvements to two existing boat launch bays, a new boat launch bay to accommodate high demand and a boat washing station to reduce the spread of invasive species.	DOS LWRP	$154,350

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
74909	Cayuga	Village of Union Springs	Land Acquisition for Source Water Protection	The Village of Union Springs will purchase a property adjacent to Frontenac Park and improve the property by demolishing an existing structure, regrading the property and installing a riparian buffer. This project will help remove pollutants which might otherwise enter nearby Cayuga Lake.	DEC WQIP SWP	$259,600
71799	Cayuga	Village of Union Springs	Streetscape and Infrastructure Improvements Feasibility Study	The Village of Union Springs will develop designs and evaluate construction and maintenance costs of streetscape and infrastructure improvements along Cayuga Street, between Center and Seminary Streets, within the Historic Business District and Waterfront Revitalization Area.	DOS LWRP	$150,000
73188	Cayuga, Cortland, Madison, Onondaga, Oswego	Central New York Enterprise Development Corporation	Central New York - New York Grown Certified	Central New York Enterprise Development Corporation will assist agricultural producers in the five-county Central New York Region in meeting the certification requirements of the New York State Grown & Certified program. CNYEDC will establish a regional network of stake holding partners to market the program and will develop marketing materials as well as stage and participate in events to inform potential applicants.	Ag & Mkts GCAP	$500,000
74541	Cayuga, Cortland, Madison, Onondaga, Oswego	CNY Arts, Inc.	Arts Tourism Campaign 2018	CNY Arts, Inc. will create a lifestyle marketing campaign to increase tourism to Central NY from Canada, Florida, and states bordering NY, by promoting arts culture offerings throughout the Central NY region. This project will produce one 30-second and two 15-second television commercials promoting arts culture throughout the 7 counties served by CNY Arts, especially highlighting offerings within new virtual Arts Entertainment Districts in Auburn, Cortland, Oneida, Syracuse, and Oswego.	ESD MNY	$150,000
72189	Cayuga, Cortland, Madison, Onondaga, Oswego	CNY Arts, Inc.	Workforce Training and Development Expansion	CNY Arts' Workforce Readiness Program prepares young adults from communities underrepresented in the arts for administrative and production-related arts careers and leadership. This year-long, paid opportunity will include training, mentoring, job shadowing, and career development opportunities.	Arts WRP	$75,000
76780	Cayuga, Madison, Onondaga, Oswego	Musical Associates of Central New York	Celebrating the Centennial of the Suffrage Movement	Celebrating the Centennial of the Suffrage Movement is a year-long multi-faceted project to heighten awareness of the important history and legacy of Central New York in the fight to gain voting rights for women.	Arts ACIP	$65,000
73516	Cayuga, Onondaga	Cayuga County Soil and Water Conservation District	Owasco Lake Watershed Streambank and Shoreline Repair Project	Cayuga County Soil and Water Conservation District will re-stabilize a combined length of approximately 3,000 feet of severely eroded Owasco Lake shoreline and streambank segments throughout the watershed in Cayuga, Onondaga, and Tompkins counties. The project will address the influx of silts, sediments, and nutrients into Owasco Lake and its tributaries.	DEC WQIP NPS	$467,770
74819	Cayuga, Onondaga	Finger Lakes Land Trust, Inc.	Skaneateles Lake Watershed Conservation Partnership Land Acquisition	Finger Lakes Land Trust, Inc. will purchase three parcels and place perpetual conservation easements on two parcels in the Towns of Skaneateles, Spafford and Niles. This project will result in protection of at least 291 acres of protected lands helping to maintain the high quality of drinking water supplies.	DEC WQIP SWP	$1,410,050
73697	Cortland	City of Cortland	Construction of Pedestrian/Bicycle Connections - SUNY Cortland to Yaman Park	The City will develop a safe pedestrian and bicycle arterial corridor along Clinton Avenue and River Street between SUNY Cortland and Yaman Park. Work will include complete reconstruction of a one-mile section of Clinton Avenue including new dual bike lanes, new sidewalks, vegetated medians, LED lighting, new pavement, and landscaping.	DEC CSC	$2,000,000

Central New York

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
76260	Cortland	City of Cortland	Cortland/Homer Joint Water Meter Project Phase 3	The City and Village will replace 6,450 mechanical meters with digital meters that show real time demand synchronized with production processes, system wide leak detection, optimization of water storage capacities and inter-municipal water transfers.	DOS LGE	$400,000
74462	Cortland	City of Cortland	Fire Station Window Project	The City of Cortland will restore the deteriorated windows on its historic Central Fire Station. The 1915 Fire Station is one of the finest remaining examples of the pseudo-Dutch style, and one of the oldest fire stations still being used for its original purpose. The City will undertake window restoration to eliminate water infiltration, improve the efficiency, and ensure the continued use of the historic Fire Station.	OPRHP HP D	$178,305
71372	Cortland	Contento's Recycling LLC	Contento's Recycling Center	Contento's Recycling LLC will construct and equip a new construction and demolition waste recycling center in Cortland that will sort, recycle and process waste, diverting thousands of tons of materials from local landfills annually. The facility will be the only operation of its kind in Cortland County, offering LEED certification for contractors. The company will additionally produce an aggregate wood product from clean wood it separates.	ESD Grants	$145,000
75718	Cortland	Cortland County	Cortland County Microenterprise Program	Funds will be used to assist in the establishment of a Microenterprise Program.	HCR CDBGME	$200,000
74461	Cortland	D. Yaman Properties, LLC	Ames Building Reconstruction	D. Yaman Properties, LLC will construct a new historically sensitive, mixed-use building in downtown Homer in the footprint of a historic building that burned down in 2016. The proposed project will include retail/office space on the first and second floors and three market rate apartments geared towards young professionals on the third floor.	ESD Grants	$240,000
75001	Cortland	D. Yaman Properties, LLC	Redevelopment of Shopping Center for Non-Profits Agencies	D. Yaman Properties, LLC will construct a new historically sensitive, mixed-use building in downtown Homer in the footprint of a historic building that burned down in 2016. The proposed project will include retail/office space on the first and second floors and three market rate apartments geared towards young professionals on the third floor.	ESD Grants	$925,000
74852	Cortland	Town of Cortlandville	Gutchess Athletic Complex Development	The Town of Cortlandville will build the Gutchess Athletic Complex, a central, regional, recreation complex on a 90-acre site. A master plan and construction documents were developed with the help of an SPFS grant in Round 6. This project would implement Phase 1 of construction of the complex, which includes site work, infrastructure, parking, two turf baseball fields, and restrooms.	ESD Grants	$862,000
74443	Cortland	Village of Homer	Village of Homer Microenterprise Program	Funds will be used to assist in the establishment of a Microenterprise Program.	HCR CDBGME	$200,000
74394	Cortland	Village of Marathon	Wastewater Treatment Plant Improvements	The Village of Marathon will complete an engineering report to evaluate upgrades and improvements to the wastewater treatment plant.	DEC EPG	$30,000
73655	Cortland, Madison, Onondaga, Oswego	Madison County	Oneida Lake Nine Element Watershed Management Plan	Madison County, in partnership with the Central NY Regional Planning and Development Board, will develop a Nine-Element Watershed Management Plan for Oneida Lake to improve water quality and protect aquatic habitat and fisheries. The watershed plan will update a 2004 Management Plan to achieve compliance with Environmental Protection Agency guidance which will require an assessment of the location, sources, and remediation opportunities for non-point source pollution.	DOS LWRP	$336,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
74006	Madison	Arts at the Palace, Inc.	Administrative Workforce Expansion	Arts at the Palace will expand its Executive Director position to full-time in order to enhance its current performing arts series, and to expand the From Script to Stage program; which draws playwrights, actors, and directors from throughout Central New York to develop and presents new works.	Arts WIP	$25,000
72384	Madison	Chenango Canal Association, Inc.	Chenango Canal Towpath Trail	The Chenango Canal Association, Inc., in furtherance of the Hamilton Community Recreation Initiative and in partnership with the Partnership for Community Development, will undertake upgrading of the Chenango Canal Towpath Trail by resurfacing a one-mile section of the trail located in the Town of Eaton to make it more accessible and versatile.	OPRHP RTP D	$54,704
74587	Madison	Clear Path for Veterans, Inc.	Expansion of Veterans Programs	Clear Path for Veterans, Inc., a non-profit that serves as Upstate New York's Veteran Resource Center, will construct and equip a new building adjacent to their existing main building in Chittenango, Madison County for multi-day training programs and retreats. The facility will include overnight accommodations; treatment rooms; an exercise room/yoga studio; flexible rooms for training and support groups; a large event space; and new parking.	ESD Grants	$483,000
75290	Madison	Madison County	Downtown Canastota Main Street	Madison County will assist in the renovation of mixed-use buildings located in downtown Canastota.	HCR NYMS	$300,000
72677	Madison	Marquardt Switches Inc	Global Technology Center Phase II	Marquardt Switches Inc., a manufacturer of electro-mechanical switches and control systems at its North American Headquarters in Cazenovia, will complete Phase II of its Global Technology Center (GTC), including 1) expanding the workspace for engineering and professional services 2) investing in high tech manufacturing and testing equipment, and 3) upgrading employee technical skills as required to remain competitive in the global marketplace.	ESD Grants	$600,000
76633	Madison	Responsive to Our Community, Inc.	Construction Skills Training Program	Responsive to Our Community, Inc. will provide a construction skills training program.	DOL UWT	$12,878
72807	Madison	Town Of Lenox	Lenox Canastota Wampsville Rail Trail (LCWRT)	The Lenox Canastota Wampsville Rail Trail will provide non-motorized travel between the Village of Canastota and the Village of Wampsville. The 2.1 mile trail will be constructed on the existing former NY West Shore Buffalo Railroad bed from the Lenox Skate Park to Donald Hicks Dew Drive.	OPRHP PKS D	$200,000
74865	Madison	Village of Canastota	Wastewater Treatment Plant Effluent Disinfection Study	The Village of Canastota will complete an engineering report to select the treatment process and develop a budget to incorporate disinfection at the Canastota wastewater treatment plant.	DEC EPG	$25,360
74469	Madison	Village of Hamilton	Wastewater Treatment Plant Improvement Project	The Village of Hamilton will modify the existing aeration tanks into Sequencing Batch Reactors and add two SBR tanks as a way of precipitating phosphorus. Additional improvements to the wastewater treatment plant will also be made. This project will reduce phosphorous and nitrogen in the receiving stream and, ultimately, the Chesapeake Bay to the levels required by the TMDL.	DEC WQIP WWT	$1,000,000
77174	Madison, Onondaga	Morrisville State College	Four Seasons College Farm Initiative at Morrisville State College	Morrisville State College will build a Four Seasons College Farm on their campus. The farm will be built by expanding and renovating the existing controlled environmental agriculture facility. This project will assist the school in combining their Controlled Environment Agriculture, Aquaculture, Dairy, Ag Science, and Livestock programs. The project includes the expansion and renovation of existing facilities, a larger controlled environment agriculture greenhouse, processing and storage facilities, classroom structure, and commercial space for entrepreneurial activities.	ESD Grants	$1,200,000

Central New York

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
74391	Madison, Onondaga, Oswego	Town of DeWitt	Advanced Syracuse Urban Area Comprehensive Storm Sewer Mapping Project	The Town of DeWitt will continue developing a comprehensive GIS MS4 map by completing field mapping and data collection in some areas of the SUA and completing remaining GIS support tasks needed to document full system connectivity and flow direction across SUA. The project will improve the utility of the online map and advance completion of a regional system map.	DEC WQIP MS4	$86,250
75857	Onondaga	101 North Salina Street, LLC	Post Standard Building Mixed-use Redevelopment	101 N. Salina Street LLC will purchase, renovate, and expand the Post Standard Building in Syracuse. VIP Structures will relocate and consolidate operations from a nearby building to the first floor of the project facility to accommodate growth. The Post-Standard newspaper will lease the space that now houses its printing presses. The second floor will be renovated for offices, and a 3-story addition will be constructed above the existing building for apartments.	ESD Grants	$1,500,000
72494	Onondaga	321 South Salina Street, LLC	321-323 South Salina Street Project	321 South Salina Street, LLC will redevelop two underutilized and dilapidated buildings located at 321-323 S. Salina Street in the heart of downtown Syracuse, Onondaga County, transforming them into a mixed-use property.	ESD Grants	$320,000
74060	Onondaga	Apple Acres, LLC	Apple Acres Expansion	Apple Acres, LLC, an apple grower and wholesale packing company, will construct and equip a new packing house and a new 32-degree storage building adjacent to its existing facility in Lafayette. The completed project will accommodate packing of 4,400 bushels per day, a 120% increase over current capacity, allowing the company to take on new business and to continue supplying its largest customers as they expand.	ESD Grants	$550,000
75851	Onondaga	BTCNY, LLC	New Industrial Laundry for Healthcare	BTCNY will establish a new industrial laundry facility in Onondaga County. The new operation will be dedicated exclusively to serving healthcare clients.	ESD Grants	$860,000
73965	Onondaga	Catholic Charities of the Roman Catholic Diocese of Syracuse	Kitchen Works	Catholic Charities of the Roman Catholic Diocese of Syracuse's Kitchen Works program will provide Culinary Arts for Self-Sufficiency (CASS), a job/work readiness platform that prepares participants for a first job or a move to higher level skill training or education in the field of food services to eligible refugees and native born individuals with high barriers to employment.	DOL UWT	$100,000
76648	Onondaga	CenterState CEO	International Trails Symposium Event	CenterState CEO will host the International Trails Symposium to provide a premiere educational and vending opportunity for trail planners, builders, engineers, users, advocacy organizations, and all trail related professionals to convene around pressing issues.	ESD MNY	$150,000
75167	Onondaga	Central Association for the Blind, Inc.	Central Association for the Blind - Contact Center	Central Association for the Blind, Inc. will create a new contact/call center at its existing facility in East Syracuse, Onondaga County in order to accommodate future growth from call center contracts. The project involves renovations, and the purchase and installation of furniture, fixtures, and equipment, including a complete voice-over-IP telephony solution.	ESD Grants	$232,000

Workforce Training and Development Expansion	CNY Jazz Arts Foundation will train three "CNY Jazz Apprentices" with a new Professional Apprentice Program for rising college students pursuing careers in Arts Education, Arts Management and Arts Administration.	Arts WRP	$52,500
73538	Onondaga	City of Syracuse	Onondaga Park Wall Restoration	The City of Syracuse will undertake a 4-year phased project to repair and restore historic stonework surrounding Hiawatha Lake in Upper Onondaga Park, including but not limited to the retaining wall along the lake.	OPRHP HP D	$411,330

