Claire, Parent

"Common core has been torturing my children and myself since day one! Most teachers don't even know how to teach the new methods and the kids suffer even more. As is it's tough to be a kid in the world today with so many struggles in life such as making friends, staying away from drugs dealing with bullies why must we put more stress on our kids. The old methods were simple and easy to catch. Most of the old generation are educated people and have succeeded in life! Please help remove common core from ALL New York schools!!!!!"