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
73968	Onondaga	Clear Path for Veterans, Inc.	Culinary Corps	Clear Path for Veterans will provide it's Culinary Corps Training and Placement Program to unemployed veterans in a structured fourteen-week culinary training program, designed to prepare them for employment in food and beverage operations of various types.	DOL UWT	$89,348
74740	Onondaga	Downtown Syracuse Committee, Inc.	Salina-Warren Main Street Project	Downtown Syracuse Committee, Inc. will assist in the renovation of mixed-use buildings located in the City of Syracuse's Downtown.	HCR NYMS	$500,000
75115	Onondaga	Dupli Associates LLC	600 North Franklin Street Renovations	Dupli Associates LLC, will renovate 600 North Franklin Street and make other improvements, including additional parking and new windows.	ESD Grants	$500,000
74426	Onondaga	Everson Museum of Art	Hosmer Auditorium Renovations	Everson Museum of Art will improve accessibility and safety, generate revenue for the Museum, and create a resource for cultural and business partners, contributing to the revitalization of downtown Syracuse.	Arts ACFIP	$634,000
71098	Onondaga	Green Lakes State Park	Green Infrastructure Improvements	Green Lakes State Park will install porous pavement, bioretention, rain gardens, rain barrels and tree plantings as part of a larger site improvement project. These green infrastructure practices will reduce the volume of stormwater runoff entering Green Lake, a rare meromictic lake that attracts as many as 8,000 daily visitors during the summer.	EFC GIGP	$1,000,000
76977	Onondaga	Hill Country Farm Brewery	Hill Country Farm Brewery	Hill Country Farm Brewery will create and promote a unique craft beverage/brewery destination while also promoting the agritourism in Central New York.	ESD MNY	$53,000
76977	Onondaga	Hill Country Farm Brewery, LLC	Hill Country Farm Brewery	Hill Country Farm Brewery, LLC will create a destination farm brewery in the town of Pompey, Onondaga County. The project includes the construction of a new facility and purchase and installation of equipment.	ESD Grants	$115,000
74384	Onondaga	Home HeadQuarters, Inc.	Neighborhood Place Based Economic Development and Revitalization	Home HeadQuarters, Inc. will transform six under-utilized properties in three distressed neighborhoods in the City of Syracuse, Onondaga County. The project will include development of a North Side food hub, including warehousing, catering space, and a Kitchen Co-Op; commercial spaces, including a full-service restaurant; and residential units.	ESD Grants	$314,000
74723	Onondaga	La Roasteria, Inc., dba Café Kubal	Headquarters and Roastery Expansion	La Roasteria, Inc., dba Café Kubal, which operates cafés in the Syracuse area, will acquire and renovate an existing building at 208 N. Townsend St. and an adjacent parking lot in the City of Syracuse, Onondaga County in order to relocate and expand its coffee roastery and operations functions from its current location in Syracuse, and to create an employee training center.	ESD Grants	$110,000
75355	Onondaga	Learning Disabilities Association of Central New York, Inc.	Career Solutions Academy	Learning Disabilities Association of Central New York, Inc. will provide a Career Solutions Academy (CSA) to enable participants to earn a Cleaning Technician credential from the Cleaning Management Institute (CMI).	DOL UWT	$100,000
76203	Onondaga	Matt Industries, Inc.	Production Rehab and Upgrade	Matt Industries, Inc., a commercial printer, will vertically- integrate the company's operations by purchasing and installing new equipment to begin manufacturing envelopes. Currently, the company only prints envelopes, and 95% of its envelope supplies come from production facilities outside NYS.	ESD Grants	$175,000
71740	Onondaga	Midstate Youth Hockey Association, Inc.	Capital Expansion	The Capital Expansion Project will make improvements of existing infrastructure and construction of a new facility. The outcome of this project will increase services to local and regional tourism.	ESD MNY	$690,000

Central New York

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
73151	Onondaga	Onondaga Community College	Pathways to Employment	Onondaga Community College will deliver employer-validated, competency-based, short-term occupational programs to unemployed workers to enable them to prepare for Medical Billing, Nursing Assistant, and Patient Advocate jobs in the healthcare industry, as well as positions as warehouse workers in the transportation and warehousing, manufacturing, wholesale, and other industries.	DOL UWT	$99,957
75859	Onondaga	Onondaga County	Installation of Cogeneration Units at Metropolitan WWTP	Onondaga County Department of Water Environment Protection will construct improvements at the Metropolitan Wastewater Treatment Plant, located in Syracuse on the eastern shore of Onondaga Lake, that will allow the plant to utilize methane gas produced as a result of accepting food waste into its digestion system. Work will include installation of two cogeneration units to convert excess methane into electricity, reducing electricity dependence from the grid.	DEC CSC	$1,300,000
72508	Onondaga	Onondaga County	Onondaga Lake Waterfront Planning	Onondaga County will prepare a Feasibility Study for beach access along the eastern shore of Onondaga Lake, design Reports for the 2.8-mile gap in the County's Loop-the-Lake Trail spanning from the end of the Onondaga Creekwalk behind the Destiny USA Mall to the northern tip of the lake, and a Market Analysis including public visioning for redevelopment of county-owned waterfront properties.	DOS LWRP	$330,000
75279	Onondaga	Onondaga County	South Salina Street Green Corridor	Onondaga County will transform multiple blocks of South Salina Street into a green street corridor to prevent combined sewer overflows from discharging to Onondaga Creek and Onondaga Lake. Bioretention and stormwater street trees will be used to infiltrate stormwater along the corridor before it enters the existing combined sewer system.	EFC GIGP	$1,310,000
72261	Onondaga	Onondaga County Soil and Water Conservation District	Onondaga County Hydroseeding Projects	The Onondaga County Soil and Water Conservation District will hydroseed several municipal excavation sites throughout the county. The project will stabilize the ground at these sites and help prevent soil erosion.	DEC WQIP NPS	$171,890
73202	Onondaga	Onondaga County Water Environment Protection	Meadowbrook Limestone Inflow and Infiltration Reduction Facility Plan	Onondaga County (OCDWEP) will complete an engineering report to review and evaluate cost-effective solutions throughout the service area to reduce inflow and infiltration.	DEC EPG	$50,000
72346	Onondaga	Onondaga Historical Association	Onondaga Historical Association Lobby Restoration	The Onondaga Historic Association will restore and revitalize the lobby of the 1906 NY Telephone Building located in the Montgomery Street-Columbus Circle Historic District. Plans are to restore the historic mosaic floor in the lobby that has become chipped and cracked after over 100 years of traffic. The project will also replace the current wallpaper with period appropriate colors, repair the ceiling damaged by water, and refurbish the wood moldings.	OPRHP HAS D	$22,160
74564	Onondaga	PACE CNY	PACE CNY Transportation Logistics Center	PACE CNY (Program of All-Inclusive are for the Elderly) will construct a bus storage and maintenance facility on the premises of Loretto's McAuliffe Health and PACE CNY Center located in Syracuse. The facility will significantly extend the useful life of the vehicles used for transportation of participants in PACE CNY and to deliver durable medical equipment.	ESD Grants	$965,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
76842	Onondaga	Pinckney Hugo Group, LLC	Pinckney Hugo Expansion	Pinckney Hugo Group, LLC will purchase and renovate the building attached to their current office on West Genesee St. in Syracuse, Onondaga County, in order to allow room for the company to continue to grow in Central NY.	ESD Grants	$100,000
76777	Onondaga	R.O.D.E South Ave, LLC	PalmerRice	R.O.D.E South Ave, LLC will construct a new 33,000 square feet mixed-use facility at 1711 South Avenue in Syracuse, Onondaga County. The facility will include commercial space, apartments and an event center.	ESD Grants	$235,000
76366	Onondaga	Sankofa NEST, Inc.	Syracuse Village Hawley Avenue Phase I Project	Sankofa NEST, Inc. will perform a feasibility study for the economic development of recently acquired property at the corner of North Crouse and Hawley Avenues in Syracuse, Onondaga County.	ESD SPFS	$50,000
75811	Onondaga	Syracuse City Ballet	Administrative Workforce Expansion	Syracuse City Ballet will hire a Community Youth Outreach and Education Coordinator to expand the company's ability to provide education enhancing ballet and dance programs to children in Central New York, with a focus on children living in poverty and those with disabilities.	Arts WIP	$25,000
75072	Onondaga	Town of Cicero	Brewerton Streetscape Improvements Phase III Design and Construction	The Town of Cicero will implement the Hamlet of Brewerton Strategic Revitalization Plan by developing the final designs for and constructing streetscape improvements along a portion of NYS Route 11, between Guy Young Road and Baldwin Street. The project is located within the Hamlet of Brewerton, near the outlet of Oneida Lake. The preliminary designs for the streetscape improvements have been reviewed and accepted by the public.	DOS LWRP	$393,750
75756	Onondaga	Town of Cicero	Local Waterfront Revitalization Program	The Town of Cicero will prepare a Local Waterfront Revitalization Program (LWRP) for the Town's waterfront area within the Hamlet of Brewerton, along the outlet of Oneida Lake. The LWRP will focus on water-related uses and tourism activities, the hamlet's connection with the waterfront, improvements to public infrastructure and the business district to increase climate change and economic resilience. The planning process will include extensive public outreach and input.	DOS LWRP	$56,250
74648	Onondaga	Village of East Syracuse	North Center Street Neighborhood Park	The project includes the design and construction of a new park to be located within the Village of East Syracuse Brownfield Opportunity Area. The community envisioned a park centered around an adult and youth fitness playground, interconnected walking paths, game tables, landscaping, and amenities including benches and lighting.	OPRHP PKS D	$139,500
74802	Onondaga	Village of Marcellus	Wastewater Treatment Plant Facility Upgrades	The Village of Marcellus will upgrade the wastewater treatment plant to add new secondary clarifiers and related pumps and yard piping needed to utilize chemical addition to remove phosphorus from the plant's effluent. This project will improve the surface water quality by reducing the phosphorus loading to Ninemile Creek and, ultimately, Onondaga Lake.	DEC WQIP WWT	$1,000,000
76555	Onondaga, Oswego	Fulton Group NA, Inc. and Affiliates	Implementation of World Class Manufacturing Process	Fulton Group NA, Inc. and Affiliates will purchase a facility in East Syracuse; make renovations to facilities in Pulaski, East Syracuse, and Syracuse; purchase and install machinery and equipment; and invest in research and development activities to develop new products offerings.	ESD EJP	$1,000,000
76555	Onondaga, Oswego	Fulton Group NA, Inc. and Affiliates	Implementation of World Class Manufacturing Process	Fulton Group NA, Inc. and Affiliates will purchase a facility in East Syracuse; make renovations to facilities in Pulaski, East Syracuse, and Syracuse; purchase and install machinery and equipment; and invest in research and development activities to develop new products offerings.	ESD Grants	$1,500,000

Central New York

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
72657	Oswego	Brockway Bedding INC	Brockway Bedding	Brockway Bedding, Inc. will construct and equip a new high efficiency manufacturing plant in the town of Granby, Oswego County to produce animal bedding from large flake wood shavings. The plant will produce a naturally antibacterial product using an environmentally friendly process and will include use of production waste to fuel a biomass burner to power drying equipment.	ESD Grants	$325,000
76760	Oswego	Camelot Lodge, LLC	Camelot Lodge Downtown Redevelopment	Camelot Lodge, LLC will redevelop a now-vacant and deteriorating building at 251 West First Street in downtown Oswego, Oswego County. The renovated building will have 5,500 square feet of commercial space, 10 loft apartments, and a much improved downtown parking lot.	ESD Grants	$165,000
77004	Oswego	City of Oswego	Oswego City Hall Preservation	The City of Oswego will undertake exterior restoration of the historic 1870 City Hall by rebuilding all displaced masonry walls, replace gutters and leaders, and repoint the upper half of the building. The slate roof will also have missing tiles replaced.	OPRHP HP D	$500,000
73800	Oswego	Douglas Outdoors, LLC	Douglas Outdoors Expansion	Douglas Outdoors, LLC will acquire, rehabilitate and equip a historic building along the Salmon River in downtown Pulaski, converting it to a manufacturing facility to produce high-end, composite fishing rods and other advanced composite parts. The project will onshore rods currently produced in Asia to NYS. The building will also house a state of the art R&D facility for research and advanced testing, a fishing museum with a public casting dock, and a restaurant.	ESD EJP	$200,000
73800	Oswego	Douglas Outdoors, LLC	Douglas Outdoors Expansion	Douglas Outdoors, LLC will acquire, rehabilitate and equip a historic building along the Salmon River in downtown Pulaski, converting it to a manufacturing facility to produce high-end, composite fishing rods and other advanced composite parts. The project will onshore rods currently produced in Asia to NYS. The building will also house a state of the art R&D facility for research and advanced testing, a fishing museum with a public casting dock, and a restaurant.	ESD Grants	$683,500
74553	Oswego	Hudsons Dairy, Inc.	Refrigerated Dairy Food Warehouse	Hudsons Dairy in Fulton, Oswego County, will construct and equip a refrigerated warehouse facility for dairy foods, with an outside freezer that connects into the inside cooler. The project is designed to allow for more efficient truck access, to ease storage problems, and to allow the rotation of dairy and ice cream products.	ESD Grants	$220,000
75372	Oswego	North Ridge Dairy	New Feed Facility and Rail Siding	North Ridge Dairy (NRD) in the Town of Sandy Creek, in cooperation with its related company Locust Hill Farm (LHF), will construct and equip a new facility to consolidate storage, movement and mixing of feed currently being handled separately by NRD and LHF. The project also involves building 1,000 feet of rail siding for delivery of feed components and temporary rail storage.	ESD EJP	$212,000
75372	Oswego	North Ridge Dairy	New Feed Facility and Rail Siding	North Ridge Dairy (NRD) in the Town of Sandy Creek, in cooperation with its related company Locust Hill Farm (LHF), will construct and equip a new facility to consolidate storage, movement and mixing of feed currently being handled separately by NRD and LHF. The project also involves building 1,000 feet of rail siding for delivery of feed components and temporary rail storage.	ESD Grants	$267,500
71886	Oswego	Redfield Snowmobile Association, Inc.	Trail Grooming Equipment	The Redfield Snowmobile Association, Inc. will purchase new snowmobile trail grooming equipment used to maintain 42 miles of recognized "High Snow" Corridor and Secondary snowmobile trails located primarily in the town of Redfield, Oswego County.	OPRHP RTP M	$200,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
72070	Oswego	Square Valley Trail Blazers, Inc.	Snowmobile Trail Groomer	The Square Valley Trial Blazers will purchase a 2018 Tucker Model 1100 Narrow-Stance 5-173 Snow Groomer with regular cab and drags. The equipment is needed to groom over 110 miles of the New York State Snowmobile Trial system.	OPRHP RTP M	$185,000
76689	Oswego	Town of Hastings	Town of Hastings Infiltration and Inflow Study	The Town of Hastings will complete an engineering report to conduct an inflow and infiltration study for the wastewater collection systems serving the Caughdenoy Sewer District and Fort Brewerton Sewer District.	DEC EPG	$30,000
76039	Oswego	Town of Sandy Creek	Sewer Project	The Town of Sandy Creek will complete an engineering report to identify solutions to provide sustainable wastewater treatment for the western portion of the Town.	DEC EPG	$30,000
74577	Oswego	Village Of Pulaski Sewer Board	Wastewater Treatment System Improvements	The Village of Pulaski will complete an engineering report to identify current issues and prioritize options for system improvements.	DEC EPG	$30,000
77034	Oswego	Virgilio's Event Centre, LLC	Virgilios Event Centre	Virgilio's Event Centre, LLC will expand a wedding and event venue in Volney, Oswego County. The project includes the construction of a 3,800+ square-foot outdoor covered patio, outdoor grill put area, 12 new cabins, water management and utility improvements, new pole barn, improved driveway, and more. The center's target events will be weddings and corporate gatherings but the center will also be utilized for other events including car shows and open-to-the-public events.	ESD Grants	$200,000
75545	Oswego	YMCA of Oswego, Inc.	Connector to Reopen Pool Access	The YMCA of Oswego, Inc., located in the City of Oswego, will construct a connector between two of its buildings to reinstate access to their swimming pool facilities.	ESD Grants	$150,000
		Excelsior Jobs Credits		Excelsior Jobs Program tax Credits will be reserved for future projects including business investments in targeted industries that are within the region and that create or retain jobs, create capital investment and are consistent with the Strategic Plan.	ESD EJPB	$11,500,000
		Low Cost Economic Development Financing		Federal Industrial Development Bond (IDB) Cap will be made available for state and local government issuers to sell tax-exempt bonds for eligible economic development, infrastructure and community revitalization efforts.	ESD IDBC	$30,000,000
		NYSERDA Energy Efficiency Projects	18 Energy Efficiency Projects Submitted	NYSERDA's Commercial and Industrial (C&I) programs offer businesses in New York State solutions to improve energy efficiency and save money through design, new construction, renovation, and process improvements to commercial and industrial buildings. The Commercial New Construction Program can help building owners make informed decisions about designing and renovating sustainable buildings. The FlexTech Program offers energy-saving opportunities through consultation and cost-shared studies. The Industrial and Process Efficiency Program can help organizations increase manufacturing output and data processing efficiency.	NYSERDA EE

$85.5 million awarded to 101 projects

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
73563	Fulton	City of Gloversville	City of Gloversville Sanitary Sewer System Improvements	Funds will be used to replace 1,096 feet of deteriorated sewer main.	HCR CDBGPIPF	$750,000
74013	Fulton	City of Gloversville	Trunk Sewer Investigation	The City of Gloversville will complete an engineering report to evaluate the existing sanitary trunk sewer system in the City.	DEC EPG	$100,000
75332	Fulton	Ful-Mont Snow Travelers, Inc.	Acquisition of Trail Grooming Equipment	The project involves the acquisition of two pieces of equipment that are necessary to enable Ful-Mont Snow Travelers to successfully accomplish its mission of providing for safe, well-groomed snowmobile trails in Fulton and Montgomery Counties. Two older groomers, prone to frequent breakdown will be replaced by a newer groomer and drag.	OPRHP RTP D	$143,604
76935	Fulton	Fulton County	Hales Mills Development Area Sewer	Fulton County will construct a new wastewater pump station to an approximately 450+/- acre vacant tract of land known as the Hales Mills Road Extension in the Town of Johnstown. The project includes the installation of 1,000+/- feet of 8" sewer line to connect to an existing force main.	ESD Grants	$120,000
76870	Fulton	Fulton County	Vail Mills Development Area Sewer	Vail Mills Development Area sewer collection system will include the installation of a trunk main brought to the intersections of NYS Routes 29 and 30 designed for future extensions to the north, south, east and west of the intersection to accommodate future growth.	ESD Grants	$250,000
71824	Fulton	Nick Stoner Trailers of Caroga Lake, New York, Inc.	Acquisition of Trail Grooming Equipment	The Nick Stoner Trailers snowmobile club located in Caroga Lake will purchase Class B trail grooming equipment to be utilized for snowmobile trail maintenance. The new equipment will be utilized to maintain approximately 12 miles of existing snowmobile trails.	OPRHP RTP D	$106,815
74938	Fulton	Northville Central School District	Shared Wi-Fi Efficiency Project	Northville Central School District (NCSD), the Town of Northampton, and the Village of Northville will create a single Internet network with Wi-Fi Hotspots, a VOIP phone service network and Internet improvements that will integrate repeater towers and equipment strategically placed throughout Northville and Northampton that includes reliability and capacity for NCSD, town and village.	DOS LGE P	$9,900
72377	Fulton	St John's Episcopal Church	Historic Structure Report	St. John's Episcopal Church in downtown Johnstown will have a Historic Structure Report prepared. The Historic Structure Report will determine the condition of the Church and its components, and come up with a preservation plan that is consistent with the highest historic preservation standards.	OPRHP HP P	$8,500
75893	Fulton	Village of Mayfield	Wastewater Treatment Plant Rehabilitation	The Village of Mayfield will complete an engineering report to evaluate the needs of the wastewater treatment plant and prepare a report detailing the recommended updates.	DEC EPG	$30,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
72725	Fulton	Village of Northville	Five and Dime - 122-132 South Main Street	The Village will assist in the renovation of a traditional five and dime store at 122-132 South Main Street.	HCR NYMS	$500,000
72949	Fulton, Herkimer, Montgomery, Oneida, Otsego, Schoharie	Cornell Cooperative Extension of Oneida County	New York State Grown Certified Agricultural Producers Grant Program	Cornell Cooperative Extension of Oneida County will identify Mohawk Valley Agricultural Producers, raise awareness of the New York State Grown & Certified program, promote environmental stewardship, educate and make food safety improvements necessary for participation in the NYSG&C program and assist with the process to join the program.	Ag & Mkts GCAP	$500,000
75103	Herkimer	Anasazi, LLC	Hollisters Business Expansion	Renovate and restore the historic Moose Head Hotel property in Old Forge, creating a retail and business center, 10 hotel rooms, and 4 long-term residences.	ESD Grants	$520,000
75566	Herkimer	Herkimer County	Town of Schuyler Land Purchase for Development	Herkimer County will acquire 160 acres of land in the Town of Schuyler for the future development of an industrial park.	ESD Grants	$120,000
72135	Herkimer	JBF Stainless LLC	Stainless Steel Tank Fabrication Facility	JBF Stainless will construct a 27,500 square foot industrial building , 20,000 square foot high-bay, 5,500 square foot fabrication space, 2,000 square feet of office space located on 5 acre site in the Frankfort 5S South Business Park.	ESD Grants	$680,000
72383	Herkimer	Little Falls Hospital	Little Falls Hospital - New Primary Care Facility	Little Falls Hospital will design and construct a new outpatient care/primary care facility in Dolgeville, NY, located on property adjacent to the Dolgeville Central School, providing easy access to residents.	ESD Grants	$480,000
76416	Herkimer	Redco Foods, Inc.	Redco Plant Upgrade	REDCO plans to purchase additional machinery and equipment upgrading older equipment and adding additional filling lines for two gallon bags and pyramid sized tea bags.	ESD Grants	$600,000
74543	Herkimer	The Neighborhood Center, Inc.	Soularium: Addiction Treatment Center	To create its 'Soularium', TNC is proposing the rehabilitation of an existing residential facility in Herkimer County formerly a 30,000 square foot 88-bed county-run nursing home sitting on 10 acres. With a natural and relaxing environment, the facility is conducive to healing to assist the state with the growing opioid epidemic.	ESD Grants	$1,750,000
75097	Herkimer	Town of Herkimer	Town of Herkimer East Herkimer Sewer District	The project calls for the tie-in and extension of a sanitary sewer line for a 46 acre commercially zoned campus with 430,000 square foot of existing warehouse, distribution, manufacturing facility	ESD Grants	$440,000
74170	Herkimer	Town of Webb	Wastewater Rehabilitation and Upgrade	The Town of Webb will complete an engineering report to determine the needs for rehabilitation and upgrading of its existing wastewater systems including the addition of disinfection.	DEC EPG	$24,900
75675	Herkimer	Village of Herkimer	Inflow and Infiltration Study	The Village of Herkimer will complete an engineering report to identify and document inflow and infiltration issues in the sanitary sewer collection system and provide rehabilitation recommendations.	DEC EPG	$30,000
72884	Herkimer	Village of Mohawk	Fulmer GreenPlain Floodplain Project - Water Main Relocation	As part of the larger Fulmer GreenPlain project to restore the natural floodplain and floodplain processes along 1.3 miles of Fulmer Creek, the Village proposes to relocate a 10" water main to accommodate the new floodplain. Main Street revitalization has been hampered by flooding along Fulmer Creek. With flood mitigation underway, the Village will be able to undertake infrastructure improvements to improve walkability of the downtown district, improve its appearance, and attract businesses.	DEC CSC	$155,455
72884	Herkimer	Village of Mohawk	Fulmer GreenPlain Floodplain Restoration	The Village of Mohawk will restore floodplains and riparian buffers along 1700 linear feet of Fulmer Creek. This phase of the GreenPlain project will reduce the risk of future flooding events and facilitate the revitalization of the Main Street downtown district.	EFC GIGP	$2,000,000

Mohawk Valley

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
72885	Herkimer	Village of Mohawk	Fulmer GreenPlain Main Street Park	The Village of Mohawk project involves predevelopment components for the future linear greenway Main Street Park. This project will acquire easements needed to restore the stream channel and floodplain bench along a 1,700-linear foot stretch of Fulmer Creek, making way for the creation of the park. Funding will also advance archaeological studies and design of the future park.	OPRHP PKS A	$219,312
76662	Montgomery	Amsterdam Industrial Development Agency	Mohasco Redevelopment	The Amsterdam IDA has started site planning and designs for a new business park located at the corner of Lyons and Forest Avenue in the City. The Phase 1 project includes finishing design work, acquiring additional property and beginning installation of water and sewer at the site.	ESD SPFS	$50,000
76829	Montgomery	Amsterdam Industrial Development Agency	Mohawk Fabric New Equipment	Mohawk Fabric Company, Inc. plans to purchase equipment to increase their manufacturing capacity at the 96 Guy Park Avenue, Amsterdam manufacturing facility.	ESD Grants	$70,000
76533	Montgomery	City of Amsterdam Industrial Development Agency	Southside Hotel Development	The City of Amsterdam will construct a new three story - 64 room Microtel by Wyndham Hotel. The Hotel would be located near the Florida Business Park offering upscale business friendly rooms.	ESD Grants	$1,200,000
72519	Montgomery	Friends of Fort Plain Incorporated	Historic Diefendorf Hall Rehabilitation Project	The project will create a Cultural Heritage Center that will include an authentic, original Erie Canal Store facade, once located at Old Erie Canal Lock 32. Rehabilitation of the interior will include floors, wall framing, ceiling repairs, truss repairs, column replacement, roof and back wall repairs.	OPRHP HP D	$345,120
75273	Montgomery	Mohawk Valley Collective, Inc.	Mohawk Valley Collective Downtown Anchor Revitalization	The Mohawk Valley Collective, Inc. will begin restoration of two historic buildings in the Mohawk Valley - Unity Hall in Fort Plain and West Hill School in Canajoharie. Restoration work on Unity Hall will address water infiltration and drainage issues and repairs to interior surfaces damaged by the infiltration. Restoration work at the West Hill School will include roof replacement and chimney stabilization and repair.	OPRHP HP D	$500,000
72257	Montgomery	Montgomery County	Local Waterfront Revitalization Program	Montgomery County will prepare the Western Montgomery County Local Waterfront Revitalization Program (LWRP) for the Erie Canal/ Mohawk River waterfront in the Village and Town of St. Johnsville, Village of Fort Plain and Town of Minden. The LWRP will identify municipal revitalization goals, policies, projects, and tools to capitalize on development opportunities, increase resilience to future physical climate risks and enhance existing waterfront resources.	DOS LWRP	$30,000
72250	Montgomery	Montgomery County	Montgomery County Courthouse ADA Improvements	Funds will be used to rehabilitate the Old Montgomery County Courthouse through ADA compliance initiatives.	HCR CDBGPIPF	$300,000
72245	Montgomery	Montgomery County	Montgomery County Microenterprise Program	Funds will be used to assist in the establishment of a Microenterprise Program.	HCR CDBGME	$200,000
75161	Montgomery	Montgomery County Industrial Development Agency	Chalmers Multi Use Redevelopment Project	The former Chalmers Knitting Mill site will be revitalized as a mixed use building which will include commercial space, a riverfront banquet facility, a culinary incubator, and apartments.	ESD Grants	$1,000,000
74192	Montgomery	Town of Florida	Salt Storage Facility	The Town of Florida will construct a salt shed at the Town's Highway Department site. The salt pile at this site is currently uncovered and within 200' of the Town well. The project will move the salt pile onto a concrete pad with a concrete wall and wood truss roof. The new shed will prevent runoff and contamination of the nearby well.	DEC WQIP Salt	$337,500

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
75457	Montgomery	Vida-Blend LLC	Vida Blend New Construction and Employment Expansion	We will build a custom made 14,000 square foot building to continue our premix operations, the location will be in the new industrial zone located Amsterdam NY right on route 5S in the Florida Industrial Park.	ESD Grants	$240,000
74181	Montgomery	Village of Fonda	Fonda Canalside Park Phase III	The Park has an overall master plan that will create a one of a kind park and community space along the Mohawk River. Phase III grant funding is being requested for the development of a boat docking system, a large parking area for campers, a bathroom facility, a shelter/entertainment pavilion, a Veteran's memorial, furnishings such as benches, charcoal grills, and bike racks, and a boat pump out station.	Canals	$30,000
74181	Montgomery	Village of Fonda	Fonda Canalside Park Phase III: Boat Dock and Park Improvements	The Village of Fonda will design and construct park improvements at Canalside Park including a boat docking system and pump out station, a parking area for boat trailers and campers, a bathroom facility, a shelter/entertainment pavilion, a Veteran's memorial and park furnishings such as benches, charcoal grills, and bike racks. The project will enhance public access to Mohawk River/Erie Canal and water-dependent recreational activities.	DOS LWRP	$496,750
75946	Montgomery, Otsego, Schoharie	Schoharie River Center	Art in Public Places Building Connections with the Earth	"Building Connections with the Earth" is a year round program making connections and showcasing the natural environment of the Mohawk Valley. The program includes a participatory art project with willow, a youth-driven digital storytelling program and a literary festival.	Arts ACIP	$35,070
77088	Oneida	1140 LLC	649 Bleecker Street Shared Service Training Center Renovation	Renovate and repair a vacant building located in the Bleecker Street Business District. The newly renovated space will house a Shared Service/ Training Center to assist Development of small business for Veterans and Immigrants in the area.	ESD Grants	$200,000
72399	Oneida	167 Genesee St LLC	167 Genesee St Renovation	167 Genesee St LLC will renovate a vacant 4 story building into a mixed-use facility providing first floor commercial space with apartments on the upper floors.	ESD Grants	$400,000
75458	Oneida	Bowers Development, LLC	Kempf Buildings Renovation Project	Renovate two side-by-side downtown Utica mixed-use buildings, known as the Kempf Building, featuring commercial, retail, and residential space.	ESD Grants	$430,000
74924	Oneida	City of Sherrill	Sewer Evaluation	The City of Sherrill will complete an engineering report to study inflow and infiltration, investigate disinfection alternatives, and evaluate the condition of several pump stations and then make recommendations for improvements.	DEC EPG	$30,000
76584	Oneida	City of Utica	Combined Sewer Overflow Control Project A91	The City of Utica will remove storm flow from the Railroad Interceptor and instead discharge it to the Mohawk River to control wet-weather overflows. This project will reduce combined sewer overflows into local waterbodies and improve water quality of the Mohawk River.	DEC WQIP WWT	$573,750
74747	Oneida	Compassion Coalition, Inc.	Compassion Warehouse	To construct a brand new 25,000 square foot state-of-the-art warehouse on a 2.5 acre plot of land located in the City of Utica.	ESD Grants	$600,000
76465	Oneida	Cornell Cooperative Extension Oneida County	The REACH Center - Rome-Utica Creative Arts Incubator	Cornell Cooperative Extension Oneida County will assist with the renovation of the REACH Center located at 201-211 W. Dominick Street in Rome.	HCR NYMS	$200,000

Mohawk Valley

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
75813	Oneida	Deployed Resources LLC	Rome NY 917 Manufacturing Expansion	Deployed Resources plans to purchase current leased properties on Griffiss Business Park (GBP) and purchase and install metal manufacturing equipment and appurtenances to increase workstations and productivity.	ESD Grants	$1,380,000
76569	Oneida	First & Main LLC	First & Main Restoration	First & Main will renovate and finish the vacant first floor space in the Historic Hurd Shoe Building, repair and re-seam the roof, and replace brick where needed on the exterior of the century old building.	ESD Grants	$200,000
75973	Oneida	George's Farm Products, Inc.	Produce Operations Expansion	George's Farm will address the following: Upgrade the cold storage available be compliant with the FSMA (Food Safety Modernization Act) by having a compliant packing room, improve the loading dock facility, expand the electrical service.	ESD Grants	$170,000
75881	Oneida	Griffiss Utility Services Corporation	Electric System Reliability Upgrades	This project, to replace high voltage electric lines located above ground on poles and relocate them underground, will improve system reliability.	ESD Grants	$340,000
76000	Oneida	Masonic Medical Research Laboratory	Laboratory Renovation 2018	The Masonic Medical Research Laboratory plans to purchase cutting edge research equipment and outfitting the new research cubicles creating a state-of-the-art laboratory housing new and expanded research ventures.	ESD Grants	$400,000
76802	Oneida	MGS Manufacturing	MGS Manufacturing Expansion	MGS Manufacturing, a manufacturer of industrial machinery for the wire and cable industry, is will add on an additional 20,000 square feet of production space, fitted out with two 10-ton high bay cranes, and two standard 10-ton single bridge cranes.	ESD Grants	$875,000
72336	Oneida	Mohawk Valley Community College	Roads to Employment Transportation Training for Growing Jobs	Mohawk Valley Community College will operate a six-week training program to train individuals as Commercial Truck Drivers.	DOL UWT	$97,920
72002	Oneida	Mohawk Valley Community College	thINCubator-Mohawk Valley Innovation Hot Spot	The thINCubator's goal is to enable both first-time and serial entrepreneurs to connect and collaborate with other startups as they build their companies, ultimately creating jobs for the region. The thINCubator hosts a regular meet up called MESH (Makers, Entrepreneurs, Students and Hackers) that allows attendees to connect with other creatives with the potential to partner on ventures and/or projects. Other projects include: Mohawk Valley Mini Maker Faire and The Commercialization Academy.	ESD HSSP	$1,250,000
72666	Oneida	Munson-Williams-Proctor Arts Institute	Museum of Art Granite Facade Conservation	A central feature of the Munson-Williams-Proctor Arts Institute's Museum of Art building is the exterior facade of Canadian black granite slabs. The weight of the granite, exacerbated by upstate New York winters, has become too great to hang without additional support, creating significant safety concerns. This project will address the situation and accurately restore the historic facade, protecting the building from further damage.	OPRHP HP D	$397,511
72665	Oneida	Munson-Williams-Proctor Arts Institute	Silk Splendor: Kimonos from the Kubota Collection	Munson-Williams-Proctor Arts Institute will engage new audiences, advance cultural tourism, contribute to economic development, and enhance quality of life. This exhibit will include ceremonial and special-event clothing representing the cultures of our region—from recent refugees to those who have lived here for centuries. Munson-Williams-Proctor Arts Institute will build audiences through a comprehensive marketing campaign that will attract tourists from across NY State and beyond.	ESD MNY	$76,905

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
75100	Oneida	MVRCR	One World Welcome & Opportunity Center	The proposed One World Utica Welcome & Opportunity Center will provide a physical location in downtown Utica at 201 Bleecker Street that can be easily accessed by refugees, immigrants, and newcomers to the area.	ESD Grants	$248,000
71792	Oneida	O. W. Hubbell & Sons, Inc.	Building and Process Improvements to be competitive with large out of state galvanizers	O. W. Hubbell & Sons, Inc will extend the processing tanks within the existing plant footprint to allowing them to move material through the galvanizing process more efficiently.	ESD Grants	$300,000
74055	Oneida	Oneida County	Griffiss Intl Airport Rehabilitation of Building 100	The project includes rehabilitation of approximately 31,000 square foot of office space including the rehab of the UAV operation center also includes an addition of a 3 story front facade to accommodate new stairways and an elevator providing ADA compliance.	ESD Grants	$1,400,000
76422	Oneida	Oneida County	Sauquoit Creek Floodplain Restoration	The Sauquoit Creek Floodplain Restoration project will encompass over 8,000 linear feet of the Sauquoit Creek. The project will restore the historic channel alignment through the excavation of flood plain benches along both banks of the creek and the removal of a commercial plaza in the Village of Whitesboro.	EFC GIGP	$2,000,000
76234	Oneida	Pacemaker Steel & Piping Co., Inc.	Pacemaker SteelBagg Square Expansion Project	Pacemaker Steel and Piping plans to build a 37,500 square foot modern steel service center adjacent to our 501 Main Street building which will be a showcase for the rejuvenation of the Bagg's Square District.	ESD Grants	$700,000
76359	Oneida	Rail Pro Industries Inc	Water Street Facility	RailPro Industries plans to set-up and operate a railroad maintenance facility on Water Street in Utica. The 17 acre facility includes a 35,300 square foot maintenance facility with 4 rail lines running through the facility.	ESD Grants	$170,000
77141	Oneida	The Adirondack Distilling Company, Inc.	Adirondack Distilling Expansion	Adirondack Distilling Company is purchasing new machinery and equipment to expand production to meet increasing demand for their products.	ESD Grants	$100,000
74139	Oneida	The Mohawk Valley Resource Center for Refugees	Workforce Training for Refugees and Immigrants	The Mohawk Valley Resource Center for Refugees (MVRCR) will provide employment services and training access to eligible refugees and immigrants on-site at MVRCR to achieve self-sufficiency and ultimately decrease area poverty levels.	DOL UWT	$76,875
72998	Oneida	Town of Ava	Ava Town Park	The town of Ava will construct the town's first park. The Ava Town Park amenities will include: a pavilion, restroom, picnic area, ball field, playground, fitness/nature trail and parking area.	OPRHP PKS D	$251,191
75691	Oneida	Town of Boonville	Salt Storage Facility	The Town of Boonville will construct a new salt storage building at the highway facility. The project will prevent runoff from the salt and sand pile which is currently stored in the open in the vicinity of the Black River Canal and the municipal water wellhead.	DEC WQIP Salt	$380,517
73340	Oneida	Town of Floyd	Town of Floyd Park Improvements	The town of Floyd will significantly enhance its existing 73 acre community park with the addition of a covered pavilion and picnic tables, extension of existing walking trails, installation of signage for the trails, installation of 20 fitness stations, planting of shade trees, and trail improvements.	OPRHP PKS D	$99,237
74837	Oneida	Town of Marcy	Chaminade Industrial Park	The Chaminade Industrial Park Feasibility Study will specifically identify and quantify the environmental concerns and infrastructure improvements required to support development of the project site	ESD SPFS	$50,000

Mohawk Valley

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
72681	Oneida	Town of Remsen	Salt Shed	The Town of Remsen will build a new salt storage facility adjacent to the current town highway garage. Construction of a storage building will move the existing salt pile away from the Village of Remsen's drinking water wells and out of the wellhead protection area.	DEC WQIP Salt	$142,188
74104	Oneida	Town of Verona	Willow Place Road Extension	The Town of Verona will acquire property owned by NYS Thruway Authority located adjacent to the NYSTA I-90 Exit 33 off ramp at the Turning Stone Resort entrance including new road construction, and reconstruction of an existing road.	ESD Grants	$890,000
75780	Oneida	Town of Westmoreland	Town of Westmoreland Water System Improvements	Funds will be used for improvements to the water system on Martin Drive.	HCR CDBGPIPF	$501,500
76594	Oneida	Utica College	Construction Management Building	Utica College proposes to construct 15,000-square-foot building to house the Construction Management program. This two-story facility will include smart classrooms, instructional spaces, meeting space, and faculty/administrative offices.	ESD Grants	$700,000
74016	Oneida	Utica Zoo	Mohawk Valley Celebration of New York State Agriculture	Utica Zoo will host the Mohawk Valley Celebration of New York State Agriculture to promote agritourism and the craft beverage industry. The signature events will be Wine in the Wilderness in June 2018, Brewfest in August 2018, and Farm Day in October 2018.	ESD MNY	$72,600
74007	Oneida	Utica Zoo	Utica Zoo Primate Building Capital Project	Utica Zoo will complete a renovation of Utica Zoo's primate building and will create an exhibit that is visually attractive as well as physiologically and psychologically stimulating for the animals. This phase of the project will enable the zoo's white handed gibbons to move into a new, more naturalistic habitat, while also allowing the zoo to welcome a new animal, the fruit bat.	ESD MNY	$153,400
73976	Oneida	Utica Zoological Society	Utica Zoo Welcome Center	The Utica Zoological Society will add a much-needed multi-purpose welcome and educational center incorporating a year-round large classroom space and orientation area.	OPRHP PKS D	$500,000
76265	Oneida	Village Motors Auto Sales, LLC	Village Motors Mohawk Street	Village Motors is turning the former Kelsey Hayes – 21 Acre 400,000 square foot facility located at 44 Mohawk Street in Whitesboro NY into an industrial park characterized by smart growth and environmentally friendly business processes. Plans include a building comprehensive storm water management system for the chronically flood prone area and renovations and repairs to building.	ESD Grants	$530,000
76314	Oneida	Village of Boonville	Wastewater Treatment Plant Evaluation	The Village of Boonville will complete an engineering report to study a portion of its main interceptor and wastewater treatment plant.	DEC EPG	$30,000
75676	Oneida	Village of Remsen	Inflow and Infiltration Study	The Village of Remsen will complete an engineering report to identify sources of inflow and infiltration (I/I) and provide rehabilitation recommendations for reducing I/I in the system.	DEC EPG	$30,000
74292	Oneida	Village of Vernon	Wastewater Treatment Plant Effluent Disinfection Project	The Village of Vernon will install a new disinfection system at the Village's wastewater treatment plant. The outcome will be to fully treat the effluent which reduces environmental contamination.	DEC WQIP WWT	$1,000,000
75497	Oneida	Village of Waterville	Waterville Village Wastewater Plant Improvements	The Village of Waterville will install a disinfection system at their wastewater treatment plant. The outcome will be to fully treat the effluent which reduces environmental contamination.	DEC WQIP WWT	$976,415

Mohawk Valley

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
73566	Oneida	Waterville Economic Development Corporation	Empire State CookChill	Empire State Farms Cook/Chill (ESFCC) is proposing the construction and fit-out of an expandable 30,000-40,000 square foot OSHA-compliant state of the art building that will become a high-quality USDA-inspected Ready To Eat (RTE) meats and value-added protein production/ processing and distribution facility	ESD Grants	$1,500,000
75388	Oneida	Women's Employment Resource Center, Inc.	WERC to Work	Women's Employment Resource Center, Inc.'s job training program will address the needs of women who have been chronically unemployed, are displaced homemakers, or have relied on TANF/ SNAP benefits for many years. Participants will be trained and placed in jobs that offer long-term employment.	DOL UWT	$20,500
76212	Otsego	Brewery Ommegang	Brewery Ommegang Hospitality Center Expansion Project	Brewery Ommegang will upgrade their brewery destination experience in order to draw more visitors, from a broader area, and to better serve those visitors throughout the year. The expected outcome is to expand: 'shoulder season' capacity for beer tourism and special events, the ability to serve cafe guests, increased retail capabilities, geared towards beer tourism, as well as enhanced views of the beautiful Mohawk Valley region.	ESD MNY	$525,000
73491	Otsego	City of Oneonta	City of Oneonta Microenterprise Program	Funds will be used to assist in the establishment of a Microenterprise Program.	HCR CDBGME	$200,000
71948	Otsego	Glimmerglass Opera Theater, Inc.	Glimmerglass Festival Capital Improvements	The Glimmerglass Festival will undertake infrastructure improvements to its 32-year-old theater complex. The Festival has a vital economic and social impact on the region; 36,000 tickets are sold annually to visitors from throughout the U.S. and 11 foreign countries.	Arts ACFIP	$600,000
76762	Otsego	Klugo SB, LLC	Stevens Hardware Mixed Use Renovation	Renovation of a vacant downtown Oneonta building to mixed-use, first floor commercial space and five (5) residential units on the upper floors	ESD Grants	$90,000
74411	Otsego	Otsego County	Otsego and Chenango Consolidation of Weights and Measures Services	Otsego and Chenango County will consolidate their county's Weights and Measures Department into a single department servicing both counties. This is a great opportunity for both counties to reduce their operating and capital equipment costs and have complete continuity of services.	DOS LGE	$49,850
75944	Otsego	Otsego County	Otsego County Highway Asset Management Program	The Otsego County Highway Asset Management Program will inventory county and municipal-owned assets to aid strategic planning and budgeting for about 450 center-lane miles of county-owned highways. Field conditions and locations of culverts, signs and control devices will be logged into a county-wide ARCGIS online database. This partnership between the County and municipalities increases efficiencies, improves safety for the public and lowers the impact of asset failure.	DOS LGE	$94,071
74408	Otsego	Otsego County	Otsego County Transitional Housing Program	Funds will be used to construct ten units of transitional housing for the homeless.	HCR CDBGPIPF	$300,000
72078	Otsego	Otsego Northern Catskills BOCES	Advanced Healthcare Skills Training	Otsego Northern Catskills BOCES (ONC BOCES) will provide Practical Nursing (PN) and Certified Healthcare Environmental Services Technician (CHEST) training programs to eligible participants.	DOL UWT	$100,000
73887	Otsego	Railroad and Local YMCA of Oneonta	YMCA Strengthening and Connecting Community	The proposed project is the renovation of the 1st & 3rd floors of the existing YMCA building on 20 Ford Avenue to better serve families of our community.	ESD Grants	$170,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
73767	Otsego	Springbrook NY, Inc.	Direct Support Professional Training	Springbrook will provide eligible employees with a foundation of skills in written and oral communication, business management, cultural competence and critical thinking to succeed in their current jobs and advance in the field of human services.	DOL EET	$74,670
73671	Otsego	The Farmers Museum, Inc.	Central NY Hops and Brewing Marketing Campaign	The Farmers' Museum, in Cooperstown, NY will promote hops and craft brewing programs increasing tourism to the Mohawk Valley and supporting long-term growth and prosperity of craft brewing across Central NY. The project adds a signature event, Hopsego, and specific features to all major programming, with an overall goal of becoming the center for presenting the history of hops and brewing in NYS and a showcase for the resurgence in contemporary craft brewing.	ESD MNY	$92,000
76618	Otsego	The National Baseball Hall of Fame	Event Based Marketing Program	The National Baseball Hall of Fame and Museum will develop and implement a multi-media marketing campaign to promote two special annual events, Hall of Fame Induction Weekend and Hall of Fame Classic Weekend which will attract additional attendees as a commemorative/ milestone event.	ESD MNY	$250,000
73584	Otsego	Village of Cooperstown	Grove Street Culvert Replacement Project	The Village will reduce the risk of future flooding by replacing and right-sizing a culvert over Willow Brook, a tributary of Otsego Lake, and by relocating a flow barrier in the form of a sewage line that runs through the culvert. The existing stone box culvert is located on Grove Street between Main Street and Glen Avenue.	DEC CSC	$297,700
74754	Otsego	Village of Cooperstown	Wastewater Treatment Plant Upgrade	The Village of Cooperstown will make necessary upgrades to the wastewater treatment plant. This project will improve water quality by decreasing the amount of nitrogen and phosphorus discharged to the Susquehanna River.	DEC WQIP WWT	$1,000,000
72019	Otsego, Schoharie	ONC BOCES	Mechatronics Robotics Program	ONC BOCES is seeking funding to support a new Mechatronics/Robotics Program for high school and adult students in Otsego, Delaware, Schoharie and Greene counties.	ESD Grants	$630,000
77303	Schoharie	Cobleskill Agricultural Society	Cobleskill Fairgrounds Stage Improvements	Cobleskill Agricultural Society will renovate and retrofit the existing stage and grandstand facility of the Cobleskill Fairgrounds to improve the facility for different regional, cultural and tourism based events.	ESD Grants	$25,000
77277	Schoharie	Cobleskill Agricultural Society	Hall of Agriculture Renovation Project	Renovation and weatherization of the Hall of Agriculture building on the Cobleskill Fairgrounds to create a year-round community facility. The project includes roof repairs, facade repairs, fire protection system, insulation and heating equipment.	ESD Grants	$44,000
75647	Schoharie	John J. Hoober, Inc. T/A Hoober Feeds	Installation of a bagging line and a pellet cooler	Hoober Feeds is proposing to install a pellet cooler and feed packaging line at the mill in Central Bridge.	ESD Grants	$38,000
76342	Schoharie	Village of Cobleskill	Construction of Grandview Drive Drainage Improvements	The Village of Cobleskill will improve drainage by installing approximately 7 catch basins and 700 LF of 8" PVC storm sewer piping in conjunction with the installation of pedestrian sidewalks along Grandview Drive, an access route to the Cobleskill Regional Hospital. The improved drainage will help to protect the existing road, make travel along the road during heavy rainfall safer, and reduce nuisance stormwater flooding.	DEC CSC	$81,000

Mohawk Valley

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
74179	Schoharie	Village of Sharon Springs	Rejuvenate Sharon Springs Sewer Investment Project	The Village of Sharon Springs will upgrade their collection system by re-lining trunk lines and replacing water and sewer mains and also make improvements at the wastewater treatment plant. The project will improve water quality by eliminating sewer overflows into Brimstone Creek and reducing levels of fecal coliform and E.coli contamination.	DEC WQIP WWT	$1,646,960
74179	Schoharie	Village of Sharon Springs	Village of Sharon Springs Waste Water Treatment Plant Improvements	Funds will be used to rehabilitate the Village sewer system.	HCR CDBGPIPF	$350,000
		Excelsior Jobs Credits		Excelsior Jobs Program tax Credits will be reserved for future projects including business investments in targeted industries that are within the region and that create or retain jobs, create capital investment and are consistent with the Strategic Plan.	ESD EJPB	$14,000,000
		Low Cost Economic Development Financing		Federal Industrial Development Bond (IDB) Cap will be made available for state and local government issuers to sell tax-exempt bonds for eligible economic development, infrastructure and community revitalization efforts.	ESD IDBC	$30,000,000
		NYSERDA Energy Efficiency Projects	6 Energy Efficiency Projects Submitted	NYSERDA's Commercial and Industrial (C&I) programs offer businesses in New York State solutions to improve energy efficiency and save money through design, new construction, renovation, and process improvements to commercial and industrial buildings.The Commercial New Construction Program can help building owners make informed decisions about designing and renovating sustainable buildings. The FlexTech Program offers energy-saving opportunities through consultation and cost-shared studies. The Industrial and Process Efficiency Program can help organizations increase manufacturing output and data processing efficiency.	NYSERDA EE

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
72744	Clinton	Cedar Knoll Log Homes, Inc.	Planer System	Cedar Knoll Log Homes will install upgraded and updated equipment for its plaining operations to improve production efficiency.	ESD Grants	$70,000
72205	Clinton	Town of Peru	Wastewater Treatment Plant Upgrade	The Town of Peru will complete an engineering report to conduct a comprehensive evaluation of the wastewater treatment plant's infrastructure and operations to identify needed upgrades, repairs, infrastructure improvements, and potential areas for improved energy efficiency.	DEC EPG	$30,000
73377	Clinton	Town of Plattsburgh	Elevate Plattsburgh - A Smart Growth Plan	The Town of Plattsburgh will develop a strategic revitalization plan for its primary commercial corridor along NYS Route 3. The Plan will identify land uses, suggest infrastructure and multimodal transportation improvements, and present a physical corridor plan identifying infill opportunities, catalyst projects, zoning recommendations and design guidelines. The plan will build upon existing downtown revitalization efforts in the Town and City of Plattsburgh.	DOS LWRP	$73,125
75616	Clinton	Town of Saranac	Town of Saranac Standish Water District Improvements	Funds will be used for improvements to the Standish Water District.	HCR CDBGPIPF	$907,348
76392	Clinton	Village of Champlain	Village of Champlain Inflow Infiltration Mitigation Study	The Village of Champlain will complete an engineering report to complete an inflow and infiltration study within its sewer collection system.	DEC EPG	$30,000
72927	Clinton, Essex, Franklin	Franklin County Soil and Water Conservation District	Lake Champlain Watershed Roadside Erosion Plan Implementation Phase 2	Franklin County SWCD will implement best management practices (BMPs) at sites in Clinton, Essex, Franklin, Warren and Washington Counties. BMPs will include ditch cleaning, hydroseeding, installation of rolled erosion products, toe stabilization, woody plant installation, and check dam/ sediment basin installation. This project will reduce sediment and phosphorous loading in Lake Champlain, decrease habitat for invasive species, and increase fish spawning and migration.	DEC WQIP NPS	$316,598
73997	Clinton, Essex, Franklin, Hamilton, Jefferson, Lewis, St. Lawrence	Development Authority of the North Country	North Country Grown and Certified Agricultural Producers Program	Development Authority of the North County and the seven-county Cornell Cooperative Extensions will partner in outreach efforts to inform producers on the New York State Grown & Certified Producer's Grant program. These efforts will include the eligibility requirements of obtaining food safety certification, how to benefit from the Agricultural Educational Management program and how to access funds for the cost of on-farm capital improvements.	Ag & Mkts GCAP	$500,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
73977	Clinton, Essex, Franklin, Hamilton, Jefferson, Lewis, St. Lawrence	St. Lawrence University/North Country Public Radio	NCPR North Country at Work	North Country Public Radio's "North Country at Work" will explore the work life of seven communities through historic and contemporary photos, oral histories and stories in a three-part program in each of the selected communities. Content will be added to our digital archive; selected audio will be used for broadcast/podcast.	Arts ACIP	$70,100
72334	Essex	Essex County	Catch Basin Maintenance Project	Essex County will purchase a vacuum truck that will allow them to clean sediment from the 16 catch basins through the Ausable, Boquet and Lake Champlain watersheds. This will improve functionality of the catch basins. The equipment will also be shared with 18 towns within Essex County to maintain their water quality inlets.	DEC WQIP NPS	$296,650
74328	Essex	Essex County	Salt Storage Facility	Essex County will build a new salt storage facility for the salt pile located at the Department of Public Works garage in Elizabethtown. The existing pile is located across from Barber's Pond and a few hundred feet from the Highway Department's well. The new facility will comply with OGS regulations, which include a foundation and walls, preventing salt runoff to the nearby pond and residential wells, and thereby protecting the quality of drinking water and aquatic life.	DEC WQIP Salt	$744,134
76987	Essex	Essex County Soil and Water Conservation District	Essex County Green Infrastructures	Essex County Soil and Water Conservation District will install various stormwater control practices including rain gardens in four different locations around Lake Champlain. The projects will reduce stormwater and prevent pollutants such as phosphorus from entering Lake Champlain and its tributaries.	DEC WQIP NPS	$59,000
75080	Essex	General Composites Inc	Machinery and Equipment Upgrades	General Composites (GCi) will invest in equipment modernization technology, known as Hybrid Molding, to hold a competitive advantage in the global market. GCi will be one of the few composite companies in the US utilizing the Hybrid Molding technology.	ESD Grants	$93,000
75940	Essex	Geodesic Airolite Boats	Relocation and Expansion	Geodesic Airolite Boats will relocate to the North Country and establish a boat manufacturing business and promote tourism with weekend-long canoe building experience.	ESD Grants	$33,000
75251	Essex	LPEC Quality Destination, Inc.	International Children's Games	LPEC Quality Destination Inc. will host the International Children's Games that will bring approximately 1250 athletes from 50 international cities to the region as well as their support crews, families, volunteers, and spectators. Lake Placid will deliver a positive traveler event experience while simultaneously raising awareness of the Adirondack Region in a worldwide market.	ESD MNY	$250,000
74913	Essex	Star Trek Original Series Set Tour	2018 Weekend Special Events Series	Star Trek Original Series Set Tour will promote Ticonderoga, Star Trek Tour Special Events and Star Trek Tour itself to the extent possible and affordable to make this historic and natural-beauty region known to people in both North America and around the world.	ESD MNY	$108,400
74664	Essex	The Fort Ticonderoga Association	Fort Ticonderoga Association Pavilion Restoration	The Fort Ticonderoga Association will save a national treasure while expanding as a national cultural destination. The proposed adaptive re-use project will include needed visitor amenities, conference center capacity, and new educational and exhibition space.	Arts ACFIP	$2,445,000

North Country

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
73235	Essex	Town of Keene	Salt Shed	The Town of Keene will construct a new salt storage shed for the Town's current uncovered salt pile. The pile is located next to the Town's well water source which is contaminated and corroded due to sodium chloride. The new storage shed will protect the well water source, private wells, and nearby streams and wetlands from runoff.	DEC WQIP Salt	$695,856
73103	Essex	Town of Lewis	Town of Lewis Water System Improvements	Funds will be used for construction of a new water main and appurtenances.	HCR CDBGPIPF	$750,000
73171	Essex	Town of Newcomb	Salt Shed	The Town of Newcomb will construct a new salt storage shed on Town-owned land outside of the hamlet and away from water resources. The current shed is adjacent to the Town's new water source. Building the new shed will protect the Town's well from runoff.	DEC WQIP Salt	$359,643
72351	Essex	Town of Willsboro	Decentralized Wastewater Treatment to Protect Lake Champlain	The Town of Willsboro will complete an engineering report to investigate the potential of an onsite decentralized wastewater treatment system to remedy failing septic's in the Buena Vista neighborhood of the Town.	DEC EPG	$30,000
75106	Essex	Village of Saranac Lake	Inflow and Infiltration Engineering Study Report	The Village of Saranac Lake will complete an engineering report to identify work needed in the collection system to reduce inflow and infiltration and reduce flows to the treatment plant.	DEC EPG	$100,000
74671	Essex	War Canoe Spirits LLC	War Canoe Spirits Distillery	War Canoe Spirits will establish a distillery manufacturing operation with tasting, dining, retail, and event space in Crown Point, NY. The company will manufacture craft spirits and hard cider on-site.	ESD Grants	$705,000
76862	Essex, Franklin, St. Lawrence	Ski Areas of New York, Inc.	New York State Winter Tourism Promotion	Ski Areas of New York Inc will construct a multi-media program that will promote skiing and riding in New York State. A primary focus will be growth of the flagship program "Kids Ski Free." This program is an excellent example our primary goal of growing our sport from the ground up, introducing children to the world of winter sports and retaining them as skiers for a lifetime.	ESD MNY	$264,000
75084	Franklin	Adirondack Public Observatory, Inc.	Adirondack Public Observatory and AstroScience Center Phase 3	The Adirondack Public Observatory (APO) is dedicated to the education, research, and enjoyment of the science of astronomy. The APO will develop blueprints and engineer schematics for the eventual construction of a LEED-certified Astro-science building.	ESD Grants	$200,000
76287	Franklin	Bionique Testing Laboratories, Inc.	Lab Equipment Upgrades	Bionique Testing Laboratories will upgrade existing bio testing equipment and related technologies to improve efficiency, quality, and answer growing demand for mycoplasma testing.	ESD Grants	$300,000
75244	Franklin	BluSeed Studios	Administrative Workforce Expansion	BluSeed Studios, which recently merged with Saranac Lake ArtWorks, will hire an Events and Outreach Coordinator to oversee longstanding events formerly run by ArtWorks volunteers.	Arts WIP	$35,500
75651	Franklin	Carpe Insectae LLC	Machinery and Equipment Upgrades	Carpe Insectae, a manufacture of all-natural insect repellant, will purchase new machinery and equipment in order to increase productivity. The company currently exports 50% of its product to Canada and projects an uptick in future demand.	ESD Grants	$13,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
74366	Franklin	Chicota Inc.	27 Broadway Renovation	Chicota, Inc. will renovate the former Dew Drop Inn in Saranac Lake's downtown district, to establish a "food experience" business, consisting of a restaurant and bar, short-stay apartments, an event space and a cooking school.	ESD Grants	$198,000
74366	Franklin	Chicota, Inc.	Tourism/ Hospitality Business Renovation	Chicota Inc. will undertake a capital project to update a commercial, downtown property and develop a "food experience" business, consisting of a restaurant and bar, short-stay apartments, an event space and a cooking school.	ESD MNY	$140,000
76233	Franklin	Franklin County	Franklin County Microenterprise Program	Funds will be used to assist in the establishment of a Microenterprise Program.	HCR CDBGME	$200,000
76075	Franklin	Saranac Lake Local Development Corporation	27 Broadway Renovation	The Saranac Lake Local Development Corporation will assist renovations at 27 Broadway.	HCR NYMS	$300,000
75634	Franklin	The Wild Center	Workforce Training and Development Expansion	The Wild Center will pilot a year-long workforce readiness program to train four young adults in a Museum Residency Training program. Participants will be intensively trained, given work experience, and join a new career-oriented Alumni Network, available to The Wild Center Fellows and others.	Arts WRP	$60,000
76300	Franklin	Town of Malone	Emergency Feasibility Study / Engineering Analysis for the Salmon River Malone NY	The Town of Malone will develop a hydrodynamic sediment transport model of the Salmon River in the vicinity of the dam, wastewater treatment plant, and residential neighborhoods to better understand existing flow, sediment system, and dam spillway capacity. The model will allow for the conceptual development of options to improve river flows to and over the dam, reduce sediment deposition, and improve storage capacity.	DEC CSC C	$17,000
75107	Franklin	Town of Malone	Town of Malone Microenterprise Program	Funds will be used to assist in the establishment of a Microenterprise Program.	HCR CDBGME	$200,000
75415	Franklin	Village of Chateaugay	Wastewater Treatment Plant Engineering Planning Grant Disinfection	The Village of Chateaugay will complete an engineering report to explore options to add disinfection treatment to the Village's wastewater treatment plant.	DEC EPG	$30,000
74681	Franklin	Village of Tupper Lake	Infiltration and Inflow Study	The Village of Tupper Lake will complete an engineering report to conduct an inflow and infiltration study to assess the general condition of the system and identify primary sources of extraneous flows allowing the Village to prioritize repairs.	DEC EPG	$100,000
72072	Franklin	Village of Tupper Lake	Wood Pellet Fired Municipal Heat System	The Village of Tupper Lake will install a municipal heating system using a central heat plant fueled by wood pellets.	ESD Grants	$1,400,000
73916	Hamilton	Adirondack Historical Association	Adirondack Art and Design Center	The Adirondack Experience will renovate a portion of a building and install interactive technological elements to create the Adirondack Art and Design Center. The Center will become a new heritage attraction and will permanently display Adirondack paintings, decorative arts, and rustic furniture collections along with important prints, drawings, and photographs	ESD Grants	$600,000

North Country

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
73914	Hamilton	Adirondack Historical Association	Adirondack Historical Association HVAC Upgrade for Life in the Adirondacks Building	Adirondack Historical Association will upgrade climate control systems in Adirondack Experience's largest exhibition building.	Arts ACFIP	$500,000
76741	Hamilton	Hamilton County	Adirondack Hamlets to Huts Implementation	Hamilton County will implement the Adirondack Community-based Trails and Lodging System Plan by creating a lodging affiliate system, a hut-to-hut reservation system, and a marketing plan with website, social media, search engine optimization, and paid media. The goal of project is to create, manage and promote a world-class Adirondack hut-to-hut system that advances sustainable communities, conservation, and wellness.	DOS LWRP	$219,375
72077	Hamilton	Hamilton County	Solid Waste and Recycling Efficiency Study	Located entirely in the Adirondack Park, Hamilton County provides refuse services in solid waste and recycling transfer stations and 3 other collection sites for a winter population of 5,000 that swells to 75,000 in summer. Together with the Towns of Inlet, Hope and Long Lake, the County will undertake a shared services study to find greater efficiencies in the collection, transfer, and marketing of recyclables and the disposal of solid waste.	DOS LGE P	$12,500
72388	Hamilton	Indian Lake Snowarriors Association Inc.	Trail Groomer Purchase	The Indian Lake Snow Warriors will purchase a fully refurbished snow groomer to maintain 7.4 miles of Class B connector trails used for snowmobiling and cross country skiing.	OPRHP RTP D	$83,821
71410	Hamilton	Town of Indian Lake	Construction of Firehouse/ Regional Security Center	The Town, in partnership with the Indian Lake Fire District, will construct a Regional Security Center (RSC) to replace the current firehouse, which is now too small, in poor condition, not ADA-compliant, and not suited for modern facilities and equipment. The proposed project would reuse the former IGA, an abandoned brownfield site, for renovation as the RSC.	DEC CSC	$639,000
75027	Hamilton	Town of Indian Lake	Townsend Business Center Development Strategy and Waterfront Access Strategy	The Town of Indian Lake will work with the Chamber of Commerce and Community Development Corporation to prepare a Development Strategy for a local business center and develop a Waterfront Access Strategy to improve public access to the Cedar River, Adirondack Lake, and Lake Abanakee. The Townsend Business Center will support economic development by providing temporary physical space for local startups to develop their operations.	DOS LWRP	$90,000
76708	Jefferson	242 Washington Street LLC	Masonic Temple Renovation	242 Washington Street LLC will renovate an historic building in downtown Watertown for commercial use.	ESD Grants	$500,000
75867	Jefferson	Busted Grapes, L.L.C.	Winery Expansion	Busted Grapes will construct a tasting and event barn to expand visitor amenities along with purchasing bottling equipment to increase production capacity to meet demand and enter larger markets.	ESD Grants	$19,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
74661	Jefferson	City of Watertown	Comprehensive Plan	The City of Watertown will create a comprehensive plan that will guide development within the City over the next 20 to 30 years and set the stage to support and execute transformational projects. The plan will identify issues within the City that may deter economic growth, and recommend local approaches to address them.	ESD SPFS	$90,000
74539	Jefferson	City of Watertown	Western Trunk Surcharging	The City of Watertown will complete an engineering report to study improved services in relation to collection, combined sewer outfall capacity, improved inflow and infiltration and sanitary sewer overflow at the Western Outfall Trunk Sewer within the City of Watertown.	DEC EPG	$60,000
76558	Jefferson	Current Applications, Inc.	Machinery and Equipment Upgrades	Current Applications will purchase and install a new digital balancing machine and CNC grinder for use in their Watertown, NY manufacturing facility. The new equipment will increase the company's productivity, efficiency and global competitiveness. Moreover, it will bring operations currently outsourced to China, back to New York.	ESD Grants	$23,000
75449	Jefferson	Jefferson Community College	North Country Retail Training	Jefferson Community College's North Country Retail Training program will provide participants with an intensive and full-supported training program to include the following program components: Retail Fundamentals, Customer Service and Sales, and Advanced Customer Service and Sales.	DOL UWT	$100,000
75511	Jefferson	Jefferson County Industrial Development Agency (JCIDA)	Business Complex at Watertown International Infrastructure	JCIDA will install electric, gas, water, wastewater and roadway infrastructure at the Watertown Airport's Business Complex in order to prepare the site for future development.	ESD Grants	$1,121,000
76686	Jefferson	MetalCraft Marine US, Inc.	Equipment Upgrades	MetalCraft Marine plans to purchase a new overhead crane and press brake to expand operations. The company will also purchase and install an electric vacuum lifter.	ESD Grants	$38,000
71962	Jefferson	Sackets Harbor Historical Society Inc.	Christ Episcopal Church Acquisition	The Sackets Harbor Historical Society will acquire and preserve the Christ Episcopal Church in the Village of Sackets Harbor. Christ Episcopal Church is one of the most significant ecclesiastical buildings in Jefferson County, distinguished and noted for both its architectural quality and its historical significance. The Historical Society intends to open a cultural center for educational exhibits and special events.	OPRHP HAS A	$85,500
74506	Jefferson	Swan Bay Resort LLC	Swan Bay Expansion	Swan Bay Resort will expand into a new section and add new sites with access to electric, water and municipal sewer. Cement pads and a new bathhouse will also be installed for this new section of the RV Park.	ESD Grants	$198,000
73484	Jefferson	Thousand Islands Land Trust	Land Acquisition Project	The Thousand Islands Land Trust will acquire 460+ acres of riparian habitat and half a mile of shoreline in the Town of Alexandria. This project will protect riparian buffer vegetation, preserve coastal wetlands, prevent land uses conducive to erosion and prevent shoreline development to ensure that pollutants remain stabilized in upland soils instead of making their way into the surface waters of the St. Lawrence River.	DEC WQIP SWP	$225,360

North Country

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
73903	Jefferson	Town of Clayton	Cerow Recreation Park Arena Expansion	The Town of Clayton will renovate and expand the Cerow Recreation Park Arena. The addition will add locker rooms, restrooms, office space, and zamboni storage.	OPRHP PKS D	$500,000
73903	Jefferson	Town of Clayton	Cerow Recreation Park Arena Expansion	The Town of Clayton will modernize the arena facility and construct two additions for town offices, meeting space, locker rooms, and Zamboni storage.	ESD Grants	$665,000
76097	Jefferson	Town of Hounsfield	Watertown Airport Sewer Connection	The Town of Hounsfield will extend the sanitary sewer line (along the Route 12F corridor) to the Watertown International Airport's Business Complex to ready the site for development.	ESD Grants	$2,000,000
75751	Jefferson	Town of Lyme	Salt and Sand Storage Facility	The Town of Lyme will construct a new salt and sand storage facility on municipally-owned land in Chaumont. This project will replace an inadequate shed for the Town's pure salt and uncovered/unprotected pile of salt and sand. The project will also move the salt away from Horse Creek, a tributary of Lake Ontario. The new building will protect the salt and sand from the weather, preventing runoff and salt contamination of waterways.	DEC WQIP Salt	$262,500
75198	Jefferson	Village of Brownville	Engineering Planning Grant Wastewater Disinfection	The Village of Brownville will complete an engineering report to review options to provide disinfection of wastewater effluent.	DEC EPG	$24,000
73518	Jefferson	Village of Carthage	Inflow and Infiltration Study	The Village of Carthage will complete an engineering report to locate sources of inflow and infiltration so that repairs can be made to the system.	DEC EPG	$30,000
50105	Jefferson	Village of Deferiet	Deferiet Playground Renovation	The Village of Deferiet will build a new updated and safe playground built on the existing playground footprint with proposed new protective ground cover. The playground will create an opportunity for parents, grandparents and kids to go out and play and picnic. A revitalized recreational area will also serve residents as a community gathering space.	OPRHP PKS D	$73,328
72701	Jefferson	Village of Philadelphia	Wastewater Disinfection Study	The Village of Philadelphia will complete an engineering report to determine the feasibility of adding disinfection to the existing wastewater treatment facility.	DEC EPG	$30,000
75569	Jefferson, St. Lawrence	Thousand Islands Regional Tourism Development Corporation	The Reputation Recovery Marketing Project	The Thousand Islands Regional Tourism Development Corporation will create and implement the "Reputation Recovery" multi-media marketing campaign. This promotion will reinforce the region's marketing equity in core markets, through the use of compelling images, video and stories to highly targeted audiences push a message that the region is not only open for business, but is truly a premier destination for water-lovers.	ESD MNY	$136,875
73415	Lewis	Lewis County	Central Lewis County Regional Water Program	Lewis County with the Towns of Lowville, Watson, Denmark, and Martinsburg will develop and implement the Central Lewis County Water Program, tapping into regional tourism and recreation, business parks, and agri-business/technology. The project will examine current public water systems, capital improvements for interconnections, operations, management, and maintenance.	DOS LGE	$297,000
75031	Lewis	Lewis County Historical Society	General Walter Martin Mansion	The Lewis County Historical Society will complete Phase II Stabilization and Restoration of the General Walter Martin Mansion. The goal is to restore the mansion to the 1830s period and to prevent further deterioration.	OPRHP HP D	$56,250

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
74224	Lewis	Lewis County Industrial Development Agency	Lyons Falls Mill Site Redevelopment	The former Lyons Falls Mill cleanup project began in 2014 and is nearing completion with this fourth and final phase. The Lewis County IDA plans to demolish the remaining structures on-site in order to make the property ready for new development.	ESD Grants	$350,000
76261	Lewis	Lewis County Soil and Water Conservation District	Lewis County Fairgrounds Stormwater	Lewis County will install bioretention, a stormwater harvesting and reuse system and porous pavement at their county fairgrounds. This project will prevent localized flooding and treat stormwater that discharges to the Black River.	EFC GIGP	$575,000
72416	Lewis	Long Pond Sno Sled Club, Inc.	Trail Groomer Purchase	The Long Pond Sno Sled Club purchase a snowmobile trail groomer that will replace an aging unit. The new groomer will allow the club to maintain trails that receive heavy snowmobile traffic.	OPRHP RTP D	$200,000
72931	Lewis	Snow Ridge Resort LLC	Tubing Center and Ice Rink	Snow Ridge Resort will make capital improvements at its Ski Learning Center by adding a tubing center and skating rink. A small groomer will also be purchased to help maintain new and existing portions of the resort.	ESD Grants	$44,000
74300	Lewis	Town of Lewis	Salt Storage Project	The Town of Lewis will construct a new salt storage facility at the Town of Lewis Highway Department property. This facility will allow the town to move the current salt pile under cover away from exposure to weather. The salt pile is located near the Town's well and a residential well on an adjacent property, as well as being located next to the East Branch of the Mohawk River. The project will protect the environment and water quality by preventing runoff and salt contamination.	DEC WQIP Salt	$491,250
76665	Lewis	Turin Ridge Riders, Inc.	Trail Groomer Purchase	The Turin Ridge Riders snowmobile club will purchase a new snowmobile trail groomer to replace aging equipment. The new groomer will enable the snowmobile club to promote tourism through proactive trail maintenance for years to come.	OPRHP RTP M	$200,000
75690	St. Lawrence	Arconic Inc.	Road Improvements	Arconic Inc will realign the roads leading to its complex to streamline traffic at the facility and reduce fuel costs for trucking.	ESD Grants	$90,000
74488	St. Lawrence	Business Development Corporation for a Greater Massena	Massena Downtown Theater Renovation	Business Development Corporation for a Greater Massena will assist in the renovation of the historic Massena Downtown Theater.	HCR NYMS	$300,000
73001	St. Lawrence	City of Ogdensburg	Ogdensburg Wastewater Treatment Plant Improvement Project	The City of Ogdensburg will install a sewer force main and pump station and a new combined sewer overflow storage system at the wastewater treatment plant as well as improve existing infrastructure at the plant and its pumping stations to replace outdated, non-functional equipment and improve treatment processes. This project will improve water quality of the St. Lawrence River by mitigating combined sewer overflow events.	DEC WQIP WWT	$5,000,000
75326	St. Lawrence	St. Lawrence County Industrial Development Agency (IDA)	Jones and Laughlin Steel Site Demolition	St. Lawrence County IDA will abate and demolish 17 structures at the former Jones and Laughlin Steel site.	ESD Grants	$340,000
72487	St. Lawrence	Town of Gouverneur	Town of Gouverneur Water Distribution Infrastructure Improvements	Funds will be used for improvements to the East Side and West Side Water Districts.	HCR CDBGPIPF	$750,000

75079	Greene	Thomas Cole Historic House	A celebration of the 200th anniversary of Thomas Cole's arrival in America	To celebrate the 200th anniversary of Thomas Cole's arrival from England, an exhibition and Arts Festival will take place amidst the Hudson Valley landscape. The project is a partnership with Yale, Olana, and the Bridge Authority, coinciding with a major Cole show at the Metropolitan Museum of Art.	Arts ACIP	$52,000
75389	Greene	Village of Catskill	Local Waterfront Revitalization Program	The Village of Catskill will develop a Local Waterfront Revitalization Program (LWRP) for its Hudson River waterfront that incorporates strategies and proposed projects that address resiliency. The LWRP will identify a vision to revitalize the waterfront and downtown area that considers sea level rise and future flooding.	DOS LWRP	$85,000
74144	Rensselaer	Capital Roots	The Urban Grow Center	Capital Roots will construct an addition to include an incubator kitchen and a greenhouse to provide assistance to underserved communities.	ESD Grants	$700,000
76038	Rensselaer	Civic and Cultural Restoration Corporation	Wood Block Building Stabilization Project	CiviCure will assist in the restoration of 1880 Wood Block, a downtown anchor building located in the Village of Hoosick Falls.	HCR NYMS	$150,000
74724	Rensselaer	Hudson Mohawk Industrial Gateway	Burden Iron Works Museum Restoration and Rehabilitation	Hudson Mohawk Industrial Gateway will continue with the restoration of the historic Burden Iron Works Museum. The three deteriorated entrances will be rehabilitated, windows will be restored, and a natural gas line and air conditioning will be installed. Cherry wall paneling will be restored, and a new linoleum floor will be installed.	OPRHP HAS D	$500,000
75342	Rensselaer	Hudson Valley Community College	Advanced Manufacturing Training Program	Hudson Valley Community College will construct labs and classrooms and purchase machinery and equipment to create the Advanced Manufacturing Technology facility, a one-stop manufacturing technology center that will train students on the latest machine tools, equipment, tooling and software for employment with manufacturers in the Capital Region.	ESD Grants	$2,900,000

Capital Region

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
76329	Rensselaer	Museum Association of New York	Administrative Workforce Expansion	The Museum Association of New York will hire a Marketing and Social Media Coordinator to manage digital marketing and communications, enrich our service to the field, promote professional development programs, share funding opportunities and improve economic stability in New York's cultural sector.	Arts WIP	$29,550
74894	Rensselaer	Rensselaer County Historical Society	Hart-Cluett/Carr Restoration	Rensselaer County Historical Society will restore/secure the envelope of the Hart-Cluett House and the attached Carriage House, which will enable better access to services and programs and protect archived documents.	OPRHP HAS D	$361,620
74912	Rensselaer	Rensselaer Land Trust	Rensselaer County Land Protection Program	The Rensselaer Land Trust will purchase land to protect approximately 650 acres of the Tomhannock watershed in perpetuity. The project will help mitigate pathogens, nutrients and silt/sediment that are the current impairments that categorize the Tomhannock Reservoir as threatened.	DEC WQIP SWP	$1,500,000
75245	Rensselaer	The Quackenbush Building Inc.	Troy Innovation District	Quackenbush Building will renovate existing building stock to accommodate the demand by technology companies for space in interconnected wired buildings. An Innovation District will be established in Troy's Central Business District leveraging the City's urban and educational resources and rebranding unsightly buildings as clean high-tech space, creating an environment for job creation and growth.	ESD Grants	$4,000,000
76944	Rensselaer	The Sabre Companies LLC	Hedley Training Facility	A training center will be established in Troy, specializing in the development and manufacture of decontamination systems used in the food processing, oil and gas and homeland security industries.	ESD Grants	$400,000
74455	Rensselaer	Town of Schodack	Schodack Outfall Mapping	The Town of Schodack will finalize the MS4 program by mapping 27 unmapped outfalls in Town. This project will increase the ability of the Town to track down and eliminate reported or detected illicit discharges.	DEC WQIP MS4	$18,675
74240	Rensselaer	Village of Hoosick Falls	Village of Hoosick Falls Storm Drainage System Improvements	Funds will be used to initiate a series of storm drainage system improvements along the Woods Brook.	HCR CDBGPIPF	$900,000
74829	Rensselaer	Village of Hoosick Falls	Wastewater Treatment Plant Effluent Disinfection Study	The Village of Hoosick Falls will complete an engineering report to determine the feasibility, concept design, schedule and project cost for installation of a disinfection channel and equipment for disinfection which will soon be required.	DEC EPG	$30,000
71910	Saratoga	City of Mechanicville	City of Mechanicville Storm Drainage System	Funds will be used to install a new storm drainage system on South Central Ave.	HCR CDBGPIPF	$1,000,000
76290	Saratoga	City of Saratoga Springs	Natural Resource Inventory	The City of Saratoga Springs will complete a Natural Resources Inventory. The inventory will compile information on natural resources such as: forests, streams, wetlands, and rocky ridges; catalog and map cultural, historic, scenic, and recreational assets; assess threats to these resources; and recommend conservation practices. The inventory will enable implementation of the City's smart growth oriented "City in the County" vision for future development.	DEC CSC C	$15,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
74767	Saratoga	Friends of Saratoga Spa State Park Inc.	Saratoga Spa State Park Tennis Court Renovations	The Friends of Saratoga Spa State Park will renovate four existing asphalt tennis courts located at Saratoga Spa Park into clay courts. The project includes the sustainably designed conversion of the asphalt courts into clay and the addition of lights. The project is part of an ongoing collaboration between the Park and the local community.	OPRHP PKS D	$75,000
77159	Saratoga	The Pike Companies, Ltd.	Manufacturing Technology Education Center	The Pike Companies will acquire land and construct and equip a building to establish MTEC, a public-private partnership between GlobalFoundries, SUNY and other institutions and businesses that will provide training for 21st century manufacturing careers.	ESD Grants	$1,700,000
76985	Saratoga	Town of Clifton Park	Construction of NYS Route 146 Sidewalk Extension	The Town will construct 2,160 linear feet of a 5' sidewalk within the northern right of way boundary of NYS Route 146 from Northcrest Drive to the intersection of Tallow Wood Drive and Route 146. The sidewalk will tie into an existing Town Center sidewalk network that has been constructed with private sector investment. As a climate smart community, Clifton Park is committed to infrastructure projects that reduce vehicle mile trips and improve air quality.	DEC CSC	$220,000
72398	Saratoga	Village of Corinth	Village of Corinth Force Main and Sewer Improvements	Funds will be used to replace the existing force main and sewer improvements to support the new River Street Pump Station and WWTP.	HCR CDBGPIPF	$1,000,000
71567	Saratoga	Z-HUB	Craft NY Supply Chain	A Grain Hub will be established to grow, harvest, process, package and ship grains to in-state craft brewers and distillers in eastern New York State, providing greater access to NYS produced grains for craft beverage producers and increased market opportunities for grain farmers.	ESD Grants	$300,000
77148	Schenectady	Albany Barn, Inc.	Maker Space at Hillside View	Albany Barn will renovate space in a historic building in Hamilton Hill and purchase machinery and equipment to create maker space that includes a media lab, a fiber/textile studio, an electronics lab and a wood/metal fabrication lab, establishing an ecosystem where makers and creative start-ups can access tools, equipment, knowledge and labor to grow their businesses.	ESD Grants	$85,000
74983	Schenectady	Arts Center and Theatre of Schenectady, Inc.	Seating and Hearing Loop Accessibility Project	Proctors will complete the installation of new seats and a hearing loop system in its historic main theatre. The outcome of this project will increase access to a wider range of seats for persons with mobility limitations, increase comfort and safety, and provide higher quality audio assistance for persons with hearing loss.	Arts ACFIP	$500,000
77134	Schenectady	City of Schenectady	Greenhouse Gas Inventory and Vulnerability Assessment	The City of Schenectady will conduct a vulnerability assessment of: infrastructure, energy, food, waste, transportation systems, and natural and cultural assets. Work will include review of existing plans and projects to assess strengths, weaknesses, opportunities, and threats; identifying potential projects and grant opportunities; and looking for opportunities to increase preparedness for climate hazards. The City will also inventory its municipal operations greenhouse gas emissions.	DEC CSC C	$28,000

Capital Region

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
72386	Schenectady	City of Schenectady	Jerry Burrell Park Improvement	The project will re-construct a handball court, rehabilitate tennis and basketball courts, repave walkways, add landscaping, fencing and install adequate lighting to eliminate any safety concerns. Improvements are needed to realize the true potential of the urban parkland.	OPRHP PKS D	$205,417
75237	Schenectady	City of Schenectady	Mohawk Harbor Dockage Design & Multi-Use Path Construction	The City of Schenectady will prepare designs for a docking facility and a multi-use path that will connect to the Mohawk-Hudson Bike-Hike Trail, the Rivers Casino Resort, the Mohawk Harbor complex and downtown Schenectady. The project will include site preparation work and construction of the multi-use path.	DOS LWRP	$503,251
73657	Schenectady	New York Folklore Society	Workforce Training and Development Expansion	The New York Folklore Society will offer two work/learn positions for an Arts Career Training Program focused upon Arts Marketing and Digital Media.	Arts WRP	$75,000
75232	Schenectady	Re4orm Architecture	Schenectady Innovation Project	Re4orm Architecture will renovate a blighted building to create the Schenectady Innovation Project, a center for food and beverage development and production featuring labs and training facilities for culinary education, and commercial space.	ESD Grants	$2,900,000
75306	Schenectady	Schenectady Community Action Program, Inc.	Advanced Healthcare Skills Training	Schenectady Community Action Program (SCAP)'s Employment Services Project will provide unemployed or underemployed workers with advanced healthcare skills training that incorporates career pathway and employability skills development, as well as job placement and retention support.	DOL UWT	$99,806
75239	Schenectady	Schenectady County Community College	Capital Region Software Talent Training	Schenectady County Community College (SUNY SCCC), in partnership with the non-profit workforce organization Albany Can Code, will provide a Capital Region Software Talent Training 2017 to address the issue of a shortage of web and software developers in the local workforce.	DOL UWT	$37,800
72387	Schenectady	Schenectady Museum Association	miSci-Vale Park Education Conservancy Trail Project	The miSci-Vale Park Education Conservancy Trail Project is a collaboration between miSci and the Vale Park Task Force to realize the vision of a redeveloped Vale Park in downtown Schenectady. The primary goal of this project is to construct a nature trail connecting miSci and Vale Park as well as an outdoor classroom for environmental and conservancy educational programs.	OPRHP PKS D	$415,120
75685	Schenectady	Town of Glenville	Glenville Greenway Strategic Development Plan	A study will be done to evaluate multiple transportation networks, recreational activity and linkages and their impact to and expansion of economic development.	ESD SPFS	$50,000
74454	Schenectady	Town of Rotterdam	Rotterdam Land Acquisition for Source Water Protection	The Town of Rotterdam will purchase a parcel in Rotterdam Water District #3 in the Great Flats Aquifer directly adjacent to two public well heads. Purchase of this property is a priority to protect water quality of the public well fields.	DEC WQIP SWP	$48,750
75199	Schenectady	Village of Scotia	Inflow and Infiltration Study	The Village of Scotia will complete an engineering report to evaluate the condition of the sanitary sewer collection system and to identify and prioritize areas in the system most in need of repair or replacement.	DEC EPG	$30,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
75516	Warren	City of Glens Falls	Pruyn's Island Connection to Downtown Glens Falls	The City of Glens Falls will advance the Redevelopment and Connection Plan for Pruyn's Island by designing and constructing an extension to the "Hudson Walk" multi-use trail and installation of a pedestrian footbridge spanning the Champlain Feeder Canal to connect the adjacent residential neighborhoods to Pruyn's Island. The project will enhance visual and physical public access to the Hudson River and provide a connection to the existing Feeder Canal Trail.	DOS LWRP	$363,750
76378	Warren	EDC Warren County	Warren County Opportunity Zone	Feasibility study will addressing the challenges and impediments to employment within the warren County Opportunity Zone	ESD SPFS	$25,000
73276	Warren	Flomatic Corporation	Plant Expansion	Facility expansion and the purchase and installation of a new epoxy coating system.	ESD EJP	$300,000
73276	Warren	Flomatic Corporation	Plant Expansion	Facility expansion and the purchase and installation of a new epoxy coating system.	ESD Grants	$350,000
73926	Warren	Hudson Hollow Hops, Inc	OPs Microbrewery	Hudson Hollow Hops will establish a micro-brewery in Chestertown, including a tasting room and an educational conference tasting room for special events, and a hop farm to supply hops for the production of craft beer.	ESD Grants	$90,000
72561	Warren	Stored Technology Solutions Inc.	TechPark	Stored Technology Solutions will expand operations by constructing and relocating into a new headquarters in Glens Falls.	ESD EJP	$150,000
72561	Warren	Stored Technology Solutions Inc.	TechPark	Stored Technology Solutions will expand operations by constructing and relocating into a new headquarters in Glens Falls.	ESD Grants	$255,000
72825	Warren	Town of Lake George	DPW and Motorpool Consolidation Study	The Department of Public Works (DPW) Consolidation/Joint Motorpool Study will assess the feasibility of consolidating the Town and Village DPW's into one department and merge facilities.	DOS LGE P	$25,000
75205	Warren	Town of Lake George	Engineers Report for the Caldwell Sewer District	The Town of Lake George will complete an engineering report to evaluate the Town's Caldwell Sewer District (CSD) to identify inflow and infiltration locations as well as investigate pump stations within the District to determine their condition.	DEC EPG	$100,000
72904	Warren	Town of Lake George	Lake View Circle Stormwater Projects	The Town of Lake George will implement four roadside and five streambank stabilization projects to reduce soil erosion. This project will reduce sediment loading and prevent the deposition of suspended solids, phosphorous and nitrogen, thereby increase the water quality of Lake George.	DEC WQIP NPS	$125,000
72615	Warren	Town of Lake George	Sewer Sliplining	The Town of Lake George will rehabilitate several thousand linear feet of existing 8- and 10-inch sewer main on Beach Road, Westbrook Road, and possibly a section of Sewell Street via slip lining, lining approximately 24 manholes, all of which are currently susceptible to infiltration and inflow. This will restore structural integrity of the infrastructure, removing the possibility of raw sewage entering Lake George from the sewer mains.	DEC WQIP WWT	$120,000
72676	Warren	Town of Queensbury	Town of Queensbury Affordable Housing Strategy	Funds will be used to complete a town-wide Affordable Housing Strategy.	HCR CDBGCP	$47,500

Capital Region

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
76669	Warren	Village of Lake George	Lake George Regional Road Salt Deicing Reduction Project	The Village of Lake George will initiate a regional winter de-icing program among several municipalities using road brine as an alternative to traditional rock salt. This project will lessen the stress on the local environment including wetlands, local streams and Lake George.	DEC WQIP NPS	$200,000
75786	Warren	Village of Lake George	Wastewater Treatment Facility Upgrade	The Village of Lake George will upgrade its wastewater treatment plant to better treat its effluent. The project will improve the quality of the discharged effluent, preventing the release of nutrients and bacteria into the lake, and protect the lake's water quality.	DEC WQIP WWT	$2,500,000
74503	Warren	Warren County	Lake George Invasive Species Eradication	Warren County will advance efforts to eradicate aquatic invasive species in the Lake George Basin. The project will implement a three-year strategy to assess and remove all dense beds of Eurasian Watermilfoil from Lake George utilizing benthic matting, hand harvesting, or other accepted method of removal. In addition, the project will support the staffing of five boat inspection/decontamination stations to ensure that vessels entering Lake George do not contain aquatic invasive species.	DOS LWRP	$600,000
76643	Warren	Warren County	Warren County Building Study	Funds will be used to complete a building study for the County's Countryside Adult Home.	HCR CDBGCP	$43,237
75961	Warren	Warren County Soil and Water Conservation District	Stormwater Abatement Project	The Warren County Soil and Water Conservation District will work with partners to implement five stormwater retrofit projects in the towns of Queensbury and Lake George. The projects are expected to capture and filter stormwater runoff and recharge groundwater, improving aquatic habitat, and reducing nutrient inputs and streambank erosion.	DEC WQIP NPS	$114,398
77176	Warren	West Mountain	West Mountain Ski Area Improvements	West Mountain will invest in infrastructure improvements, new snowmaking equipment and facility enhancements to expand winter sports, year-round activities and amenities.	ESD Grants	$400,000
73323	Warren, Washington	Lake George Convention Visitors Bureau & Chamber of Commerce	Adventure Travel Trade Association 2019 ELEVATE Conference	Lake George Convention Visitors Bureau & Chamber of Commerce will provide valuable opportunities for industry professionals, businesses and public officials to interact and learn from adventure industry experts around the globe and to share best practices.	ESD MNY	$166,410
72419	Warren, Washington	Lake George Land Conservancy	Pilot Knob Trail Reconstruction Project	The Lake George Land Conservancy will reconstruct and reroute the Pilot Knob Trail in an effort to protect environmental resources, decrease erosion, improve safety, and walkability. The expansion project will include interpretive educational signage that will draw attention to the area's unique natural assets and features.	OPRHP RTP NMD	$40,000
74958	Washington	Hubbard Hall Projects, Inc.	Workforce Training and Development Expansion	Hubbard Hall will establish a year-long training program for recent graduates aimed at giving students the skills and hands-on experience they need to pursue careers in arts administration.	Arts WRP	$63,200
77056	Washington	Hudson River Music Hall Productions, Inc.	Administrative Workforce Expansion	The Hudson River Music Hall will expand the Executive Director position to Executive Director/Artistic Director of The Strand Theater and Hudson River Music Hall Productions, Inc. The position will move from part time to full time to increase programming and overall impact on the community.	Arts WIP	$48,750

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
74870	Washington	Town of Greenwich	Battenkill Waterfront Park Master Plan	The Town of Greenwich will develop a master plan for Battenkill River Waterfront Park. Work will include an inventory of existing land resources and physical facilities, a topographic survey and review of existing programs and activities. The project goal is to create a strategic roadmap for gradually implementing improvements that will provide enhanced recreation space, trail opportunities, and universal access to the waterfront.	DOS LWRP	$32,000
76551	Washington	Village of Hudson Falls	Hudson Falls Courthouse Renovation	The Village will assist in the renovation of a historic courthouse located in its downtown.	HCR NYMS	$500,000
73371	Washington	Village of Hudson Falls	Village of Hudson Falls Water Infrastructure Improvements	Funds will be used water system improvements along John Street.	HCR CDBGPIPF	$750,000
75284	Washington	Washington County	Champlain Canalway Trail Improvements	Washington County, in partnership with the Towns of Fort Ann and Whitehall, will design improvements to the northern portion of the Champlain Canalway Trail bringing the trail onto the public right-of-way adjacent to the Canal. Work will include surveying, archeological and cultural review, environmental analysis and final trail design.	DOS LWRP	$430,000
75935	Washington	Washington County	Washington County Community Needs Assessment Plan	Funds will be used to conduct a community needs assessment plan to focus on emergency, temporary, and transitional housing services and facilities.	HCR CDBGCP	$48,500
74220	Washington	Washington County Sewer District 2	Washington County Sewer Overflow Abatement	Washington County Sewer District 2 will relocate a combined sanitary/storm sewer main from private property to a public right of way, separate sanitary and storm sewers and install new sewer lines. The project will eliminate sanitary sewer overflow that poses a public health hazard.	DEC WQIP WWT	$977,000
		Excelsior Jobs Credits		Excelsior Jobs Program tax Credits will be reserved for future projects including business investments in targeted industries that are within the region and that create or retain jobs, create capital investment and are consistent with the Strategic Plan.	ESD EJPB	$7,000,000
		Low Cost Economic Development Financing		Federal Industrial Development Bond (IDB) Cap will be made available for state and local government issuers to sell tax-exempt bonds for eligible economic development, infrastructure and community revitalization efforts.	ESD IDBC	$30,000,000
		NYSERDA Energy Efficiency Projects	10 Energy Efficiency Projects Submitted	NYSERDA's Commercial and Industrial (C&I) programs offer businesses in New York State solutions to improve energy efficiency and save money through design, new construction, renovation, and process improvements to commercial and industrial buildings. The Commercial New Construction Program can help building owners make informed decisions about designing and renovating sustainable buildings. The FlexTech Program offers energy-saving opportunities through consultation and cost-shared studies. The Industrial and Process Efficiency Program can help organizations increase manufacturing output and data processing efficiency.	NYSERDA EE

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
76877	Dutchess	Dia Center for the Arts, Inc. dba Dia Art Foundation	DiaBeacon Facilities Improvement	Dia Art Foundation will be implementing a facade repair restoration. The outcome of this project will improve the quality, conditions, and efficiency of the facility while reducing operating costs and expanding Dia's arts programming capacity.	Arts ACFIP	$760,000
73000	Dutchess	Dutchess County	Route 9D Redevelopment and Recreation Destination Project	Dutchess County will undertake a multi-phased repair and enhancement of Dutchess Stadium including infrastructure and parking improvements, seating and lighting replacements, and the addition of new amenities to create an enhanced customer experience which will attract new stadium visitors.	ESD Grants	$1,500,000
72227	Dutchess	Dutchess County Art Association, Inc.	Administrative Workforce Expansion	Dutchess County Art Association, situated in the historic home of regional artist Thomas W. Barrett. Jr. (1902-1947), will hire an Outreach and Operations Coordinator to manage a volunteer network, broaden media presence and support organizational development.	Arts WIP	$25,000
75584	Dutchess	Dutchess Land Conservancy	Land Acquisition for Source Water Protection in Dutchess County	The Dutchess Land Conservancy will buy a conservation easement on the Jordan Lane Farm in Pine Plains. Protecting this land is important because of its proximity to the Town's well fields and other protected lands and its location overlaying aquifer recharge areas.	DEC WQIP SWP	$982,290
74305	Dutchess	Dutchess Tourism, Inc.	Hudson Valley Distinctly Dutchess Marketing Project	Dutchess Tourism, Inc. will develop and implement, "Hudson Valley Distinctly Dutchess", a multi-media marketing initiative and event series, with a focus to position Dutchess and the Hudson Valley as leading tourism destinations in the marketplace.	ESD MNY	$121,875
76394	Dutchess	Efco Products Inc	Manufacturing Capacity Increase	Efco Products, Inc. will make investments in production equipment, storage solutions and technology to increase its capacity at its Poughkeepsie factory by maximizing its efficiency to take advantage of the increased demand for their products both domestically and internationally.	ESD Grants	$550,000
74613	Dutchess	Ferncliff Nursing Home Company, Inc.	CNA Training	Ferncliff Nursing Home Company will recruit unemployed and/or underemployed low-income residents of Dutchess and Ulster County for Certified Nursing Assistant Training with a direct route to employment.	DOL UWT	$72,302
72820	Dutchess	Hudson Valley Beverage Co. Inc.	Sloop Brewing	Sloop Brewing Co. will expand and relocate its craft beer manufacturing operation to the former IBM East Fishkill campus. The company will invest in new equipment, establish its second tasting room, and open a small restaurant.	ESD EJP	$165,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
72820	Dutchess	Hudson Valley Beverage Co. Inc.	Sloop Brewing	Sloop Brewing Co. will expand and relocate its craft beer manufacturing operation to the former IBM East Fishkill campus. The company will invest in new equipment, establish its second tasting room, and open a small restaurant.	ESD Grants	$400,000
75640	Dutchess	Martinelli Custom Publishing	New York By Rail Travel Package Program	Martinelli Custom Publishing's program "New York By Rail" will create and promote custom Travel Packages for consumers to experience New York State experiences including: Culinary Institute of America; Erie Canal; New York's Women of Influence; and Wine, Food Music Festivals. This will result in some of the most sustainable tourism growth that can be explored as it will use underutilized public infrastructure to bring a large impact to the growth of the tourism industry in New York State.	ESD MNY	$65,625
74430	Dutchess	Mill Street Loft	Workforce Training and Development Expansion	The Forge Media Training Program will provide talented disadvantaged youth with advanced-level training, mentorship and work placements so that young people will enter the local workforce as fully capable media professionals.	Arts WRP	$52,100
73799	Dutchess	Poughkeepsie-Highland Railroad Bridge Company, Inc.	Walkway East Entranceway Visitor Improvement Project	The Dutchess Welcome Center will be built with funds at the entry way to the Walkway in the City of Poughkeepsie. The Welcome Center will be perfectly situated to accommodate the needs of a majority of the Park's visitors while providing an appropriate place for both entering and leaving the park and will attract greater tourism numbers to the region.	OPRHP PKS D	$500,000
73649	Dutchess	Schatz Bearing Corporation	Schatz Bearing Competitiveness Initiative	Schatz Bearing Corporation will make investments in productivity enhancements to increase competitiveness; upgrade existing equipment to improve product quality; and technology for new capabilities to expand product offerings and increase market share.	ESD Grants	$600,000
74340	Dutchess	Town of Fishkill	Breakneck Connector Phase 2	The Town of Fishkill will continue with construction of the Breakneck Connector, which is a comprehensive package of improvements designed to create a gateway to the Hudson Highlands State Park Preserve and address the traffic and safety concerns related to the growing popularity of Breakneck Ridge as a premier hiking destination. Planned improvements will be implemented in the half mile section of Route 9D north of the Breakneck Tunnel.	OPRHP PKS D	$200,000
72154	Dutchess	Town of Hyde Park	Hyde Park Downtown Infrastructure Project	The Town of Hyde Park will construct a downtown sewer system to allow for economic growth in the area into a mixed-used walkable community.	ESD Grants	$1,500,000
74751	Dutchess	Town of Pleasant Valley	Pleasant Valley Town Hall Relocation out of Flood Zone	The Town will relocate its Town Hall out of the Wappingers Creek floodplain to an existing 19,200 square foot building currently for sale outside of the flood zone. Renovation of this building will allow consolidation of all Town Offices with the exception of the Highway Department. Relocating to this location within the hamlet area conforms with smart growth planning and represents an opportunity to address safety concerns in the existing facility.	DEC CSC	$867,753

Mid-Hudson

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
76081	Dutchess	Town of Poughkeepsie	Mapping Program	The Town of Poughkeepsie will purchase and install mapping software that will be used to electronically map the existing Town infrastructure. The project will enable the Town to manage its entire water, sewer and stormwater infrastructure system.	DEC WQIP MS4	$28,063
75902	Dutchess	Town of Poughkeepsie	Spackenkill Pump Station	The Town of Poughkeepsie will complete an engineering report to determine steps needed to upgrade or replace the Spackenkill pump station to prevent inflow and infiltration.	DEC EPG	$100,000
76549	Dutchess	Village of Millerton	Village of Millerton Wastewater	The Village of Millerton will complete an engineering report to support a wastewater needs analysis and preliminary engineering evaluation which will include determining the area of greatest need for wastewater improvements, providing analysis of how these needs can be met, evaluation of wastewater improvement alternatives, a recommended plan for wastewater improvements, and an opinion of project cost.	DEC EPG	$18,800
75105	Dutchess	Village of Rhinebeck	Flood proofing for Rhinebeck Low Lift Pump Station	Based on recommendations from a vulnerability assessment of its water system, the Village of Rhinebeck will design and construct wet flood-proofing for the low lift pump station (LLPS) and raise its vents and electrical components to the elevation of the 1% annual chance of flooding + 3 ft freeboard + the high SLR projection associated with antiquated equipment life. This work will ensure resiliency of the LLPS through the 2050s.	DEC CSC	$32,500
74214	Dutchess	Winnakee Land Trust	Saw Kill Land Acquisition	Winnakee Land Trust will acquire two parcels totaling 335 acres in the Town of Red Hook adjacent to the Saw Kill, the water supply for Bard College approximately 5,000 feet downstream. This project will protect the water supply, significant bat habitat, hydric soils and NWI wetlands.	DEC WQIP SWP	$1,214,650
72556	Dutchess, Orange, Putnam, Rockland, Sullivan, Ulster, Westchester	Cornell Cooperative Extension Dutchess County	Hudson Valley New York State Grown Certified Program Administration	Cornell Cooperative Extension Dutchess County will encompass the seven counties of the Mid-Hudson Region and create marketing materials for distribution via websites and social media to raise awareness and provide funding to producers for participation in the New York State Grown & Certified Agricultural Producer's Grant program.	Ag & Mkts GCAP	$500,000
74298	Dutchess, Putnam, Rockland, Sullivan, Ulster, Westchester	Pace University	MidHudson Municipal Redevelopment Readiness	The Land Use Law Center at Pace Law School will use its regional land use and sustainable development conference to advance economic growth in the region. The conference highlights local government approaches for overcoming challenges and finding solutions that target new ways to plan, regulates, and design communities.	ESD SPFS	$40,000
76043	Orange	City of Middletown	Land Acquisition Project for Source Water Protection	The City of Middletown will purchase land and conservation easements surrounding Kinch Pond and enhance the riparian buffer. This project will help control the potential negative impacts associated with development/redevelopment and land use.	DEC WQIP SWP	$3,056,565

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
76444	Orange	City of Middletown	Municipal Separate Storm Sewer System Comprehensive System Mapping (GIS)	The City of Middletown will implement an innovative, GIS-based stormwater management system that will support key aspects of stormwater planning, management and compliance reporting. The project will allow the City to track progress towards goals, track maintenance activities, track calls for service and visualize system condition.	DEC WQIP MS4	$128,887
76248	Orange	City of Newburgh	Newburgh Landing Pier Final Design	The City of Newburgh will prepare project construction documents for the Newburgh Landing Pier, including demolition of the existing pier and construction of a new pier with two extensions to accommodate large cruise ships and provide for transient mooring on the Hudson River. The project will advance the City's Local Waterfront Revitalization Program, lead to improved economic development and create a regional asset as Newburgh is the only deepwater port between New York City and Albany.	DOS LWRP	$280,000
76950	Orange	Contract Packaging Services Inc	Expansion New Equipment	Contract Packaging Services Inc. will expand their existing manufacturing facility by adding additional space and purchasing new equipment to increase capacity and accommodate its growth in the confectionery packaging industry.	ESD EJP	$695,000

Greenburgh Nature Center will organize and deliver educational workshops to facilitate public adoption of food scrap recycling actions. The goal is to have 1,500 households regularly recycling food scraps at the established municipal food scrap drop-off sites.	DEC CSC	$30,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
74633	Westchester	Town of Ossining	Ossining Climate and Public Health Policy Updates	The Town of Ossining will review and update municipal land-use policies and regulations to incorporate complete streets and smart growth principles such as: a mix of land uses, compact design, housing diversity, walkability, open space preservation, and development that fosters non-motorized transportation options as part of achieving Climate Smart Communities Certification and local public health goals.	DEC CSC C	$70,100
74484	Westchester	Town of Rye	Town of Rye Engineering Study	Funds will be used to conduct an engineering study to mitigate significant recurrent flooding at Avon Circle in Rye Brook.	HCR CDBGCP	$45,000
72844	Westchester	Village of Dobbs Ferry	Construction of Community Warming/Cooling/ Charging Center	The Village of Dobbs Ferry will renovate the Embassy Center to serve as a cooling/ heating station and charging center. The Center will have emergency backup power to provide air-conditioning or heat and charging stations for medical devices, laptops, cell phones, and other electronic devices during an extended power outage. The village-owned facility is outside the flood zone and is accessible by foot from the downtown and residential areas.	DEC CSC	$306,656
75943	Westchester	Village of Irvington	Culvert Right-sizing for Hudson View Park Flood Mitigation	The Village of Irvington will construct drainage improvements near the entrance to the Hudson View Park neighborhood adjacent to East Sunnyside Lane. Past flooding has cut off this neighborhood from routine and emergency access. The project will alleviate existing and future flooding by right-sizing three culverts. Two existing 24-inch reinforced concrete pipes will be replaced with a 4 by 4 foot box culvert, adequate to meet the projected need of a 10-year storm in the year 2080.	DEC CSC	$299,317
76123	Westchester	Village of Mamaroneck	Comprehensive Plan Update with Sustainability Focus	The Village of Mamaroneck will update its Comprehensive Plan to include a new chapter on sustainability and resiliency. The Village, in partnership with Westchester County GIS, recently performed a sea level rise risk analysis based on official NYS projections, and will incorporate the findings and recommendations of the study within the updated Comprehensive Plan.	DEC CSC C	$37,500
75500	Westchester	Village of Port Chester	Byram River Bulkhead Replacement	The Village of Port Chester will construct a new bulkhead along the Byram River in downtown Port Chester. Replacement of the existing damaged bulkhead is a critical initial step to reactivating the village waterfront and will allow for proposed new boating infrastructure, a promenade and other site amenities.	DOS LWRP	$1,167,558
72903	Westchester	Village of Sleepy Hollow	Headless Horseman Statue Island Improvements	The Village of Sleepy Hollow on the Hudson and Pocantico Rivers will design and construct improvements to the deteriorated traffic island showcasing the Headless Horseman Statue. The project will enhance the visual character of this cultural site and tourist destination along the Scenic Byway with installation of landscaping and public amenities, while improving pedestrian connections and public safety.	DOS LWRP	$195,000
